OBS TAKES CENTER STAGE

The first major juvenile auction of the year gets underway today with the Ocala Breeders' Sales Company's Selected Two-Year-Olds in Training Sale at Calder Race Course. Some 207 horses have been cataloged for the one-day event, slated to begin at noon. Though typically not a sale that features ultra-fashionable pedigrees, OBS February has consistently churned out top horses, including GISW Silver Wagon and GSW Chapel Royal two years ago and MGSW Runway Model last year. With a bustling backstretch and plenty of buyers in evidence, both consignors and sales officials are optimistic that this year's renewal will be successful. "I think we have an excellent group of horses here," said OBS Director of Sales Tom Ventura. "There's a lot of activity

around the barn area, the right buyers are here. The previous buyers are here, but there are new faces around, too. I'm looking forward to a good sale." Ventura was pleased with the number of exciting prospects throughout the catalog. "The one thing about the sale is that I couldn't guess who the sale topper will be right now," he said. "There's quite a bit of depth at the upper end. I think we're deeper than we've ever been." While the first under-tack show, held Monday, Jan. 31, went off without a hitch, the second show Sunday was plagued with sustained headwinds of 20-miles per hour. "We had a very good breeze show the first day, which is important because that's when all the videos are done to be sent out," he said. "The second day, because of the wind, a lot of consignors decided to keep their horses in the barn or just gallop. What that affects is the horses that, for whatever reason, didn't get to show their best during the first show. That's unfortunate. But that certainly hasn't slowed things down--there's quite a bit of activity out there." For the complete catalog, visit www.obssales.com.

Padua Has 'True' More Freshmans...

Last year, Padua Stables' fledgling stallion operation received a boost when Yes It's True finished second on the freshman sire list. Yes It's True's leading runner was Proud Accolade, who won the GI Champagne S.

Delaware Township
www.paduastables.com

last October and who returned Saturday to annex the GII Hutcheson S. With Yes It's True gone to Kentucky, where he now stands at Three Chimneys for \$25,000, Padua hopes to replenish its ranks with a pair of promising freshman sires--**Exchange Rate** (Danzig) and **Delaware Township** (Notebook). Winner of the GII Tom Fool H. in 2000, Exchange

Rate has a trio at OBS, including [hip 193](#), who sped through a furlong in :10 1/5 at the first preview. "He's a beautiful horse," said consignor Ciaran Dunn. "He's black with just a gorgeous head. And he's by a stallion who has a license to be a good sire." Delaware Township, a two-time Grade I winner with six catalogued here, might have a live one with [hip 104](#), a dark bay colt named Purse Collector. Consigned by Excel Bloodstock, Purse Collector, who was purchased for \$72,000 at the OBSAUG sale, breezed a furlong in :10 4/5 at the first show and came back to put up a strong :10 3/5 work Sunday. "He's a good-looking, sound colt," said Rudy Delguidice, who, along with Bruno De Berdt, operates Excel. "He's by a sire who was a fast horse, a good horse."

Good Place to Set Up Camp...

Another sire who's generated a good buzz is **Forest Camp**, the fleet son of Deputy Minister who won the GII Del Mar Futurity at two. Now standing at Airdrie for \$15,000 (already up from his initial 2002 fee of \$10,000), the eight-year-old has a half dozen here for buyers to pick among. "I like the Forest Camps a lot," said consignor Eddie Woods. "They seem to look very good across the board." Among Woods' 13-horse draft is [hip 180](#), a colt out of the Clever Trick mare Loveswept. The Apr. 17 foal worked a furlong in :10 2/5 at the Jan. 31 show.

A Holy Update...

[Hip 197](#) received a timely update Saturday when her big brother, the three-year-old **Closing Argument** (Successful Appeal), upset heavily favored High Fly in the GIII Holy Bull S. at Gulfstream. A chestnut filly by Yes It's True, hip 197 is the second foal out of the unraced Mr. Greeley mare Mrs. Greeley. The eight-year-old's first foal, Closing Argument, had proven himself a talented two-year-old, winning at first asking at Saratoga before going on to annex the restricted NATC Futurity and place second in the \$1-million Delta Jackpot. The Holy Bull was Closing Argument's first graded win. Hip 197 shared the bullet with five others Sunday when she sped through an eighth in :10 3/5.

