**RETURNING ACT**

The Sangster Family's **Playful Act (Ire)** (Sadler's Wells) is set to make her eagerly awaited reappearance in Saturday's G2 Lancashire Oaks at Haydock. Last year's G2 May Hill S. and G1 Fillies' Mile winner has not been seen since taking the latter race at Ascot in September, but connections are looking to get the sophomore back on track in the mile-and-a-half contest, which attracted 19 entries at

yesterday's stage. "She was a bit slow to come to hand and, after we decided not to go to Epsom, we had a few options, but she took a bit longer to get ready," Ben Sangster told *PA Sport*. "York came a bit soon for her regarding her fitness, but we will have a week more to get her ready and there is the extra bonus that we don't have to travel abroad. She is looking great and working well and although she is by Sadler's Wells, she has plenty of form on good and fast ground. I'm very excited about seeing her back." Among Playful Act's potential rivals are G2 Ribblesdale S. heroine **Thakafaat (Ire)** (Unfuwain) and G1 Irish Oaks and GI E. P. Taylor S. runner-up **Punctilious (GB)** (Danehill).

**TWO ON THE LINE AT LONGCHAMP**

**Coupe de Champe (Fr)** (Take Risks {Fr}) and **Brunel (Ire)** (Marju {Ire}) shared the spoils in yesterday's G3 Prix de la Porte Maillot after the Longchamp photo was unable to split the pair. Last year's G2 German 2000 Guineas hero Brunel, runner-up in the G2 Sandown Mile Apr. 23 and G3 Diomed S. at Epsom June 4 in his two starts this term, assumed his customary front-running role here. He looked to have done enough as they neared the post, but the filly swooped from rear with a late surge. A Listed winner at three, Coupe de Champe had been off the board in her three prior outings this season, but showed promise when fourth in the G3 Prix du Palais Royal over course and distance May 22. She will now get her chance in Group 1 company. "She's unbelievably tough," said conditioner Patrice Tual. "We will aim her at the G1 Prix d'Astarte [at Deauville July 31]." **Prix de la Porte Maillot chart, p3**

Over the years, no race has better demonstrated the extent of Sadler's Wells' dominance than the Budweiser Irish Derby. During the 17 years in which he has had three-year-olds, he has sired the winner of this Classic on six occasions and he underlined the scale of his dominance by siring the first three in 1999, Montjeu's year, and the first four when High Chaparral captured the race three years later.

There was therefore a certain symmetry to the fact that Montjeu's first crop was responsible for three of the nine runners in the latest edition of the Irish Derby, which also included a colt by Sadler's Wells and one by Sadler's Wells' son In the Wings (sire of the 1995 winner Winged Love). With Hurricane Run wearing down Scorpion, the finish was dominated by two-thirds of the Montjeu contingent (and there were excuses made for the third son, Walk In The Park). This means that, thanks to Motivator, Walk In The Park, Hurricane Run and Scorpion, Montjeu's first crop has produced the first and second in both the Derby and the Irish Derby, plus the close second in the French Derby.

It also means that Montjeu now has a clear lead on the British and Irish sires' table, with the *Racing Post* crediting him with earnings of £1,992,246, compared to Danehill's £1,102,087 and Sadler's Wells' £934,954. Although Montjeu's number of runners is only around half that of his main rivals, he now looks to have every chance of finally toppling Sadler's Wells from his throne, as I mooted a few weeks ago. Since that article, Montjeu has added Dash To The Top to his total of stakes winners, which now stands at seven from a first crop of 115, and his son Mr Vegas has been named as a contender for the St Leger following his second in the G3 Queen's Vase. His daughter Montare was beaten only two lengths when fourth in Sunday's G2 Prix de Malleret.

One of the exciting aspects of Montjeu's success story is the wide range of broodmare sires involved. When he retired, an obvious strategy was to match this sizeable, rangy, elegant middle-distance horse with powerful, medium-sized mares with speed in their pedigree. Motivator's dam, a mile Listed winner by Gone West, conforms pretty well to that description, but Montjeu is showing that he is also an excellent match for mares by staying stallions.

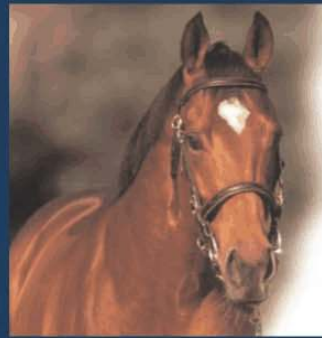

The broodmare sires of his black-type performers include Nashwan, Shirley Heights, Darshaan, Law Society and Surumu, all of whom were winners of one or other of Europe's Derbys. Another is out of a mare by Shernazar, a staying half-brother to the Derby winner Shergar.

Breeders sometimes fear that mating a mile-and-a-half mare to a mile-and-a-half stallion will somehow produce a mile-and-three-quarter runner. However, there is no logical reason why the foal should be any less speedy than its parents, especially when the stallion was a Listed winner at two and was effective over a mile and a quarter, as was Montjeu.

Despite being a grandson of Northern Dancer, Montjeu has a pedigree which makes him suitable for the majority of mares, which makes him even more valuable to the Coolmore operation. Coolmore has already stepped in to buy Hurricane Run, perhaps because--with a Surumu mare as his dam - he too has a pedigree free of many of the widespread European and American influences.

