CORINTHIAN HEADING TO GAINESWAY

Centennial Farms' **Corinthian** (Pulpit--Multiply, by Easy Goer), winner of this year's GI Metropolitan H., will enter stud in 2008 at Gainesway Farm in Lexington, Kentucky. "The Met Mile has produced some of the greatest stallions in recent history," said

A Coglianese

Gainesway President Antony Beck, citing winners such as Gulch, Fappiano, Langfuhr, Cox's Ridge, In Reality and Buckpasser. He added, "Corinthian is a superior individual, a very athletic, well-bred stallion prospect from one of the best stallion producing female families, which has already produced top sires Sadler's Wells and Nureyev." Bred by Gracefield and Hargus Sexton, Corinthian is a half-brother to GSW Desert Hero, and his third dam is MGSW Number, a 3/4-sister to Nureyev and a half to the dam

of Sadler's Wells. The chestnut was purchased by Centennial as yearling for \$385,000 at Fasig-Tipton Saratoga and sent to Jimmy Jerkens. After breaking his maiden in his second start at two, he was disqualified from victory and placed third in the GII Fountain of Youth S. before being sidelined with a skin problem for most of 2006. Corinthian returned with a pair of victories in Florida this winter, including the GII Gulfstream Park H., and bounced back from a troubled fifth in the GIII Excelsior Breeders' Cup H. in April to take the GI Met Mile ([video](#)) over Grade I winners Lawyer Ron, Political Force, Latent Heat and Silver Wagon. In his most recent trip postward, the four-year-old finished fourth in Lawyer Ron's GI Woodward S. at Saratoga Sept. 1. His record currently stands at 11-5-1-2 with earnings of \$727,273. "We are thrilled that Corinthian will stand at Gainesway," said Don Little, Jr., president of Centennial Farms. "It's a continuation of a long and fruitful relationship with the team at Gainesway." Corinthian's stud fee will be announced upon his retirement.

POLITICAL FORCE TO STAND AT CLAIBORNE

Joseph Allen's Grade I winner **Political Force** (Unbridled's Song--Glitter Woman, by Glitterman) will stand at Claiborne Farm in Paris, Kentucky, upon the conclusion of his racing career. "Political Force was raised here at Claiborne, and we're extremely pleased to have him coming back to stand," said farm representative Bernie Sams. "We stood his grandsire Unbridled, and now stand Eddington, another son of Unbridled, and that has worked well for us. You add the brilliance of this horse's family, and we see him as a tremendous prospect."

Adam Coglianese photo

Bred by Allen, Political Force is the third foal from Glitter Woman, who captured the GI Ashland S. and four other graded events in Allen's colors while earning over \$1.2 million. The grey graduated at Belmont in September of his juvenile season prior to finishing runner-up to Bluegrass Cat in the GIII Nashua S. in October. He had an interrupted three-year-old campaign last year, but returned in 2007 with a pair of close efforts in graded races before finishing 3/4 of a length behind Corinthian in second in the GI Metropolitan H. in May. The four-year-old turned the tables on that rival with a score in the GI Suburban H. ([video](#)) over a mile and a quarter the following month, and most recently took fifth to Lawyer Ron in the GI Woodward S. Sept. 1 at Saratoga. He has compiled a record of 16-4-5-3 and a bankroll of \$532,232 under the tutelage of Allen Jerkens.

WHO WHAT WIN IS THE HOME TEAM

When does a New York-bred, New York-based gelding owned by an operation from New Hampshire become a local boy at Suffolk Downs? When he's wearing the colors of Gatsas Thoroughbreds LLC, the nom de course of brothers Michael and Ted Gatsas, who got their starts at the East Boston track and who will be represented by **Who What Win** (Dance Brightly) in Saturday's \$500,000 Massachusetts H.

"We grew up there, so going back is very special to us," Mike Gatsas said yesterday. "We have a lot of fond memories of Suffolk Downs and, since we've got a lot of family and friends in the area, we figured we'd go on down and see what he could do."

The four-year-old Who What Win is trained by John Terranova and has drawn the three hole in the MassCap, a race that has also attracted the likes of **Fairbanks** (Giant's Causeway) and **Brass Hat** (Prized).

Natives of Manchester, New Hampshire, where they still reside, the Gatsas brothers grew up watching races at Rockingham Park and Suffolk Downs, which is located about an hour away. The pair bought their first Thoroughbred 10 years ago and are probably best known for their eminently likeable gelding Gander, a New York-bred son of Cormorant who counted the GII Meadowlands Breeders' Cup H. among his six stakes victories.

