

ALL THAT GLITTERS

Five-year-old **Red N' Gold** (Tabasco Cat--Pasampsi, by Crow {Fr}) starred yesterday during the Keeneland November Sale, eliciting a bid of \$425,000 from WinStar Farm to top the third session. "She was one of

Hip 766 Horsephotos

the last mares in the sale that we were really trying to get," commented WinStar President Doug Cauthen. "She was a beautiful physical, she could run and I think she'll throw nice foals." A half sister to MSW Debit My Account (Classic Account) and GSP and recent Belmont allowance winner Alke (Grand Slam), she was purchased as a yearling for

\$60,000. The chestnut went on to take back-to-back runnings of the Pippin S. at Oaklawn Park and placed three times in graded-stakes company and heads to the WinStar broodmare band with five wins from 33 starts and earnings of close to \$300,000. "She could fly," said Cauthen, who had scribbled down the mare's best Ragozin number in his catalogue. "We're breeding for the market, but we're also trying to produce race-horses. We tried to buy her while she was running, but we could never agree on a price. We've followed her for a long time." Cauthen added that the mare would work very well with WinStar stallions, including Distorted Humor, Victory Gallop and Tiznow, but that they won't hesitate to look elsewhere for possible suitors.

Tempur, Tempur...

Lexington native Robert Trussell, Jr., best known as the man who brought the Tempur-Pedic mattress company to the United States, was the successful bidder on a pair of lots during yesterday's third session at Keeneland. A former employee of Gainesway Farm and a partner in Live Foal Co., Trussell tossed his hat into the ring on hip number **778**, the nine-year-old mare **Salty Sal** (Cox's Ridge--Salt Spring {Arg}, by Salt Marsh), who sold for \$180,000. Consigned to the sale by Lane's End, agent, and carrying a foal by first-year covering sire Came Home (Gone West), the chestnut's first produce was Puxa Saco (Dehere), a three-year-old of this year and a dual stakes winner in California in 2002. He was back at it about an hour later, going to \$340,000 to acquire the 10-year-old mare **Storm Runner** (Miswaki--Katrinka, by Sovereign Dancer) from the consignment of Margaux Farm, agent. A three-time winner at the races, her first foal was Windward Passage (Captain Bodgit), who won the Gill Rebel S. and was third in the Gill Arkansas Derby last year. The dam of a Captain Bodgit yearling filly, she is represented by a Captain Bodgit weanling colt and is in foal to Awesome Again.

High Yield for High Yield...

Gerry Dilger signed the ticket on the most expensive weanling on the session, a colt from the second crop by High Yield (Storm Cat) out of the Dehere mare Here Comes Chelsie. Consigned to the sale by Fred Seitz/Brookdale Farm, agent for Elmer Miller, the dark bay was knocked down for a winning bid of \$335,000 to Dromoland Farm/Hartwell. "He was a smashing colt," said Dilger, who signed the ticket on behalf of the pinhooking partnership he operates with Robbie Lyons and Mike Ryan. "He was very well-balanced, well-grown and a very nice mover. It's a tough market to buy a good foal and it's absolutely great for the industry that those horses which are good and look the right way are selling so well." After watching the weanling sell, Joe Seitz said, "He's beautiful. He had a lot of white. He was a long-legged horse without being disproportionate. He had a great walk, terrific hip and shoulder and attractive head. He reminded me a lot of his grandfather [Storm Cat]." Of the session-topping weanling price tag, Seitz added, "It went a little stronger than we thought, but we weren't surprised."

Strong Start for Ecton Park...

Hip number **1014** became the first foal of GI Super Derby winner Ecton Park (Forty Niner) to sell at public auction when he sold yesterday at Keeneland November when he brought a final price of \$250,000. The chestnut colt was consigned by John Greely, III as agent and Eaton Sales made the winning bid. The weanling is out of the winning mare Impact Now (Major Impact). There are an additional seven foals by Ecton Park catalogued for the November sale; **1245, 1591, 2110, 2144, 3631, 3635, 3650**. Ecton Park stands at Wintergreen Stallion Station for a 2003 stud fee of \$10,000.

Technically Speaking...

