### MINOR INJURY DERAILS TOMBE EXPRESS

South African champion **Ipi Tombe (Zim)** (Manshood {GB}), victress of the GIII Locust Grove H. in her U.S. debut, has suffered a minor leg injury that will force the bay dynamo to miss her next planned start, the July 26 GI Diana H. at Saratoga. Trainer Elliot Walden said the five-year-old "rapped her leg" during a light three-furlong work on the dirt at Churchill Downs July 8, and that despite the injury's relative insignificance, enough time had been missed to force her to skip the Diana. "She's back in training, but she missed a pivotal work this week, so she's not going to run in the Diana," said Walden, who indicated the injury occurred on the mare's left front leg. "She's back to the track and everything's fine." Walden said there was filling in the leg immediately after the work, but it quickly subsided and she was able to return to the track by Friday. "I was just cautious with her and we've jogged her for the last few days," he continued. "But I can't work her like I wanted to. I wanted to work her [Tuesday] or [Wednesday], but we're not going to work until we get to Saratoga." Owned by Team Valor, Ipi Tombe will now target the Aug. 16 GI Beverly D. at Arlington Park.

**VAN NISTELROOY RETIRED** Van Nistelrooy

(Storm Cat--Halory, by Halo), the world's most expensive yearling sold at auction in 2001, has been retired due to injury. The Aidan O'Brien-trained sophomore will shuttle to Trelawney Stud in New Zealand for the upcoming season after a deal was brokered by New Zealand Bloodstock and Adrian Nicoll of BBA (Ireland). He will enter quarantine later this week and be shipped to New Zealand in early August. Having been purchased for \$6.4 million as a yearling, Van Nistelrooy rattled off three successes on his first three starts at two at The Curragh, winning a maiden before taking the Listed Tyros S. in July and G2 Futurity S. the following month. Returning to the track for the G1 National S. the following month, Van Nistelrooy was beaten 3/4 of a length when runner-up to subsequent G1 2000 Guineas winner Refuse to Bend (Ire). He was not disgraced when third under a penalty in the G2 Royal Lodge S. at Ascot later in the month and when fifth in the GI Breeders' Cup Juvenile at Arlington in October. Van Nistelrooy concludes his career with three wins in six starts, with earnings of \$232,150. "[Van Nistelrooy] was a top-notch two-year-old; he's by the right sire; and you couldn't find a nicer looking individual anywhere in the world," Trelawney Stud's manager Brent Taylor commented yesterday. "We're really excited about standing him and I think he'll offer breeders here fantastic value."

**BREEDERS' CUP BOARD ENDORSES TOUR**

**PLAN** The Breeders' Cup Limited (BCL) Board of Directors yesterday endorsed the Thoroughbred Owners and Breeders Association's "Thoroughbred Championship Tour" concept and authorized NTRA/BCL management to continue working with members of the Tour committee in an effort to bring the series to fruition. At its meeting yesterday in Lexington, Kentucky, the BCL also endorsed another TOBA program, agreeing to maintain consistency between the Breeders' Cup World Championships' post-race testing protocol and the TOBA Graded Stakes Committee's recently released testing protocol planned for implementation at several tracks this fall. "In publicly indicating its desire to be on the same page with the Graded Stakes Committee, our Board wanted to make a statement regarding the high importance it attaches to seeing the industry move toward uniform testing protocols," said D.G. Van Clief, Jr., president of Breeders' Cup Limited and vice chairman of the NTRA.

**FOUR STAR SALES TO OFFER INAUGURAL HOUGHTON CONSIGNMENT**

On the strength of 16 yearlings with worldwide appeal, including a Sadler's Wells half sister to Stravinsky and a Sadler's Wells half sister to Celtic Swing (GB), Four Star Sales will offer its first-ever consignment at the Tattersalls Houghton Yearling Sale and Tattersalls October Sale. Other yearlings slated for Houghton include individuals by In the Wings (GB), Kingmambo, Seeking the Gold, Spinning World, and two by Giant's Causeway. The October Sale includes yearlings by Fasliyev, King's Best, Miswaki and Stravinsky. As a show of its commitment to European racing, Four Star Sales is sponsoring the prestigious G2 Richmond S. for two-year-olds at Goodwood Racecourse July 29. Hall of Fame rider Steve Cauthen, the only jockey to earn riding championships in England and North America, and brother of Four Star Managing Partner Kerry Cauthen, will be presenting the trophy. "As we said when we introduced Four Star Sales a year and a half ago, our goal is to operate a first-rate consignment, both in terms of the quality of horses and quality of service we offer to our buyers and sellers," explained Kerry Cauthen. Four Star ranked among the top 10 consignors of 2002 by overall gross sales at North American auctions. "Now," Cauthen continued, "by selling at Tattersalls, we are not only honoring the requests of one of our valued clients, but we are also entering an important new marketplace for our company. All the Four Star partners have raced and/or sold horses internationally, making this a natural expansion for us." For more information, visit [www.fourstarsales.com](http://www.fourstarsales.com).

I don't suppose many people guessed that we were witnessing the start of an era when Green Desert, a colt from Danzig's second crop, won the July Cup in 1986.

