

SEPTEMBER OPENER IS DYNA-MITE

Dynaformer (Roberto) is one of the world's pre-eminent sires and can get you any kind of runner on any surface. The Three Chimneys stalwart has never been the most commercial stallion, and is rarely represented by a seven-figure sales horse, but those winds seem to be changing. Yesterday, a muscular son of the sire out of the outstanding mare Preach (Mr. Prospector) was hammered down to John Ferguson for a bid of \$2.9 million to top the opening session of the Keeneland September Yearling Sale

The sales topper, Hip 156 *Horsephotos*

in Lexington. The striking dark bay colt was consigned to the sale by the Hancock Family's Claiborne Farm, and it was a little bit of history repeating--Ferguson purchased a Storm Cat colt out of Preach for \$3 million at last year's September sale. Families scarcely get better and deeper than this one. A half-brother to leading sire Pulpit, the May foal is from the same family as top stallions Tale of the Cat and Johannesburg, and champion Minardi. Ferguson had no problem going back to the well a second time. "We're happy with the Storm Cat, he's developed well, and this is another May foal," he commented. "Dynaformer is a proven stallion at the highest level. With that said, you've got a great individual by a sire you know can do it from a family that can do it from a farm you know can do it. At the end of the day, it's a great family. We're delighted to have him." *cont. p2*

Tempered Expectations...

A year ago, all of the information that trickled back to Claiborne Farm's Dell Hancock was that their Storm Cat colt had as much potential as any horse in the cata-

Dynaformer's son, Barbaro

logue. Three-million dollars is nothing to sneeze at, yet the disappointment was palpable. "He was a Storm Cat from that sire line...you start thinking, and then your friends start coming around the barn and saying, 'He's going to top the sale.' I got pretty pumped up," Hancock explained. "So this year I thought, 'Well, we'll go up there and get him sold.' He's a nice horse and I'm proud to bring a horse up there like that. My expectations were down the line. We brought him up here to sell. I'm glad he's going where he's going and I hope they have a ton of

luck with him." She added, "He's just a really nice colt. He's such a good mover and he's got a great head and he's from a wonderful pedigree. I really didn't know what to think, because he's by Dynaformer and historically they haven't sold great, but Barbaro proved he can get a good horse, and he's the right type."

Hubbard Colt En Fuego...

Dee Hubbard could afford that corned beef on white that he was jonesing for after his colt by A.P. Indy--Fire the Groom (Blushing Groom {Fr}) sold to bloodstock agent Demi O'Byrne for an even \$2 million yesterday.

Stravinsky www.vicstallions.com.au

But before he made his way into the dining room, Hubbard reflected on the yearling's price. "You never know when you get a good one," said Hubbard. "We knew that he was good, but we didn't have an idea. I was hoping he would bring \$1.5 million to \$2 million, and he was right in that ballpark." Hubbard said the recipe for success is

fairly simple. "If you have a good horse, it's going to sell," he explained. "If you look at the market, the horses are bringing what they're supposed to." It's a family which has been very good to Hubbard, as champion Fire the Groom has produced European champion sprinter Stravinsky (Nureyev), GISP Moscow Ballet (Ire) (Sadler's Wells) and GSP Sweet Firebird (Ire) (Sadler's Wells). He bred his mare to A.P. Indy for the first time in 2004 and the result was a filly, now named Indy Breeze, which brought \$975,000 at last year's September sale. Fire the Groom, barren in 2007, is currently in foal to Darley's Bernardini, a son of A.P. Indy. For Craig Bendoroff, yesterday's sale was especially satisfying. "It's nice when it happens for a guy who's been with you every step of the way; that's about the sweetest part of it for me," the Denali Stud owner admitted. "Mr. Hubbard has been with me from day one and that means a lot to me. He was a nice horse, but it doesn't always happen for a nice horse. It's all got to come together. We've liked him for a long time and it's nice when they deliver." According to O'Byrne, the colt is likely to remain in the U.S. to race. "We've got Rags to Riches," O'Byrne laughed when asked what he thought about A.P. Indy as a sire. Physically, O'Byrne said his purchase reminded him more of A.P. Indy than the Nureyev son Stravinsky, who raced for Susan Magnier and Michael Tabor.

Alysheba's Scharbauer Back in Business...

On the first day of the 1996 Keeneland September sale, Clarence Scharbauer, who bought Kentucky Derby winner Alysheba at the 1985 Keeneland July sale for \$500,000, went to a session-topping \$800,000 for Magic Cat (Storm Cat). He hadn't been seen since in Lexington, but was back yesterday and made his presence felt, going to \$1.4 million for an Awesome Again half-sister to dual Classic winner Afleet Alex. Consigned to the sale by Gainesway on behalf of Jess Jackson, the daughter of Maggy Hawk (Silver Hawk) was a must have. "I really liked her," Scharbauer said. "I think she's a racehorse, outstanding. She was my pick of all the fillies here in the sale. I liked the bottom side real well, real well, and it takes a hell of a good mare. I came here looking for a stud; I'll go home with a filly, too." Scharbauer figured he might have to go beyond \$1 million, adding that he'd never before spent that much money on a filly [he paid \$950,000 for Alysabelle, a full sister to Alysheba, at the 1990 July sale]. "I really did like this filly, but that's a hell of a lot of money," he explained. "That's what a stud colt should sell for." Scharbauer, teary-eyed as he addressed the assembled media, suffered the loss of his wife, Dorothy a couple of years ago and has been fighting depression. "I'm just now getting back on my feet, and I'm 82 years old," he stated. Scharbauer's homebred two-year-old of this year, Gold Coyote (Gold Legend), has helped lift his spirits. The bay was third in his Apr. 19 bow at Lone Star Park before rattling off three straight wins by a combined 27 1/2 lengths. Gold Coyote was third at even-money in the GIII Arlington-Washington BC Futurity Sept. 1 and has been turned out for 60 days, Scharbauer said. On a light note, the octogenarian found himself watching the MTV Video Music Awards Sunday night and was asked whether his purchase looked better than Britney Spears, who made quite a splash during her not-so live performance. "Hell yes," he said. "I saw her on TV and she didn't have enough on to get around." Jess Jackson, who acquired Maggy Hawk for a reported \$600,000, was duly pleased with the transaction. "That was one of the best fillies that we've had," he commented. "We were debating whether to keep her, because we like that line. We wish the buyer all the best. Basically we're commercial breeders, so we'd rather sell than keep them." He admitted that he is a reluctant buyer in the market. "Only for the right horse at the right price," he said. "Unfortunately, we seem to like the same horses that Sheikh Mohammed and Coolmore like."