The Gatsases' first stab at the MassCap came by way of the nearly white Gander, who ran fifth to Running Stag in the 2000 renewal of the race, then a Grade II.

"We brought him up here and he gave a pretty good account of himself for us," remembered Mike Gatsas.

As opposed to Gander, a \$50,000 two-year-old in training purchase, Who What Win is a Gatsas homebred. Raised on Rhapsody Farm in New York, the four-year-old has been solid in his career, finishing first or second in 13 of his 18 lifetime starts while earning just over \$230,000. He seemed to have taken the next step earlier this year at Aqueduct, when he earned triple-digit BRIS figures capturing open allowance races at the track by 8 1/4 and 5 1/4 lengths in February and March.

But Who What Win failed to build on those efforts, and has been winless in his last three.

In his latest trip to the post, the General Douglas MacArthur H. for Empire-breds at Belmont Sept. 7, he set a swift pace before tiring to be third, beaten 2 1/2 lengths, to Naughty New Yorker.

While Who What Win has to be considered something of a longshot for the MassCap, Gatsas Thoroughbreds and Terranova have some experience dropping pari-mutuel bombs. In 2000, Terranova saddled the Gatsas-owned Shadow Caster to a 50-1 upset of the GII Forego H., where he beat Intidab and Successful Appeal.

The Gatsas brothers now own the majority of their horses through Sovereign Stables, a partnership run by Mike Gatsas's son Matthew and daughter Amanda, and can currently claim part-ownership in approximately 20 Sovereign runners, the majority of whom are based out of New York.

The Gatsases do have one horse in training at Suffolk Downs, however, stabled with leading trainer Charlie Assimakopoulos--the same man who began the careers of both Gander and Shadow Caster. The horse is a winning three-year-old gelding named Texas Shadow who, fittingly, is a son of Shadow Caster.

In addition to the sentimental and fiscal considerations, Mike Gatsas added another good reason why he and his brother are trying Who What Win in the re-instituted MassCap.

"We're really looking to support Suffolk Downs," he said. "I've spoken to Mr. Fields [Suffolk co-owner Richard], and he's a very gracious host. Anything we can do to promote Suffolk Downs is in our best interest, and I think Mr. Fields needs to be commended for running this race and putting up his dollars to do it. That played a big part in us bringing this horse home. Whatever we can do to help him and help Suffolk, however small it is, I think we're obligated to do it."

Meanwhile, for fans of Gander, who suffered a serious leg injury in Saratoga in 2004, Gatsas has good news.

"We were able to bring him back home, so to speak," he explained. "He's now at Runnymede Farm [in New Hampshire], about three minutes from the ocean, where Peter Fuller had Mom's Command. So Gander and Mom's Command, before her passing, were together there. Our family is able to visit Gander on a regular basis, and it's great to have him here in New Hampshire. Everybody really supported that horse right through his injury, and it was touch and go there for a while. He's doing great now but, like all of us, he's gotten a little whiter."

HOLD THAT TIGER FILLY TOPS KEENELAND SESSION

A filly by freshman sire Hold That Tiger attracted a final bid of \$182,000 to top yesterday's session of the Keeneland September Yearling Sale in Lexington. The yearling, consigned by Four Star Sales, agent, was purchased by Tom Gentry, agent. She is out of Julie Girl (Jules), a half sister to international sire Mr. Greeley and is from the family of Kentucky Derby winner Street Sense. The top-priced colt at yesterday's session was a yearling from the first crop of Grade I winner Cuvee (Carson City) out of stakes winner Eighteen Carat (Gold Alert). The chestnut colt was consigned by Warrendale Sales, Agent XVII, and the McKathan Brothers made the final bid of \$165,000. During the session, Keeneland sold 292 yearlings for \$8,840,400. The average was \$30,275--up 1.2 percent from last year's corresponding session, while the median rose 10 percent to \$22,000. Through 10 days of selling, 2,561 horses have grossed \$363,554,600. The average is down 4.3 percent to \$141,958, while the median is up 7.1 percent to \$75,000. "We're delighted to be where we are at this point in the sale as we're going up against a record sale in 2006," said Keeneland Director of Sales Geoffrey Russell. "Pinhookers were very active again today, and we saw a good international presence of buyers from emerging markets." The September Yearling Sale marches on through Tuesday, with sessions beginning daily at 10 a.m.