One 'Wild' Year Ago...

One year ago, consignor W.D. North and partners Linda and Norman Adams knocked one out of the park with a Wild Rush colt they had purchased for \$45,000 out of the OBS August sale. Following a brilliant work at the first show, the colt was at the eye of a furious bidding storm that ended only when Jimmy Bell, acting on behalf of John Ferguson and the Darley operation, offered up \$1.6 million. Team North returns to OBS armed with just one horse, but, if the colt's work is anything to go by, it's sure to be popular. [Hip 92](#), a Feb. 25 foal by Artax, breezed a quarter in :21 2/5 at the Jan. 31 show, the co-fastest of four at the distance. The quick move didn't surprise North. "We expected him to work fast," said North. "He's bred to have a lot of speed. Artax was a Breeders' Cup Sprint winner, and Dayjur, his broodmare sire, was second in it." North acquired hip 92, whose dam Bonnie Byerly is out of top grass mare Plenty of Grace (Roberto), at the Keeneland September sale for \$62,000. Asked what attracted him to the horse, North explained, "He just had that look about him. He's got a beautiful walk, moves real nice. He's correct. He looks really fast--he looks like his pedigree."

Now or Later...

Tiznow (Cee's Tizzy) thrilled racing fans with brilliant back-to-back victories in the GI Breeders' Cup Classic, and now the stallion's first foals, two-year-olds of 2005, will help determine if Tiznow is as successful in the breeding shed. The lone OBSFEB offering by the

2000 Horse of the Year comes in the form of **hip 2**, a New York-bred colt out of the unraced Unbridled mare Parsec. The dark bay hails from the family of Lord Avie and Stephen Got Even and is consigned by Crupi's New Castle

Farm. Though Jim Crupi, head of the operation, isn't necessarily expecting fireworks, he believes the colt will develop into a talented router. "Unfortunately, you're not going to get a lot of attention unless you go 10 and one, 10 and two," said Crupi. "It's ridiculous, but it's the truth. He just doesn't want to go an eighth of a mile. I think down the line he'll be fine." Crupi's right-hand man, Steve Venosa, agreed. "He's out of an Unbridled mare, so I think people know he's going to need it a bit longer," said Venosa. Hip 2 stopped the clock in :11 2/5 for the one-furlong breeze Sunday.

☆ **HIP HAPPENINGS** ☆

Hip 29 (c, **Dixie Union--Sejm's Luna Star, by Sejm**)

Consigned by Crupi's New Castle Farm

The lone horse at the sale by Lane's End's Dixie Union is this bay colt, the second foal out of the stakes-winning Sejm's Lunar Star. "I think he's a real Classic horse," said consignor Jim Cruppi. "He's a lovely horse and he galloped out very well. We think he's going to make somebody a nice, nice horse." A Feb. 22 foal, the \$75,000 KEESEP purchase worked a quarter in :22 4/5 at the second under tack show.

Hip 29 T. Szlavik photo

Hip 36 (c, **Devil's Bag--Snubs, by Valid Appeal**)

Consigned by Terry Oliver, Agent II

An Apr. 16 foal, the dark bay colt is out of the winning mare Snubs and is a full brother to Snub the Devil, a stakes-placed performer. The Terry Oliver consignee worked an eighth in :10 1/5--one of seven horses that earned the bullet at that distance--at the first under tack show at Calder Monday, Jan. 31.

Hip 51 (c, **Montbrook--Unlimited Pleasure, by Valid Appeal**)

Consigned by Ocala Stud Farms

Montbrook emerged as one of Florida's best sires with the help of Outofthebox, a colt who ran second in the GI Florida Derby and GI Fountain of Youth S. early in his three-year-old year before taking the GI Super Derby that fall. Out of a stakes-placed half sister to Outofthebox, this fellow is similarly bred and showed talent in his two works. The Apr. 4 foal ran a quarter mile in :22 1/5 Jan. 31 and equalled that time Sunday, fighting a stiff headwind down the stretch to post the day's fastest move at the distance.