Another Summer Wind Blowin' In...

Frank and Laura Jane Lyon have assembled a most formidable broodmare band at Summer Wind Farm and, yesterday, one of their prized mares was responsible for a seven-figure yearling. Hip 141, consigned to the sale by Lane's End, is a filly by Giant's Causeway out of

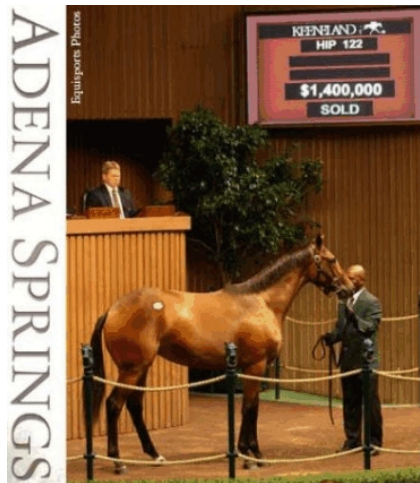

Aragorn T.Dulay

Onaga (Mr. Prospector), making her a full sister to the outstanding turf miler Aragorn (Ire). She was knocked down to Betty Moran's Brushwood Stable for \$1.5 million. The Lyons acquired Onaga privately at the 2003 Keeneland November sale after she was led out of the ring unsold at \$1.475 million. She was in

foal to Storm Cat at the time. "Fortunately, we were there quickly enough to buy her," Laura Jane Lyon commented. "It has been quite a good purchase for us. We were very excited about her. This mare has beautiful babies. We've been extremely pleased with every foal she's had. We're very fond of this mare. Like all foals, they go through all kinds of stages, and this filly seemed to get better and better at the right time." Summer Wind proceeded to sell the Storm Cat filly for \$1.1 million to Shadwell Estate Company at the 2005 September sale, and her 2006 produce, a colt by Storm Cat, was sold privately to Sheikh Mohammed's Darley operation last year. Onaga did not produce a foal this year, but is back in foal to Storm Cat. The Lyonses now own roughly 30 mares, but they recently lost Navarra, a full sister to Toussaud, and Bag of Tricks, the dam of Confide, to old age. For her part, Moran was pleased with her purchase. "I just think she's a beautiful filly," she said. "Her conformation is everything you look for, and hopefully she'll go places and be like her brother. I don't know where I'll send her to yet." Moran, who said the filly reminded her of her famous relation, owns a stallion share in Aragorn, who stood his first season at Lane's End Farm in Kentucky this past spring for \$30,000.

Major Shift in Hughes's Operation...

Black is white, up is down...and B. Wayne Hughes is selling top-priced horses instead of buying them. Yesterday, Hughes watched from the rear of the pavilion as a Three Chimneys-consigned A.P. Indy--Wife for Life (Dynaformer) filly he bred as Malibu Farm sold for \$1.5 million to My MeadowView Farms. Trainer Nick Zito signed the ticket for Len Riggio's operation. The shift from Hughes as a buyer with deep pockets to a seller observing on the sidelines is not unexpected, Hughes said yesterday. "The way I figure, for us to be here [as a breeder], we ought to be offering everything," he said. "So that's what we're going to do. We're going to put everything through [sales]." But, Hughes added, the move would not affect his position as an aggressive buyer. "Not at all," he said. Hughes pointed out that he went after no fewer than four horses during Monday's session. "I got outbid by Darley, by a consignor, by Shadwell and by Demi O'Byrne--it's tough out there," he said, laughing. Hughes headed down the road of breeder/seller in earnest when he purchased Spendthrift Farm in June of 2004. He retained just one stallion from the previous regime--his own Teton Forest--and has since added two other horses he campaigned, Don't Get Mad and Osidy. Hughes estimated that he currently has about 100 broodmares--many of whom supports his stallions--resulting in approximately 80 foals a year that will be sent through an auction ring, either as weanlings, yearlings or two-year-olds in training. The affable Hughes didn't seem entirely comfortable as a seller on Monday, though, and said he wouldn't have minded for a second if he'd wound up taking the handsome bay filly--a half-sister to MGISW Hollywood Story (Wild Rush)--home with him. "I have mixed feelings about selling that filly," he admitted. "She was our best filly, and we had hoped for more, to be honest. The market's a little soft for fillies." Hughes said he was selling about 12 yearlings at the Keeneland September sale and would also be selling weanlings in November. "We'll also sell some broodmares, but we'll be buying some, too," he remarked.

\$2.4 mil? That's What Friends Are For...