Picture this. Buyers and sellers combing the Keeneland sales pavilion, going for a bite to eat in the dining room, with notebook computers tucked neatly underarm. Over a beverage or lunch while discussing sales strategy, they are accessing information via the Internet. All without having to 'plug in.' Keeneland has recently installed wireless Internet hubs inside the pavilion; all that is required to get on the 'Net' is a wireless card, which inserts into a slot on one's laptop. In addition to the hubs, Keeneland has also installed computer kiosks in the back walking ring, which also offer Internet access. Patrons can get instant information on session outs and sales results as well as other personal uses such as checking email. "This is a first step in getting more information to the people in a more convenient manner," explained Jim Williams, Keeneland's director of communications. "It is all about the convenience of the buyers and the sellers." Additionally, for those attending the sale who choose the buffet lunch in the Phoenix Room, Keeneland has stationed mutuel clerks to accept bets while customers dine.

You can also pick up a copy of the TDN today at the Keeneland & Fasig-Tipton Kentucky Sales.

Right Down the Middle...

Following Tuesday's close of book 1, Keeneland Director of Sales Geoffrey Russell was hopeful that the middle portion of the market would show some strength as the sale reaches 'the next level.' It seems his wish came true yesterday. "The sale is carrying on very nicely," Russell said. "The median is up 22.9 percent today and I think that is a good figure to look at. The last two days we had those big mares...the median still went up the last two days...but [with] those big mares, that rise didn't happen as much and now today the median is up 22.9 percent, so I think that's a more important figure than anything else. It's always interesting from book 1 to book 2 because, although the quality drops out...I don't think that's true. When you have quality mares, they're very easy; they're either quality mares or they're not. It's not like a yearling which the conformation is going to move it up. Last year's session two was a \$53 million sale and this was a [\$25] million sale. That is the next level. It's continued on very well and hopefully it will tomorrow as well." Russell was especially pleased with the performance of yesterday's weanlings. "The foals seemed to be very popular today," he commented.

 Bill Oppenheim 

LOVE THE ONE YOU'RE WITH

Yes, it is true, the old ones are the best ones. For some reason, when I sat down and thought about this week's sale, that old song from Crosby, Stills, Nash, and Young popped up from the memory banks. "If you can't be with the one you love," the song goes, "love the one you're with." What has that got to do with the November Sale, you may ask. Well, I'll tell you: it's about pedigrees ...

Sure, the top mares sold great, which was not unexpected. Even the scale was not unanticipated; the *Lexington Herald-Leader's* Janet Patton speculated in her preview on Monday morning that the record \$7-million figure for a broodmare, established by Miss Oceana and equalled by Korveya, could be surpassed. Ironically, like Korveya it was widely acknowledged afterwards that it was a partnership being dissolved and in this case both partners, Satish Sanan and John Magnier, duelled it out on Cash Run, with Magnier prevailing at \$7.1 million. So, in a way, Miss Oceana really was the absolute top of the market, but John Ferguson's bid of \$6.1 million for Windsharp is probably a more accurate measuring stick for the scale of value for top broodmares now.

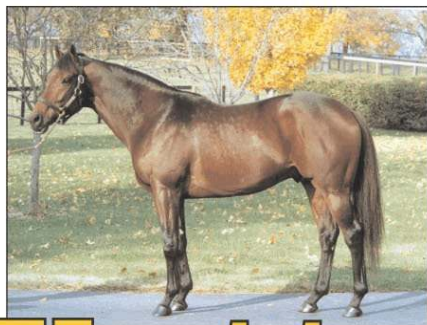

The 15 mares who sold for \$2-million plus (4 percent of the horses sold) generated a total of \$48.2-million in revenue, over a third of the Book 1 \$140-million aggregate. That did still leave \$91.2-million in scraps, or just under a \$260,000 average, for the other 351 horses sold. Yet, talk to anybody, including buyers, consignors, sales company officials, and everyone knows that pedigree standards, especially in America, are changing, have changed. Tattersalls' Jimmy George was gleefully holding forth on the old shippers' patio out back, palpably enthusiastic about the prospects of what real, understandable pedigrees will bring in December. It's not hard to see why.

That's where the words to the song come in: Love the one you're with. Here's what happens. People are in, or want to be in, the horse business. They have a certain amount of money available to spend and they're going to spend it on the best available stock they can afford. What we used to be able to identify as 'the great families' just aren't available, for the most part, in the American market any more; they're in private hands. The 'old-money' breeders of bygone days are gone, their families dispersed into a marketplace populated by 'traders' rather than 'breeders'; or (or possibly because of this) they've petered out. That happens a lot, you know, even in the best families (look at *Rough Shod II, or Pocahontas--if you can still find them).

So buyers naturally look for the best available. The statistics say they came with \$140 million to spend on Monday and Tuesday--a whole 25 percent more than last year, for students of the American economy--and they spent the other \$91.2 million on the best available. With the numerical decline of families (what are the ones that remain worth? gazillions), other criteria become more important. What are those other criteria?