Hip 76 (c, **Yes It's True--Asaala, by Slew o' Gold**)

Consigned by Murray Smith

Sporting a very solid pedigree, this Apr. 17 colt is from the family of French champion Pitasia (Ire) and is out of a full sister to GSW Zaahi, who finished second in the G1 St. James's Palace S. The chestnut, a registered Florida-bred, zipped an eighth in :10 3/5 at the first show and galloped Sunday. "He's a beautiful colt," said consignor Murray Smith. "He worked well and he's a big and rangy. And he's stood up very well to being shown so much."

Hip 117 (f, **Siphon (Brz)--Debra C., by Deputy Minister**)

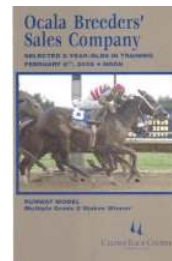

Consigned by Sequel Bloodstock (Becky Thomas), agent

Siphon had two sell very well last year--with colts bringing \$500,000 and \$325,000--and this filly has shown promise. The chestnut's Jan. 31 quarter-mile work in :22 1/5 was followed by a bullet, one-furlong breeze in :10 3/5 two days ago.

Hip 142 (f, **More Than Ready--Guilty Pleasure**, by Pine Bluff)

Consigned by Niall Brennan Stables, Agent I

More Than Ready got off to a fine start at stud last year, and this filly is a close relative to one of his best runners, GI Frizette S. runner-up Ready's Gal. The Feb. 26 foal is out of the unraced Guilty Pleasure, a half sister to Ready's Gal, as well as MSW Go Scotty (Bold Ruckus). Hip 142 worked a panel in :10 2/5 at the first breeze-up show. She didn't work Sunday.

Hip 144 (c, **Stormin Fever--Hanque Bankque**, by Savings)

Consigned by Wavertree Stables, Inc. (Ciaran Dunne), Agent V

"He's a real Storm Cat-type horse," is how consignor Ciaran Dunne described this colt, a grandson of the great Overbrook stallion. "He's a big, strapping colt, with a big hip on him. If you don't like him, I'm not sure what it is you're looking for in a horse, then." The bay, a Feb. 11 foal, is out of winner Hanque Bankque, a half sister to a pair of stakes winners.

Hip 163 (f, **Carson City--Jive Talker**, by Time for a Change)

Consigned by Wavertree Stables, Inc. (Ciaran Dunne), Agent IV

Out of two-time stakes-winner Jive Talker, herself a daughter of GSW Notches Trace (Lord Gaylord), this bay filly acquitted herself quite well at the initial under-tack preview. The Apr. 19 foal earned the co-bullet for a furlong, working in :10 1/5.

Hip 167 (f, **Tactical Cat--La Chiquilla**, by River Special)

Consigned by Eddie Woods, Agent XXXVI

Hip 167
www.eddiwoods.com

This chestnut daughter of Tactical Cat sped through a quarter in :21 2/5 at the first preview, the co-fastest move at the distance that morning. "She's a beautiful filly," said consignor Eddie Woods. "She stepped up during her work and did what we thought she'd do. She's a very correct, classy-looking filly."

FRESHMAN FIGS at OBS

Freshmen Sire BreezeFigs™ at OBS Calder

By Robert D. Fierro, DataTrack International

Jay Kilgore and I developed BreezeFigs to bring objective analysis to Breeze Shows for two-year-olds in training. We use digital video to distill data about speed, stride, and thrust (the ability to sustain power over racing distances). In our research, these and other factors separate horses that might look fast from those that are likely to be faster once they get to the races.

Each horse's **BreezeFig** (which ranges from highs in the 70s to lows in the 50s) is compared to a "Par" figure for each sex at each distance at each sale. Horses with BreezeFigs above Par generally compete more successfully when they get to the races and *Daily Racing Form* will be offering an on-line BreezeFig handicapping tool soon.

We thought it might be interesting to project how Freshman Sires of 2005 might do when their runners get to the races based on the BreezeFigs chalked up by their progeny at the top sales this winter and spring. So, we came up with a **BreezeFig Freshman Sire Index** which is a weighted average of the various factors that go into determining the ultimate fig for each horse. If a horse breezes at two distances, we use both Figs. If a horse breezes twice at the same distance, we use the best Fig. Thus, there can be more breezes than number of offspring per stallion. We'll give these scores and a bit of comment for Freshmen sires that have at least three horses breeze at a particular sale. These figs are not to be construed as a comment on whether or not we like the sire in question to go on to succeed, but are only a snapshot in time--a reflection of how their progeny performed at particular sales.