Lane's End and the Niarchos family have shared a close relationship over the years. The Versailles nursery has boarded mares for the powerful European-based operation for over 25 years and stands a pair of its former runners, the superb racehorse and sire Kingmambo and his younger half-brother Mingun. Yesterday, Lane's End and the Niarchos

Hip 44 Horsephotos

family enjoyed another successful venture when Lane's End sent an A.P. Indy--Denebola (Storm Cat) colt who was bred by Flaxman Holdings--a Niarchos company--through the ring early in the sale as hip 44. The handsome colt was knocked down to Sheikh Mohammed's bloodstock agent John Ferguson for \$2.4 million, the second-highest price of the afternoon. "Our relationship with the Niarchos family goes back to [family patriarch] Stavros Niarchos, and we've been close family friends for a

long time--since the early 1980s," said Lane's End's Bill Farish. "And this was just a beautiful colt." A Mar. 2 foal last year, hip 44 was raised at Lane's End and hails from one of the Niarchos's best families. He's the first foal produced by the top-class Denebola, who was highweighted in France in 2003 off her victory in the G1 Prix Marcel Boussac S. Denebola, in turn, is a daughter of Coup de Genie (Mr. Prospector), sister to Machiavellian, Exit to Nowhere, Ocean of Wisdom and Hydro Calido. Coup de Genie has produced, in addition to Denebola, American MGSW Snake Mountain, French group winners Glia and Loving Kindness, and Moonlight's Box, dam of Bago (Fr). A.P. Indy, incidently, has worked very well with this family, as both Snake Mountain and Glia are by Lane's End's star sire, while Loving Kindness is by Seattle Slew, A.P. Indy's sire. "This colt just kept getting better and better through his yearling year," Farish added. "He's grown a lot, and he looks so much like A.P. Indy, it's remarkable." As for the decision to sell a horse with impeccable looks and a stallion's pedigree, Farish said, "Well, like a lot of people, the Niarchos family looks at this as a business, and sometimes you have to sell." For his part, Ferguson was complimentary of his acquisition's human connections. "He's a colt that's been raised by great breeders," he said. "Maria Niarchos and the Niarchos family have done a fabulous job. He was also raised on a great farm." Ferguson added that the colt's pedigree seemed ready-made for America's proliferating synthetic tracks. "The horse is by A.P. Indy out of an outstanding mare, Denebola, who not only was a great mare, but she won the Marcel Boussac in France on the grass," said Ferguson. "In the past, you may be looking at A.P. Indy as an all-dirt pedigree. With the advent of Polytrack, I think an A.P. Indy with a little bit of turf on the bottom won't do any harm."

Coolmore's Indy Mood?...

There's nothing like a pretty young lady to influence a man's opinion, so it was no surprise when Coolmore associate Dr. Demi O'Byrne cited the three-year-old super filly Rags to Riches, who's by A.P. Indy, as a major factor in the decision to go after another youngster by the Lane's End sire during yesterday's opening session. O'Byrne went to an even \$2 million for hip 66, a colt by A.P. Indy out of the Blushing Groom (Fr) mare Fire the Groom. The purchase was notable if only because O'Byrne and Team Coolmore have rarely pursued offspring by A.P. Indy at Keeneland September, even though the son of Seattle Slew and Horse of the Year in 1992 has been at or near the top of the leading sire list for much of the past decade. Remarkably, before yesterday's colt, Rags to Riches was just one of two A.P. Indy horses that O'Byrne had purchased at Keeneland September from 1999 through 2006. Just as remarkably, O'Byrne did not purchase one Seattle Slew-line horse at September in that stretch, either by the great Triple Crown winner himself, or by a son or grandson. Rags to Riches was purchased by O'Byrne at the 2005 September sale for \$1.9 million. She, of course, went on to become the first filly in 102 years to capture the GI Belmont S. this year for owners Michael Tabor and Derrick Smith, part of the Coolmore team that O'Byrne buys for. It isn't correct, though, to say that O'Byrne has been unwilling to buy Seattle Slew-line horses. At the 2001 Keeneland July sale, he purchased Tomahawk (Seattle Slew--Statuette) for \$2.5 million, and Agnes Digital's sister Reach for the Moon (Pulpit--Chancey Squaw) for \$1.65 million. And at the 2000 July renewal, O'Byrne bought three A.P. Indy yearlings: Monarchoftheglen for \$1.5 million, Venus De Milo for \$1.5 million and Carracci for \$375,000.

Still, from 2002 to 2006, O'Byrne brought home just a pair of A.P. Indys from his 64 purchases at Keeneland September: Rags to Riches and the \$2.5 million Pavarotti, who was also purchased at the 2005 September sale and who became a stakes winner in his most recent start in Arlington's Round Table S. July 14. Whether Coolmore, one of the Thoroughbred world's two titans, will continue to go after A.P. Indy yearlings remains to be seen, but if it does, it should raise the stakes for those looking to acquire an A.P. Indy colt or filly. So what has O'Byrne been buying? Not surprisingly, Storm Cat yearlings have been hot commodities for Coolmore.

The operation has purchased six Storm Cat yearlings (four colts, two fillies) at Keeneland since 2002 for \$13 million, an average of \$2.16 million. Numerically, offspring by Coolmore's own Giant's Causeway have proven most popular, with 16 yearlings by the European champion going to O'Byrne in the last five years.

The Education of Jeff Lewis...

The Thoroughbred industry at large felt the loss of Bob Lewis in 2006, but his widow, Beverly Lewis is pressing on. That, in itself, is no surprise, but the participation of the couple's son, Jeff, is encouraging and refreshing.

Serena's Song, campaigned by the Lewises *Monmouthpark.com*

Speaking in a way that belies his relative inexperience, Jeff spoke about his expectations at this early stage, as well as the Lewis game plan going forward. "It's a fascinating business," said Lewis.