Few stallions have exerted as big an influence on the German Derby in recent years as Surumu. Among the many achievements of Gestut Fahrhof's outstanding stallion were six sires' championships in the space of eight years and numerous broodmare sire championships. Surumu also exerted a powerful influence on the German Derby, taking this Classic by seven lengths in 1977 before siring the winners Acatenango (1985), Mondrian (1989) and Temporal (1991). He also sired the 2003 Derby Italiano winner Osorio from his last crop. His son Acatenango proved similarly important to the German industry and it was a daughter of Surumu who produced Monsun, one of the current stars among Germany's stallions.

Hurricane Run's dam, Hold On, won at up to 1 3/8 miles in Germany, as well as finishing second in a Listed race over 1 1/8 miles. Hurricane Run is her second Group 1 performer, following the Law Society colt Hibiscus, who failed by only a head to defeat the German Derby winner Belenus in the G1 Europa-Preis over a mile and a half.

**Pedigree Insights cont.**

Hurricane Run's second dam is Hone, a mare with the type of record which brings joy to owners and breeders with very limited funds at their disposal. Hone was a member of the first crop by the excellent Sharpen Up, but Sharpen Up was an unproven, inexpensive stallion at that time and Hone was sold for a mere 220 guineas as a yearling. She made a winning debut over five furlongs at two, but was soon sold to race in Belgium, where she did extremely well, notably winning Les Guineas.

Belgian racing doesn't have a very high profile, but that didn't stop Hone from developing into a highly effective broodmare during a career which took her to several different countries. Her first three foals were all important winners in Belgium, taking such races as Les Guineas, the Derby Belge and the Saint Leger, but some of her later foals raced with distinction against stiffer opposition in Germany. Her Caerleon colt Hondo Mondo and her Damister colt Hondero respectively won at Group 2 and Group 3 levels.

Despite Hone's cheapness as a yearling, she comes from a stamina-packed family which did well for Lord Rosebery's very successful breeding operation. Her fourth dam was the luckless Ribbon, who was given the following write-up in Phil Bull's Best Horses of 1943:

"Poor Ribbon! Would anyone have thought it possible that a filly could be so dogged by misfortune! In not a single one of her six races did she have a square deal, and in only one of them was she able to triumph over fate's ill treatment. That was in her first race...thereafter, her cup of ill-luck was full to overflowing."

Ribbon was narrowly beaten in the 1000 Guineas, Oaks and St Leger, having stumbled slightly when in the lead in the Guineas, having lost valuable ground when hampered at the start in the Oaks and having been bumped in the St Leger. It is a measure of Ribbon's class that the colts she defeated in the St Leger included the Derby winner Straight Deal, the 2000 Guineas winner Kingsway, the legendary Nasrullah and Persian Gulf.

With a pedigree like this, Hurricane Run will have no difficulty in staying further than a mile and a half. Unfortunately, in today's industry, he is most unlikely to be asked to do so, as a win in the St Leger would probably condemn him to Coolmore's National Hunt division rather than confirm his place alongside his sire at head office, where he is going to have plenty to offer.

Challenging soon after, he was driven out to lead with 150 yards remaining before keeping the battling long-time leader Kendor Dine and late-finishing stable companion Melanosporum at bay. "He has not stopped improving and worked nicely with Melanosporum this week," commented trainer Jean-Claude Rouget. **NY GROUP CALLS FOR NEW STRUCTURE...**

by Tom LaMarra--Courtesy of The Blood Horse

Friends of New York Racing, a non-profit entity formed to devise a new economic model for New York racing, has proposed a profitable public/private structure for the New York Racing Association and installation of video lottery terminals at Belmont Park. FNYR, which includes major racetrack representatives from outside the state and is headed by former National Thoroughbred Racing Association commissioner Tim Smith, released its 76-page preliminary report June 27. The report says New York racing "is at a critical crossroads, facing serious problems," and that the goal should be to "balance the diverse, legitimate interests and policy objectives" that currently exist rather than look at short-term profits. The FNYR report says the current NYRA and off-track betting models are "broken" and must be fixed. It proposes a public/private structure made up of government, racing nonprofits, and investors to form a for-profit enterprise, but takes no position on the policy approach. The proposed model would attract \$500 million to \$1 billion in capital investment and ultimately increase purses and breed development awards by 60 percent, the report says. **MOTIVATOR HEADS ECLIPSE 10**

The Royal Ascot Racing Club's G1 Epsom Derby hero **Motivator (GB)** (Montjeu {Ire}) yesterday's declarations for the G1 Coral-Eclipse S. at Sandown Saturday. Connections are pleased with the unbeaten colt's work since his five-length success in the Epsom Classic last time June 4. The G1 Epsom Derby winner will likely face the G1 Poule d'Essai des Poulains, G1 Prix du Jockey-Club and G1 St James's Palace S. hero **Shamardal** (Giant's Causeway), one of two entries from the Godolphin stable. Aidan O'Brien has left in Susan Magnier and Michael Tabor's **Powerscourt (GB)** (Sadler's Wells) and **Oratorio (Ire)** (Danehill), while His Highness the Aga Khan's **Diamond Green (Fr)** (Green Desert), Scuderia Incolinx's **Altieri (GB)** (Selkirk) and the Australian Syndicate's **Starcraft (NZ)** (Soviet Star) also feature in the list.

"She has come out of Saturday's race very well and I'm happy with her, but whether she goes to England next month won't be decided for another three or four days," Bolger told the *Racing Post*. "We'll take it one step at a time, but I'm leaning towards the Newmarket race and if not, I'll then start thinking about other alternatives."