(Freshman Sire Breeze Figs cont.)

At OBS Calder, there were seven Freshmen with three or more horses that breezed at least once. Here are their indices (in parentheses following sire's name) and some comments:

TRIPPI (4.63): Had four two-year-olds with five qualifying breezes. There was a general consistency in thrust and speed across the board.

DELAWARE TOWNSHIP (4.00): Had six youngsters with six qualifying breezes, and all six showed excellent power, and most showed good speed.

EL CORREDOR (3.33): Had six with six breezes--consistent when it came to power.

SONGANDAPRAYER (3.33): Three runners showed excellent power in their three qualifying breezes.

FREUD (2.75): Showed consistency across the board in speed and power from four individuals.

FOREST CAMP (1.80): Seven qualifying breezes from four youngsters, good consistency of power.

EXCHANGE RATE (1.67): Three qualifying breezes from three runners, excellent speed.

Our next report will be for the Fasig-Tipton Calder sale, which depending on scratches will have a different mix of Freshmen Sires.

The winner of the G3 Sapporo Nisai S. in October, Stormy Café was last seen when finishing runner-up in the G1 Asahi Hai Futurity S. in December. Favored in his three-year-old debut, the bay colt was sent immediately to the lead by jockey Hirofumi Shii, opened up in the stretch and reported home a comfortable victor. "He was very good today and relaxed nicely," commented Shii. "He is kind of a difficult horse to control, but he warmed up well and he ran well." Daiwa Upset was found to have suffered a fracture of the first phalanx and was euthanized after the race.

Only last week I stressed how relevant to a stallion's success is his position in the pecking order, and this theory received further support with the success of Candy Stripes' son Lundy's Liability in Sunday's GII San Antonio H.

Most examples of this phenomenon involve U.S. stallions, which are some way down the pecking order in the USA, but whose fortunes are transformed when they head south for the second half of the year. My interpretation is that these stallions tend to receive mares of comparatively higher rank in South America. Look at Spend a Buck. Disappointing results had led to the 1985 Horse of the Year being demoted to the Texas stallion ranks, but Spend a Buck's journey to Brazil in 1998 resulted in the U.S. Grade I winners Hard Buck and Pico Central.

We have a reverse example in Candy Stripes, who commenced stallion duties in Argentina in 1989. Like many horses who retire to South America, his pedigree was arguably more impressive than his racecourse achievements, even though he had been above average on the course in France. Carrying the colors of Mahmoud Fustok, Candy Stripes defeated the future Group winner Courtroom in a newcomers' race at Saint-Cloud in March 1985, but a poor effort on his next appearance led to his starting at 19-1 in the French 2000 Guineas. Candy Stripes crossed the line in third place, beaten under two lengths, before being promoted to second on the demotion of the winner, River Mist. Candy Stripes appears not to have been easy to train because he was off the course for a year after his next start, returning to win a minor mile race at Longchamp. He managed only one more start.

Candy Stripes had every right to rise to Classic level in France. His sire, the extremely effective Blushing Groom, had won the French 2000 Guineas and his second dam, Prodice, had been beaten only half a length in the French Oaks after winning the main trial, the G1 Prix Saint-Alary. His dam Bubble Company was a winning sister to that ultra-tough mare Sangue, winner of the GI Yellow Ribbon Invitational, and GI Matriarch H. and GI Vanity H. Bubble Company also produced the Japanese champion Bubble Gum Fellow and her name recently cropped up again in Japan as the third dam of Shonan Peintre, winner of the G1 Hanshin Juvenile Fillies last December.

Apparently, Candy Stripes made his stud debut in Maryland in 1987, but he went almost completely unnoticed, even though he was by one of the hottest stallions of the 1980s, out of a sister to a triple Grade I winner. *(Caulfield cont. p7)*

(Caulfield cont.)

It was a very different story in Argentina, where Candy Stripes quickly established his merit as a stallion. His second crop contained four group winners, including Seaborg, a dual Group 1 winner who took the Gran Premio Internacional Carlos Pellegrini, and Criollito. Both these colts were transferred to the U.S., where they were joined by Different, a champion filly from Candy Stripes' third crop. Criollito and Different proved equally effective in their new base, becoming graded winners in 1996. Different's pair of Grade I successes were enough to earn Candy Stripes a place at Taylor Made Farm during the 1997 Northern Hemisphere season and his reputation received another boost when his imported daughter Victory Stripes became a Grade II winner in 1999.