"There's so much to learn and so many interesting people to talk to and learn from, it's almost over-

whelming. Fortunately, by following mom and dad's fortunes, while dad was still alive, I was able to get acquainted with a lot of fine people in the industry and followed it closely enough and know a little bit. It's not like starting from scratch, which would be an incredibly daunting task. So far, so good." Mother and son have adopted a more conservative approach. "We're just shopping for fillies," Lewis said. "We want to do a little more breeding. Mom and I are a little more conservative than dad was. We're a little more risk-intolerant, and buying the all-or-nothing colts is just a difficult thing to do. The long-term relationship you have with a filly that races for you successfully or unsuccessfully--in either case, you maybe give her a chance as a broodmare and maybe she can produce something for you that can run. It's more of a process--I like the process." As part of the learning curve, Lewis has hired bloodstock agent Mike Ryan as an advisor. Ryan was recommended to him by "a person in the industry I respect very much." Ryan helped the Lewises to achieve their goal, signing the ticket on [hip 24](#), a Fusaichi Pegasus--Catinca filly for \$575,000. "He's a great guy, very thorough, very professional, a hard worker," Lewis commented. "Every relationship starts somewhere and he helped us find a Fusaichi Pegasus filly that we're excited about. We've made it a point to get acquainted with each other over the past couple of weeks and it's been great. We feel comfortable working with Mike."

Serena's Colt Comes Home...

Serena's Song earned over \$3.2 million at the races and has been wildly successful in the breeding shed, having produced no fewer than five seven-figure yearlings. Her Storm Cat colt was expected to be one of the highlights of the opening session of this year's sale, but bidding stalled out at \$1.4 million and the attractive chestnut colt headed out unsold. He will compete for the Lewis racing stable. "It's always disappointing when you don't sell a horse," said Craig Bandoroff, whose Denali Stud consigned the colt. "The mare's been good to everyone, but the market is the market and, quite frankly, I think the market missed something. I haven't talked to Mrs. [Beverly] Lewis yet, but honestly, I think she's pretty happy that she's going to get to keep and race him."

Average Takes a Hit, Median Off a Bit...

During last year's opening session, four horses eclipsed the \$3-million mark for total gross receipts in excess of \$20 million. In each instance, Coolmore and Sheikh Mohammed went toe-to-toe, stride-for-stride. With the exception of a single lot yesterday, that was not the case, and the session suffered because of it. This year, gross receipts were down by 23.3 percent and the average also declined significantly, dipping by 26.9 percent. There were 11 horses sold for \$1 million or more versus 16 on opening day in 2006. "I think it was as anticipated," said Keeneland Director of Sales Geoffrey Russell. "I thought the whole sale from start to finish was good. We didn't expect to have the same fireworks as last year. We had the two biggest buyers in the world, and if they don't hook up, there's nobody to fill their places. Neither one of them has stepped back and Demi [O'Byrne] probably bought as many horses this year as last year. But the dollar value has changed because they're not clashing on the same horses." Russell was relatively pleased with the median, which declined by 3.2 percent, as well as by the fact that three of every four horses found homes. "The not-sold rate is very healthy," Russell said. "The consignors obviously had the same ideas as us going into the sale. The reserves were placed at a very reasonable level, so the clearance rate was higher. The median is down three percent--I'm a little disappointed in that, to be honest. It's \$300,000 versus \$310,000. You can't put too much faith in the average. I was kind of hoping the median would stay the same if not have a small increase. I thought the next level down from the super-powers would carry it up." Russell was unwilling to categorize the market at this early stage. "You have to come back here in 15 days' time and we'll start all over again and have another conversation," he offered. "This is just day one, there's 14 more days to go."

<u>51</u>	f	<u>Distorted Humor</u>	Diamonds for Lil	550,000

*Consigned by Eaton Sales, agent
Purchased by BBA Ireland*

Dr. Philip McCarthy and Fred Hertrich's Brilliant Stables bought the maiden mare for \$50,000 at the 2003 KEENOV sale, bred her to Distorted Humor, and sold the resulting foal for \$72,000 at KEESEP 2006. They sent Diamonds for Lil, again in foal to Distorted Humor, back through the ring at KEENOV 2006, getting \$245,000, and sold this foal at the same venue for \$290,000. While the Brilliant Stables partners made some money on the deal, B.T.A. Stable, agent, really scored, buying hip 51 as a weanling and nearly doubling their money with this sale.

12 c Distorted Humor Bold Burst 950,000
Consigned by Dromoland Farm Inc, Agent IV
Purchased by John Ferguson

A half to GISW and freshman sire Trust N Luck (Montbrook) and MSW Grand Veranda (Montbrook), the chestnut colt was purchased by Red Clover Bloodstock for \$270,000 as a KEEJAN yearling. He apparently blossomed over the spring and summer, and earned Red Clover a 350-percent ROI.

59 f Mr. Greeley Echo Echo Echo 750,000
Consigned by Brereton C Jones/Airdrie Stud, agent
Purchased by Shadwell Estate Co.

Once a \$35,000 claimer, stakes-placed Echo Echo Echo went to the breeding shed in 1998. Her first four foals were all winners, including GSW Letgomyecho (Menifee), but Brereton Jones, as agent, was able to get her, in foal to Mr. Greeley, for just \$175,000 at the 2006 KEEJAN sale. Jones turned a neat profit when sending the resulting foal through the ring here.