First, of course, the individual. It is no bad thing that for the last twenty years, the physical animal has had a big impact on a horse's value, no matter where it ranks on the pedigree scale. A rule of thumb I have used (to good effect) the last twenty years has been to assume that, once a horse's pedigree value is estimated, the individual will cause the horse to sell from half (only a 'fair' individual) to double (very good individual) and triple (for stunning individuals) its pedigree value. If that formula is generally true (it is), that alone testifies to the collective assumption that better individuals produce better stock, which therefore have more value.

Next--in the case of mares--the race record. There is a general correlation (meaning, over a large sample size of hundreds of thousands of foals) between the dam's racing ability and her progeny's. While individual cases vary from zero to 100, over a large population of thoroughbred racehorses, it is generally true that the better the racemare, the better her chances of producing progeny who can run.

Another rule of thumb we used to use to judge the strength of the broodmare market was to compare the price of young (unexposed) stakes-winning mares to their racetrack earnings. When young stakes winning mares bring about the same as they earned, the market is okay. In the dark days of the late 'Eighties and early 'Nineties, they'd bring half what they earned. This week, they've been bringing 1.5 times what they earned, or even more.

As pedigrees have become less recognizable, these other factors have become more important in determining desirability and, therefore, price. Pedigree is always important: it initializes, if you will, the scale, which is then modified by these other factors. If you happen to have a great pedigree and the other factors stand up to scrutiny, it's lights out, you're the winner. But that happens less and less frequently in the American markets now. A huge amount of money is being spent--and I don't mean misspent--on what we used to consider lesser pedigrees.

With the demise (well, that's a little strong) of families, by necessity there must be a practical redefinition of what is a good pedigree or, at least, the best available pedigree. And stepping up to the plate is what we used to call the 'blue hen' mare; not a foundation mare, but a very good producer, a mare who's the dam of three group winners, for example.

If she then has daughters that produce, well, that just about constitutes a 'family', by today's definition. Whatever they really are, or used to be, the line between a great producer and a foundation mare is becoming increasingly blurred.

I'm a great one for reminding people that what worked fifty years ago isn't necessarily what works today. Conditions are different, foal crops much larger. The doubling of stallion books adds another factor to the value equation. Even if theorists don't, the market understands, for example, that the first dam is now less of a factor in yearling value than used to be the case: look at the number of yearlings by the most popular stallions bringing big money with nondescript first dams. Why? Because those are the best available individuals by the best available stallions. So it's time I started listening to my own arguments. I've been holding out for those good pedigrees, those good families (even though I have believed for a long time that, for the most part, what's on the page beyond the second dam is advertising). What the market has been telling us this week is that the money is there for the best available pedigrees, whether they hail from what we used to call good families, or not. So, if you can't be with the one you love, love the one you're with. Voila.

DONERAILE COURT TO HILL 'N' DALE Freshman sire **Doneraile Court** (Seattle Slew--Sophisticated Girl, by Stop The Music) has been purchased by John Sikura's Hill 'n' Dale Farm near Lexington, Kentucky. The seven-year-old, who stood his first four seasons at Doug Arnold's Buck Pond Farm near Versailles, will stand for \$15,000 in 2004. "We are pleased to add Doneraile Court to our stallion roster for 2004," said John Sikura, president of Hill 'n' Dale. "He joins Mutakddim and Stormy Atlantic as an extremely promising young sire whose stallion value seems limitless. Buck Pond did a wonderful job in launching this young son of Seattle Slew off to the right start at stud." With 16 winners to his credit, the winner of the 1999 GII Jerome H. and the 1998 GIII Nashua S. is the sire of runaway GII Norfolk S. victor Ruler's Court. Out of the Grade I stakes placed mare Sophisticated Girl, the \$1-million KEEJUL yearling purchase won six of 16 races over two seasons on the track before retiring with earnings of \$361,410. Doneraile Court will stand for a syndicate managed by Hill 'n' Dale.

Tina Bull, a winner of three out of four starts at this distance, proved an easy 6 1/4-length winner in the mud at Saratoga Aug. 11 and just failed to gain the win next time out in a Belmont allowance Sept. 18. A game third behind winner Yell most recently in the seven-furlong GIII Raven Run S. at Keeneland Oct. 10, the roan was made the narrow choice to recover her winning ways. Held in a tracking fourth through an brisk opening quarter mile, the filly took over leaving the eighth pole and drove clear in the stretch en route to a comfortable victory.