Candy Stripes' position in the pecking order at Taylor Made was somewhat different from his ranking at Haras Abolengo in Argentina. For most of his time at Taylor Made, he was in competition against Unbridled's Song and Saint Ballado. As you would expect, the Taylor Made boys initially did a pretty good job of getting mares to Candy Stripes, but he was never in as much demand as his better-known stud companions. I suspect the overall standard of his mares was unexceptional and his results certainly didn't compare with his South American achievements. His four Kentucky crops produced only a handful of stakes winners, led by that smart Canadian turf filly Sweetest Thing.

At the same time, his South American crops continued to shine, with City West, Tapatio, El Expresivo, Eventuail, Lundy's Liability and Leroidesanimaux all doing very well--some on the international scene. It was a sister to City West who produced the sensational Candy Ride, winner of the 2003 Pacific Classic in a record-setting 1:59.11.

Lundy's Liability came to the USA via Brazil (where he was born in September 2000), South Africa (where he won a Group 3 contest at two) and the United Arab Emirates (where he landed the G2 UAE Derby). However, his pedigree owes little to the southern hemisphere, except that his third dam, the stakes-winning Palmistry, is by the great Argentine runner Forli.

Forli appears among the eight great-grandparents of Lundy's Liability's dam Emerald Counter, an American-bred Geiger Counter mare. Significantly, another of the eight is Rough Shod II, who produced Geiger Counter's dam Thong. Of course, Thong visited Forli to produce Thatch, Lisadell and Special.

Although Lundy's Liability's second dam, Conjuror, never raced, she was a very well-connected mare. Conjuror's second dam, Foreseer, visited Conjuror's sire, Nijinsky II, on numerous occasions, notable producing the champion sire Caerleon (French Derby), Vision (GI Secretariat S.) and Merce Cunningham (G2 Prix Maurice de Nieuil).

Foreseer was a daughter of Regal Gleam, the champion juvenile filly of 1966 who also produced Royal Gint. This million-dollar-winning gelding--a full brother to Foreseer--gained one of his Grade I wins in the 1976 Santa Anita H., so it would be appropriate if Lundy's Liability were to follow up in the big handicap next month.

CATALOOCHEE BREAKS TURFFONTEIN RECORD

Robert Muir's **Cataloochee (SAf)** (Al Mufti) set a new track record at Turffontein Racecourse last Saturday, covering the 1000-meter distance over the turf in :55.49. The final time eclipsed the previous mark of :55.67, held by the ill-fated South African champion National Currency (SAf). The three-year-old Geoff Woodruff trainee, winner of last year's G2 Protea S., was sent off the 7-10 chalk and did not disappoint, defeating **Alarm Call (SAf)** (Alami) by 1 1/4 lengths. Cataloochee was bred by the Ambiance Stud of Marianne Thompson, also responsible for producing Alastor (SAf), recent winner of the prestigious G1 J & B Met.

FESTIVAL SALE CONCLUDES

New Zealand Bloodstock concluded its National Yearling Sales yesterday with total gross receipts of NZ\$69,628,350, the second highest aggregate in the history of the event. The overall average of NZ\$67,666 was up by an impressive 24 percent versus the 2004 figure of NZ\$54,476, while the clearance rate remained a healthy 78 percent. Yesterday's second and final session of the Festival Sale was topped by hip [1455](#), a black son of Spectatorial (Aus), who realized a final bid of NZ\$45,000. Consigned to the sale by Hallmark Stud, the Oct. 6 foal was purchased by J C & M A Morrell. "This week has been an overwhelming success for the industry," commented Petrea Vela, New Zealand Bloodstock public relations and marketing manager. "We had a strong buying bench of both international and local buyers and a great product to offer them. The signs were there leading into the sale that we could expect a strong sale, but you can never be certain until you put buyers and sellers together in the auction ring, so we are very pleased with the outcome." The overall top price at the sale was the NZ\$1.3 million paid for a daughter of Danehill--Encens (GB) (Common Grounds {GB}). Pencarrow Stud consigned the bay filly, which was purchased by the BBA Ireland.