70 f Street Cry (Ire) Gather the Storm 750,000
Consigned by Taylor Made Sales Agency, Agent CXXXI
Purchased by John Ferguson

Gather the Storm (Storm Cat), out of German champion Martessa (Ger), was purchased by Sam-Son Farms for \$225,000 at this sale 10 years ago, but failed to hit the board in her only career start. Bred to Smart Strike, she went back through the ring at KEENOV 2002, and was purchased for \$475,000 by Bob Anderson's Anderson Farms of Ontario. The resulting foal was sold for \$107,000 at KEESEP 2004. Bred back to Elusive Quality, the mare produced a filly that RNA'd for \$70,000 as a KEENOV weanling and for \$65,000 as a KEESEP yearling, but, consigned by Don Graham, brought \$775,000 as an FTFFEB juvenile in 2006. Named Voulez Vous, the ill-fated runner was an impressive maiden winner at Santa Anita in February, but broke down in the La Habra S. and had to be euthanized. Hip 70, bred in partnership with long-time friend and associate Rod Ferguson, was sold for \$275,000 as a weanling at last year's KEENOV sale. Ferguson Valley Ranch bought the filly, and realized a 270-percent return on that investment yesterday.

agent for Stonestreet Thoroughbred Holdings LLC
Purchased by Wertheimer & Frere

Another homerun for Stonestreet, which also sold hip 122 for \$1.4 million and hip 135 for \$700,000. Magical Flash was purchased, with Narvick International as agent, for a bargain \$140,000 at the 2004 Keeneland November sale. The subsequent foal, a colt by Forest Camp now named Zakouma, was sold for \$47,000 as a KEENOV weanling, and broke his maiden in his debut at Churchill in May. Four-year-old sister Take the Ribbon (Chester House) was Grade I placed last year and captured the GIII Churchill Distaff Turf Mile this season. Hip 123, produced on a \$75,000 stud fee, added to the family fortunes yesterday.

Hip 154 sold to Chestnut Valley Farm for \$210,000 as a KEENOV weanling, and brought that buyer an eye-catching 350-percent profit here.

163 c Empire Maker Queen Mama 525,000
Consigned by Gainesway, Agent L
Purchased by Shadwell Estate Co

Out of unraced Queen Mama (Seattle Slew), a half to MGISW Behrens, the bay was purchased by Crone Stud for \$290,000 as a KEENOV weanling, and proved an astute buy here.

181 f Vindication Seinita (Arg) 1,000,000
Consigned by Gainesway, Agent XXVII
Purchased by John Ferguson

A half-sister to Argentine champion and G1SW Serenita (Arg) (Southern Halo), who was also twice Grade I placed in the U.S., hip 181 was purchased by BGK Stables for \$225,000 as a KEENOV weanling. Capitalizing on the success of freshman sire Vindication (Seattle Slew), the partnership, consisting of Bill Betz, Brian Graves and Chuck Kidder, split a tidy 444-percent payoff on that buy.

189 c Perfect Soul (Ire) Silence Beauty (Jpn) 775,000

Purchased by Steve Silver, agent

The chestnut colt is out of a half to champion and filly Triple Crown winner Sky Beauty; her second dam is MGISW Maplejinsky. RINGSIDE... with Alan Carasso

MABEES BEGIN THEIR REDUCTION

Today's round of bidding at Keeneland marks the beginning of Phase I of a major reduction of the racing and breeding stock of the Mabee family's Golden Eagle Farm. Under the leadership of John Mabee, who died in April 2002, the California-based operation was the winner of three Eclipse Awards in the 1990s as the country's leading breeder, having produced the likes of Best Pal, Dramatic Gold, General Challenge, Event of the Year, Excellent Meeting and Souvenir Copy.

This past August, Betty Mabee and her son Larry announced that they would be paring down their inventory, and they expect to reduce from the current total of 282 horses to a select group of 25 by mid-2008. They will relocate from their current farm in Ramona to Rancho Santa Fe. Janine McCullough, general manager of Golden Eagle, stresses that this is the beginning of a reduction and not a complete dispersal.

"A reduction is truly just downsizing," she emphasized. "Larry is putting a lot of money into the new facility in Rancho Santa Fe and building up the horse facilities there. We will continue to own Salt Lake, along with some key mares, and are investing back into the breeding industry."

In its heyday, Golden Eagle's portfolio contained over 800 horses, but even at today's number, it has become too unwieldy.

"It's very important to [Larry] to keep the legacy that his dad created and developed in the industry, but it's a scale that he inherited and it's been difficult," she continued. "John Mabee was involved with it on a daily basis, while Larry has other businesses and things going on, so it's been difficult to manage that and get it under control while trying to figure out what he wanted and the direction he wanted to go.

Larry & Betty Mabee goldeneaglefarm.com

Golden Eagle MGISW Best Pal
www.horseracing.about.com

Mrs. Mabee just wants to own a few black-type mares, and that sparked Larry's thoughts to how can we streamline this and do it in a really classy way and get it to a manageable and enjoyable number right now."

McCullough says that the horses booked as part of the reduction are to be sold without reserve and two go under the hammer today. The first, consigned by Three Chimneys Sales, is hip 318. A colt by Empire Maker, the bay is a half-brother to the aforementioned MGISW

Excellent Meeting and to Crown of Crimson, dam of last year's \$11.7-million sales topper. It is the extended family of Doneraile Court.

Mill Ridge Sales consigns hip 500 later in the session. Named Gold Lion (Giant's Causeway), he is a son of Youbetshecan (Mr. Prospector), herself a half-sister to the outstanding racehorse Best Pal. Despite some very attractive pedigrees, McCullough is taking

a wait-and-see approach.

"I'm really not sure how the sale is going to go," she said. "People are skeptical of the market right now and these are very different individuals. I think it's going to be a little bit in the eye of the beholder."

Even as the reduction begins, McCullough is looking forward to the return of racing to Santa Anita at the end of this month.

"We do have some exceptional two-year-olds that we're going to start at Oak Tree and we plan on racing into next year and seeing where their careers go," she commented. "Obviously if we get a big horse, Larry and Mrs. Mabee are going to enjoy racing that horse. If someone makes us a good-enough offer on these horses that break their maiden, we'll sell them off the track." No matter what happens during the sale, McCullough sees this as a rare opportunity for the buying public.

"I think when we're no longer on this earth, what the Mabees founded and what they started in the Thoroughbred industry will always be there," she offered. "I think they stamped themselves in history and I think it's going to be a

wonderful opportunity for people just getting in the industry or trying to step up their inventory to get a hold of these pedigrees that, had John Mabee been alive, otherwise would not have been attainable."