Brown Eyed Beauty, winner of the off-the-turf Spring Fever S. at Oaklawn earlier this spring, returned from a four-month hiatus to finish second in the 5 1/2-furlong Clark County S. over Keeneland's turf course Oct. 16. Quickly out of the gate here, the filly was passed by On the Fritz heading into the backstretch and remained just off the flank of that foe with 1 1/2 furlongs left to negotiate. Unrelenting, the bay gained a slim lead a furlong out and held on late for the narrow score.

3--Drill Hall, 117, c, 4, Saint Ballado--Stephanie's Road, by Strawberry Road (Aus). (\$1,100,000 yrl '00 KEESEP).

Margins: NO, 1, 6. Odds: 0.70, 3.30, 10.50.

Spanish Empire broke his maiden in the slop at Saratoga July 24 before finishing a lackluster 10th two back, his final start for trainer Nick Zito, in a 1 3/8-mile Spa allowance event over the Aug. 20. A 9 1/4-length winner going nine furlongs on the main at Keeneland Oct. 5, Spanish Empire went off the solid favorite to make it two in a row in his first try at this distance. On the engine early, the dark bay held off the challenge of Drill Hall a quarter-mile out, drew off to lead by 1 1/4 lengths a furlong from home and had enough left in the tank to hold off the late charging Strength Within.

6th-CDX, \$43,480, Alw, NW1X, 3yo/up, f/m, 7f, 1:24 1/5, ft.

NANNYCAM (f, 3, Pulpit--Naughty Nanny {Ire}, by Royal Academy), a 4 1/4-length winner last time at Keeneland Oct. 5, was backed down to even-money favoritism to take her step up into allowance company. Content to track the pace early, the \$290,000 FTSAUG yearling took over a furlong out and cruised home an uncontested 3 1/4-length winner over Caucus (General Meeting). Lifetime Record: 3-2-0-1, \$64,380.

O-John C Oxley. B-James Stone & Arthur B Hancock III (KY). T-John T Ward Jr.

10th-CDX, \$43,900, Msw, 2yo, 1 1/16mT, 1:45 2/5, fm.

WASABI CAT (c, 2, Tabasco Cat--Treize, by Alysheba) was a closing second against maidens at Arlington Park Sept. 19 before finishing a respectable fourth in allowance company going a mile at Keeneland Oct. 12. Rated off the early pace here, the chestnut slipped through along the rail at the top of the stretch and drove clear under mild urging to score by three lengths over Ballado Breeze (Saint Ballado). The \$71,000 KEENOV weanling and \$110,000 KEESEP yearling purchase is a half to Brancusi (Deputy Commander), GISP, \$229,220. Lifetime Record: 4-1-1-0, \$35,255. O-Thomas M Dooley. B-Nancy Much (KY). T-Kenneth G McPeck.

BRITISH DUO ADDED TO CRITERIUM Top Seed

(Ire) (Cadeaux Genereux {GB}) and **Sgt Pepper (Ire)** (Fasliyev) have been supplemented to Saturday's G1 Criterium de Saint-Cloud. Trainer Mick Channon made the decision to add Top Seed following his runner-up finish to Bago in last Saturday's G1 Criterium International at the track. Richard Hannon also paid the €9,000 supplementary for Listed Stonehenge S. winner Sgt Pepper, who finished fourth behind Peak to Creek (GB) in the G3 Horris Hill S. at Newbury last time Oct. 24. They made up a list of 11, headed by the Aidan O'Brien-trained **Magritte (Ire)** (Sadler's Wells), who finished third in the G1 Racing Post Trophy at Doncaster Oct. 25. The Ballydoyle conditioner told *Racing Post*, "Magritte came out of the Doncaster race in great shape and he may run at Saint-Cloud." Jockey Olivier Peslier will fly back from Japan to partner the Wertheimer et Frere color-bearer **Simplex (Fr)** (Rainbow Quest), who took a mile conditions race at Longchamp Oct. 9.

Misternando had not seen a racetrack until early May of this season, but he has made up for lost time with a sequence of 10 successes culminating in this career best. Partnered by rookie jockey Sam Hitchcott for all of those scores, the colt's come-from-behind style has proved effective whether it be in a Class F handicap at Yarmouth or a far more competitive handicaps, including his most recent start at Newbury Oct. 24. Held up in last place, he created the usual workload for his rider throughout the early and middle part of this race before rewarding those efforts by swooping past Scott's View in the final 50 yards.