In the 18 years between that victory and last week's renewal, Danzig has left an indelible mark on this Group One event, arguably the most competitive six-furlong race in Europe. Following in Green Desert's footsteps came five more of Danzig's sons, with Polish Patriot winning in 1991, Hamas in '93, Anabaa in '96, Elnadim in '98 and Agnes World in 2000. And now it's the turn of Danzig's stallion sons. Green Desert was quickly off the mark, through the 1994 winner Owington, and more recently the Cup has been won by Danehill's champion son Mozart and, last week, by Green Desert's champion son Oasis Dream.

Add these together and you'll find that the Danzig male line has provided nine of the last 18 winners, through six sons and three grandsons. Of course, it was a great-grandson of Danzig, the flying Australian colt Choisir, who helped turn last week's race into such a compelling battle between first and second.

Of course, Danzig has shown some of the versatility which helped his extraordinary sire, Northern Dancer, sire major winners over virtually every distance from five furlongs to a mile and three quarters. In the last ten years we've seen Danzig's sons Chief's Crown and Anabaa sire winners of the Derby and French Derby, while two of Chief's Crown's sons, Grand Lodge and Key of Luck, have sired winners of the Derby and/or the Irish Derby.

The chances are, though, that Danzig's main legacy in Europe is going to be speed, rather than stamina. Remember, he has also sired three winners of the Prix de l'Abbaye over five furlongs, one of the Nunthorpe S. (a race which could be next on Oasis Dream's schedule) and three of the Sprint Cup at Haydock (Green Desert, Danehill and Dayjur). Green Desert and Danehill also rank among the three sons of Danzig which have sired winners of the Haydock Sprint Cup, with Green Desert already having three to his credit in Sheikh Albadou, Tamarisk and Invincible Spirit.

It is interesting that Danehill and Green Desert have undoubtedly been Danzig's most successful stallion sons in Europe, because the two had similar racing records. Both won the European Free Handicap over seven furlongs before stepping up to a mile. Whereas Danehill was third in the 2000 Guineas and fourth in the Irish 2000, Green Desert was second to Dancing Brave in the 2000 Guineas before finishing last in the Irish version. Unlike Danehill, Green Desert had a third race over a mile, finishing a respectable second in the St James's Palace Stakes over a mile, but proved more at home over six furlongs, as he showed with his wins in two of England's best sprints, including the Haydock Sprint Cup. Danehill too won two of England's best six-furlong events, including the Haydock Sprint Cup. *Caulfield cont. p5.*

## ASHFORD STUD

*Caulfield cont.*

Each had elements of stamina in his pedigree, Danehill being out of a daughter of His Majesty and Green Desert having a Sir Ivor mare as his dam. In the circumstances you could have expected both to sire some good winners over a mile and a quarter or more. Danehill has done so, with such as Desert King, Aquarelliste, Banks Hill, Indian Danehill and Tiger Hill all winning at the highest level, sometimes over a mile and a half. However, it has been a different story with Green Desert. From his total of 28 group winners, only the American GI winner White Heart and the G3 winners Desert Shot and Mint Crisp have won a group race over as far as a mile and a quarter. None of his eight Group One winners in Europe, which include the promising stallions Desert Prince and Cape Cross, has won beyond a mile.

This helps explain why Oasis Dream possesses such tremendous speed (speed which last year enabled him to become the first horse ever to cover Newmarket's six furlongs in less than 1:10.00). Judging solely on pedigree, you would have expected Oasis Dream to have been a miler. His dam, Hope, who died earlier this year, was a sister to Wemyss Bight, a top-class filly who gained all of her group wins over a minimum of 1 5/16 miles. However, I suspect that Wemyss Bight might have shown more speed had she been given the chance. Her second foal is Yaralino, a GIII winner over 1 1/16 miles by Caerleon, a stallion whose progeny have an average winning distance of 10.7 furlongs. And her third is the four-time Grade One winner Beat Hollow, who failed by less than a length to add a Grade One victory over a mile to his tally at the age of five, even though he is by Sadler's Wells, whose average winning distance is 11.1 furlongs. Hope was every bit as effective as her sister as a broodmare. Oasis Dream is her third stakes winner from her first four foals and her second Group One winner, following her French 1000 Guineas winner Zenda. Oasis Dream is inbred 3 x 4 to Northern Dancer and 4 x 4 to Never Bend, while Zenda is inbred 4 x 4 to Northern Dancer.

None of Hope's winners has lacked speed and it is perhaps relevant that her grandsires were Lyphard, a horse capable of a formidable burst of acceleration over seven furlongs or a mile, and Mill Reef, who cantered home a facile winner of two major six-furlong contests at two. Could it be that Oasis Dream also owes some of his speed to his fifth dam Sixpence, a very fast filly who took the title of champion juvenile filly in 1953?

**DIRECTORS RESIGN FROM NATIONAL STUD**

Kirsten Rausing, Peter Stanley and James Wigan announced their resignation yesterday from the Board of Directors of the National Stud. The resignations follow on the heels of Geoff Howard-Spink's defection last month. The inability to reach a consensus of how the organization should be run was given as the primary reason for the resignations. According to a statement released by the parties, "a lack of consultation [of the appointment of a new Chairman of the National Stud by the Horse Betting Levy Board] has resulted in an unnecessarily bureaucratic and highly expensive management structure that is untenable for the National Stud." The statement adds that the parties, "would not accept such an arrangement in their own operations [Bloodstock enterprises] and cannot condone it as Directors of the National Stud."