Hip 267, c, A.P. Indy--**Bollinger (Aus)**, by **Dehere** *Property of Vinery Ltd.*

A.P. Indys were red hot yesterday and this colt is from an outstanding Australian family. Dam Bollinger (Aus) is by a sire--Dehere--whose a familiar name to American breeders, and she went on to prove her mettle with a win in the G1 Coolmore Classic in her native country. Bollinger is herself a daughter of Australian champion Bint Marscay (Aus) (Marscay) and is a half-sister to Aussie graded winners Mannington (Aus) (Danehill) and Sheraton (Aus) (Woodman).

Hip 300, c, A.P. Indy--**Desert Tigress**, by **Storm Cat** *Consigned by Three Chimneys Sales, agent*

Named Sundarban, this Mar. 12 foal is a grandson of the superb Sky Beauty from the family of Maplejinsky, Pleasant Home, Pine Island, et al. He's the first foal produced by his winning dam, herself a full-sister to Irish Group 3 winner Hurricane Cat. "He's a superstar," said Three Chimneys Director of Sales Case Clay. "He's got an outstanding walk, and an A.P. Indy from that family, and with that physical and that walk, is going to attract a lot of buyers."

Hip 302, c, Storm Cat--**Dissemble (GB)**, by **Ahonoora (GB)** *Consigned by Indian Creek (Dave C. Parrish Jr.), agent*

There have been few better turf horses in the past five years than Leroidesanimaux (Brz), the South American superstar who came to America and won a trio of Grade I events in addition to running a game second in the GI Breeders' Cup Mile in 2005. This colt is a half-brother to that star, and with names like Hasili (Ire) and her impressive daughters Intercontinental (GB) and Banks Hill (GB) on his page, this colt sports impressive credentials. Despite his sparkling female family, consignor Shack Parrish said hip 302 reminds him more of his sire. "He's really got a lot of Storm Cat in him," said Parrish.

Hip 306, c, Distorted Humor--**Dreamy Maiden**, by **Meadowlake** *Consigned by Eaton Sales, agent*

"He's a carbon copy of his father," is how consignor Reiley McDonald described hip 306, a son of MSW Dreamy Maiden from the extended family of Canadian champion Bruce's Mill and the useful California gelding Texcess. Since the catalogue was put out, his half-sister by Chester House, Tres Dream, became a stakes winner.

Hip 307, c, Gone West--**Emotional Outburst**, by **Capote** *Consigned by Mill Ridge Sales, agent*

Hip 307's half-sister Roar Emotion (Roar) was a very good racemare who banked well over \$600,000 on the track with three graded wins to her credit, including the GII Black-Eyed Susan S. and GII Demoiselle S. In turn, she was a prized commodity when she went through the ring at the 2005 Keeneland November sale, where she was purchased in foal to A.P. Indy for \$2.4 million by Stonestreet. Another Distorted Humor half-brother to this colt, meanwhile, was knocked down to WinStar Farm for \$1.05 million at this sale a year ago.

Hip 308, c, A.P. Indy--**Escena**, by **Strawberry Road (Aus)** *Consigned by Denali Stud (Craig and Holly Bandoroff), Agent XXXI*

Consigned to this sale by Denali for breeders Guy and Diane Snowden, hip 308 is bred on the same Seattle Slew/Strawberry Road (Aus) cross as successful first-crop sire Vindication and is out of a GI Breeders' Cup Distaff-winning and champion mare who earned nearly \$3 million. "He's a really rugged, durable-looking colt," said Denali's Craig Bandoroff. "He's big, but he's also a pretty-moving horse."

Hip 310, c, Giant's Causeway--**Eventail**, by **Lear Fan** *Consigned by Denali Stud (Craig and Holly Bandoroff), Agent XXXI*

Denali gets right back into with this fellow, a New York-bred colt from Marlene Brody's Gallagher's Stud. This dark bay colt is out of MSW and MGSP Eventail, a half-sibling to Take Charge Lady (Dehere) who made \$925,000 when offered up at last year's Keeneland November sale.

Hip 338, c, Giant's Causeway--**Heraklia**, by **Irish River (Fr)** *Consigned by Eaton Sales, agent*

Named Giant Jake, this early Feb. 3 colt is a half-brother to Japanese SW Fifty Oner (Fusaichi Pegasus) from the family of Machiavellian, etc. "He's as beautiful a son of Giant's Causeway as you could see," said consignor Reiley McDonald. "He's big and strong; very athletic-looking."

Hip 503, c, Storm Cat--Affluent, by Affirmed
Consigned by Taylor Made Sales Agency, Agent CCXXVIII

Not many mares can claim to be a multiple Grade I winner on both turf and dirt, but such are the accomplishments of Affluent, represented here by her first foal. An eight-time winner of nearly \$1.5 million, this is also the family of champion Bayakoa (Arg). "Physically, she's one of the best Storm Cats we've ever had and the best I've seen all year," said Taylor Made's Mark Taylor.

Over the next few weeks, the hammer will come down on over 5,500 yearlings at Keeneland, another 1,100-odd at Goffs and 2,200 at Tattersalls, with plenty of them coming from the second crops of their young sires. For the breeders and consignors of many of these yearlings, the last few months have represented an anxious time. Rather like beleaguered pioneers hoping to hear the cavalry bugle as they huddle under the wagons, owners of second-crop yearlings are always looking to the horizon, in the hope of seeing a wave of first-crop winners coming to their aid at just the right time. If not a wave of winners, an impressive stakes winner or two will do.

I'm pleased to say that a good number of 2007's first-crop sires have managed to impress before the sales merry-go-round reaches full speed. Labor Day saw

Oasis Dream (GB) [bbcspport.com](#)

Van Nistelrooy come up with his second graded winner when Set Play took the GI Del Mar Debutante. Bearing in mind that Van Nistelrooy started out at only \$7,500, vendors of his second-crop yearlings can surely expect plenty of interest, and the same applies to Posse. Off a

\$10,000 fee, the imposing son of Silver Deputy has a highly impressive total of six stakes winners, with Kodiak Kowboy and Lantana Mob taking graded stakes at Saratoga and Monmouth Park, respectively.

Another American stallion who has beaten the deadline is Vindication, America's champion two-year-old of 2002. Several of the horses weighted just below Vindication on the 2002 Experimental have also been quick to make an impression at stakes level, including Whywhywhy, Kafwain and Hold That Tiger; all of whom have had a pair of stakes winners in the last few weeks. *cont.* 15

Airdrie's clients who have used Harlan's Holiday and Proud Citizen also have solid grounds for optimism (with Proud Citizen likely to appeal to British buyers). Harlan's Holiday already has a graded winner to his credit and so does Macho Uno, one of several Florida-based freshman sires with stakes winners to their credit. Empire Maker and Mineshaft, two of the most sought-after new stallions at last year's sales, aren't the sorts to sire a lot of precocious winners, but Empire Maker has a stakes winner among his handful of runners, while Mineshaft has a graded-placed filly.

The situation is also very encouraging over in Europe, the scene of weekend group success for Captain Rio and Oasis Dream, who rank alongside Acclamation and Choisir as two of the most prolific sires of winners. When Godolphin's high-priced acquisition Keep Discovering made a winning debut at Folkestone yesterday, he became Oasis Dream's 17th individual winner.

A lot was expected of Oasis Dream. After all, he had been the top-ranked European juvenile of 2002 and the top-ranked European sprinter of 2003. These championships resulted in his becoming England's joint-highest-priced new stallion of 2004, with his fee of £25,000 being the same as Dubai Destination's.

Oasis Dream's high profile continued when his weanlings reached the sales in 2005, when his average price was the best achieved by a new stallion. Although Dalakhani overtook him at the 2006 yearling sales, Oasis Dream again proved very popular, to the extent that expectations were almost dangerously high for his first runners. I use that phrase because first-crop stallions who enjoy considerable popularity risk a rapid backlash if they don't instantly fulfil the buyers' (sometimes unrealistic) expectations.

Fortunately, that won't happen to Oasis Dream. Thanks to Young Pretender's very encouraging victory in the G3 Prix La Rochette, Oasis Dream now has four stakes winners--more than any other European freshman sire--and he's the only one with more than one group winner. That said, Oasis Dream still has plenty of work to do if he is to end 2007 as the year's most successful new sire in terms of prize money, as the earnings of the current leader Acclamation were boosted to the tune of £187,000 when his son Dark Angel won a rich sales-linked race.

American racegoers didn't see Oasis Dream at anything like his best when he contested the Breeders' Cup Mile on his last appearance, with his Santa Anita performance being in sharp contrast to his excellent British efforts over five and six furlongs.

At two, he was at his most eye-catching in the G1 Middle Park S., when he became the first horse to take less than 1:10.00 to cover six furlongs on Newmarket's Rowley course, and at three he went close to setting another record in the G1 Nunthorpe S., having earlier dipped under 1:10.00 in taking the G1 July Cup over Newmarket's July course.

In gaining these Group 1 successes, Oasis Dream showed similar speed to his sire Green Desert, winner of the July Cup in 1986. However, his speed was at odds with the bottom half of his pedigree, with his first three dams all being daughters of outstanding 10-to-12-furlong performers. His dam Hope, by Dancing Brave, was a sister to an Irish Oaks winner, while his second dam Bahamian, a daughter of Mill Reef, once crossed the line first in a group race over 1 7/8 miles. And his third dam Sorbus, a daughter of Busted, was a disqualified Irish Oaks winner.

With a background like this, Oasis Dream is sure to get a wide range of winners, and this is already becoming evident.

Sometimes his speed is dominating all his staying blood, the perfect example being Visit, who became his first group winner when she landed the G3 Princess Margaret S. Remarkably, this filly is out of a Kahyasi mare who set track records over 1 1/2 miles and nearly 1 7/8 miles. However, that Kahyasi mare, Arrive, is a sister to the phenomenal Hasili, so Visit is bred along similar lines to Hasili's excellent Green Desert filly Heat Haze. Visit should eventually be suited by a mile, but she will first seek a Group 1 success in the Cheveley Park S. over six furlongs.

Other examples where Oasis Dream's speed has proved dominant include his very speedy Listed winner Captain Gerard, who is out of a mile-and-a-quarter winner, and his nippy French Listed winner Wilki, who is out of a Group 3 winner over nine furlongs. Another of his speedy black-type performers, Starlit Sands, is out of a daughter of the Derby winner Slip Anchor.

On the other hand, it looks as though the staying sections of his pedigree will occasionally help him sire milers, perhaps even mile-and-a-quarter performers, when he is mated to mares with staying blood. He has already been represented by his first winner over a mile and it is encouraging that he has some very promising debut winners over seven furlongs, including Lady Jane Digby (out of a Niniski mare) and Perfect Stride (whose broodmare sire Highest Honor was a Group 1 winner over a mile and an eighth).

The unbeaten Young Pretender--who will next tackle the G1 Prix Jean-Luc Lagardere--also has stamina on his dam's side. He is out of Silent Heir, a mare bred in Australia, but there is nothing Australian about her bloodlines and she raced in England, where she scored over 1¼ miles. This well-connected mare is by that great Japanese stallion Sunday Silence, winner of the Kentucky Derby and Preakness, and her dam Park Heir-ess is by Sadler's Wells, a renowned source of stamina.

One fascinating aspect of Young Pretender's pedigree is that his third dam, the champion middle-distance mare Park Express, also figures as the dam of another of this year's leading European juveniles. Her Galileo colt New Approach--foaled when Park Express was 22 years old--has won his first three starts so impressively that Darley have already stepped in to secure his stallion services. New Approach is a three-parts-brother to Young Pretender's second dam. I should also mention that Park Express visited Green Desert to produce Shinko Forest, a Group 1-winning Japanese sprinter who has shown distinct talent as a stallion in Ireland.

Young Pretender's family has flourished at Seamus Burns' Lodge Park Stud, which will be offering one of the numerous Oasis Dream yearlings in Book 1 of Tattersalls' October Sale. This youngster is a half-sister to Seazun, winner of the G1 Cheveley Park S., and also on offer are a half-brother to the Group 1-winning Mount Nelson, a half-sister to the top sprinter Cape of Good Hope. Watch out too for a filly out of Grail, who is related to Visit and who is a sister to King of the Nile, an Aidan O'Brien trainee who holds Group 1 engagements next month.

THE BUYERS SPEAK

What you saw yesterday was the low ebb of Book 1: down 23% in gross, down 27% in average, but a median down just 3%, from \$310,000 to \$300,000. That was a very significant figure yesterday, \$300,000. The 18 horses bought by Darley (John Ferguson, 13) and Coolmore (D.L. O'Byrne, 5) averaged \$1,058,889; the 153 yearlings bought by everybody else averaged \$315,915. You've heard of Storm Cat? Sixteent catalogued yesterday, one out, so 15 through the ring, of which 10 sold. There were a couple of expensive buy-backs, but of the 10 sold, only one (the full sister to Bluegrass Cat, at \$1 million) sold for more than the stud fee, and the 10 averaged \$338,000--two-thirds of the stud fee. Happily, both Storm Cat and the sale are going to make significant recoveries today, when the lists are much longer than yesterday's. But yesterday's gross dropped \$20 million, from \$87.9-million last year to just under \$67.4 million yesterday. Tuesday last year grossed \$94,960,000, so today's session will! It has to be a completely different sale to recover that kind of ground.

The very serious message from yesterday's session is that most serious buyers outside of the Big Two can only pay an average of \$300,000 for Book 1 horses. Okay, maybe that goes up today, but it won't be going up that much. Breeders will surely demand a very serious downward adjustment in upper echelon stud fees; if it sinks in that they're only going to average \$300,000 for Book 1 yearlings, how are they going to pay \$200,000-plus stud fees? Even the most optimistic breeders can see that doesn't add up.

TITAN SIREWATCH: Neutral A.P. Indy had three sell to Darley and one to Coolmore. Darley bought two by Darley sire Street Cry, one by Darley sire Elusive Quality, two by Distorted Humor, and one each by neutral stallions Dynaformer, Empire Maker, Silver Deputy, Smart Strike and Vindication. Coolmore also signed for one each by their sires Galileo and Fusaichi Pegasus, and one each by neutral stallions Seeking the Gold and El Corrdor. **Bill Oppenheim may be contacted at bopp@erb.com. How would Washington treat the Thoroughbred industry without the NTRA?

Over the past 18 months, the U.S. Congress has considered legislation to ban Internet wagering on horse racing and prohibit the international movement of horses. So who's protecting your interests on Capitol Hill? The National Thoroughbred Racing Association. You can support the NTRA's 1/4% check-off

for federal lobbying at the Keeneland September sales. 100% of buyer and seller contributions go towards the NTRA's lobbying efforts on behalf of the Thoroughbred industry. Contributions to the NTRA 1/4% check-off program may be tax-deductible as ordinary business expenses. Consult your tax advisor.

A 1/4% check-off means 100% focus on your interests in Washington.

AUSTRALASIA

EI DISASTER RELIEF RAISED Australia's Federal Minister For Agriculture Fisheries & Forestry Peter McGauran on Sunday announced a A\$110 million assistance package for those suffering hardship due to the equine influenza crisis. But, racing NSW boss Peter V'landys, while happy to see the federal government dig deep, on Monday slammed the NSW State Government which has provided no relief for the embattled Thoroughbred industry. "We have given them billions of dollars over the years from gambling taxes and still nothing in return. It is a disgrace," V'landys said. "We conducted, at our expense, seven Sunday race meetings for them to generate income to put the Olympic Games on--billions of dollars we've given them. The only people who've been professional and shown compassion are the federal government." The federal package includes: \$20 million for workers (such as farriers and horse transport operators) who have either lost their jobs or most of their income because of the horse flu crisis; \$45 million (via individual grants of \$5,000) for businesses which derive the majority of their income from the commercial horse industry; and \$44 million in payments directed towards industry participants who have horses that usually compete and generate an income, but have been unable to do so due to equine influenza and the ban on moving horses.

First Thoroughbred Succumbs to EI..

The first official death of a Thoroughbred due to equine influenza has been reported. On Sept. 10, an otherwise healthy six-year-old gelding named Tip Of The Iceberg (Aus) (Nediym {Ire}), the winner of four races and A\$46,000 in purse money, died as a result of respiratory complications, his vet confirmed Monday.

Seven Charged With Defying Transport Ban...

Six men in Queensland and one in New South Wales have been caught transporting horses during the lockdown. All have been charged and heavy fines will follow. The Queenslanders tried moving their horses in the dead of night, loading up six mares at 1 a.m., but a neighbor saw them and reported it to the police. In NSW, police stopped a vehicle transporting a gelding at about 11:30 p.m. Sept. 3 in the outback town of Inverell.

CORRECTION...Abolition ([Harlan's Holiday](#)), who won a conditions race at Wolverhampton Saturday, was the 10th winner for his freshman sire (by Harlan).