REDOUTE'S CHOICE OUT WITH EI Just as the NSW breeding season was set to start with the formation of designated Purple Zones, it was announced that Australia's marquee stallion **Redoute's Choice (Aus)** (Danehill) would be out of action one week after testing positive for Equine Influenza. The Australian Champion, who stands at John Messara's Arrowfield Stud, has "contracted the equine influenza virus on Wednesday, along with the other star stallions standing at our Scone property," Messara said. Coolmore, meanwhile, has sent another three of its star shuttlers home.

Danehill Dancer (Ire), Holy Roman Emperor (Ire) and Ivan Denisovich (Ire), all by Danehill, will head back to Ireland immediately. Despite those negative reports, the New South Wales government has given the green light for NSW breeders to start covering their mares in designated areas as of Sept. 21. Mares who receive permission and permits to enter the newly created Purple Zones, can be covered by selected stallions within the zone, but the mares will have to stay there until the government allows free travel of horses in NSW. Stallions stranded at Eastern Creek's quarantine facility will be permitted travel to the Purple Zone if they test 100-percent negative to equine influenza, but will not be able to leave until the lockdown order has been removed. Mares must be in the Purple Zone by Oct. 19. The Local Disease Centre will determine who is eligible for a travel permit.

Thoro-Graph Race of the Week
by Jerry Brown

Saturday, Philadelphia Park

FITZ DIXON COTILLION H.-G2, \$750,000, 3yo, f, 1 1/16m

This is the time of year of the changing of the guard, the time when the late developers catch up and pass the precocious ones that ran well at two and early three. The Cotillion features just such a situation, and since it's a handicap, it brings out the importance of weight—remember, five pounds is worth one point on the Thoro-Graph scale, and weight carried in previous races is already built into the figures for those races.

| PP | HORSE | SIRE | TRAINER | WT. |
|----|--------|------------------|----------|-----|
| 1 | Octave | Unbridled's Song | Pletcher | 123 |

Octave jumped to a big figure to run second in last year's Breeders' Cup, but has developed very little since then. She's been well managed this year, compiling a very good record while running figures that are not that fast. She'll be a very strong favorite here, but once we factor in the weight she's spotting, it's clear that no race she's ever run would give her more than an outside chance here. There is some chance she's ready for a new top, but even a two point forward move would make her just one of several contenders. At a short price, Octave is a major bet-against.

| | | | | |
|---|----------|--------|-------|-----|
| 2 | Bear Now | Tiznow | Baker | 119 |
|---|----------|--------|-------|-----|

Bear Now is the total opposite of Octave, a filly that took a long time to get going, but developed tremendously this spring and summer. She threw a very big Thoro-Graph figure in June, bounced, and then quickly returned to her best last time, a show of strength. With six weeks rest and an overall healthy pattern, she's probably better than 50/50 to pair up this time, and with tactical speed and an inside draw, even a small bounce could still keep her on the exotics. Strong contender.

Race of the Week cont. from p5

3 Moon Catcher Malibu Moon Ritchey 120

Moon Catcher didn't run at two and appeared to be heading nowhere special until three starts ago when she jumped forward, which coincided both with the blinkers coming off, and with several others in the Ritchey barn exploding to new tops. Normally one would expect a bounce from a filly that had made a big jump from a well established level, but no—in her next start she won The Delaware Oaks with the best two-turn figure run this year by any 3yo filly not named Rags To Riches. Last time out she finally did bounce (at Saratoga), and now returns to Philadelphia Park, where Ritchey does very well. A forward move from her last puts her right in this, and if she gets all the way back to her top, she's gone.

4 Talkin About Love Not For Love Sleeter 118

Talkin About Love is another that didn't show stakes level ability last year, but has blossomed recently, especially since stretched out two back. By way of comparison, both of those are about four lengths faster than Octave has ever run, and that's before accounting for today's weight differential, worth almost another two lengths. Coming off the pair of big efforts with six weeks rest it's pretty much a coin toss as to whether she'll throw another or bounce, and Sleeter's record at Philadelphia Park gives us pause. Still, strong contender.

5 Humble Janet Humble Eleven Asmussen 116

Humble Janet was claimed on our recommendation earlier this year, and has since performed well in graded stakes. But the same type of analysis that caused us to claim her and help spot her tells us there are sharks in these waters—we'll scratch and pick on somebody our own size.

6 Syd N Carly's Rose Ecton Park Allard 111

Syd N Carly's Rose made a belated debut and showed no sign of serious talent until she made an enormous jump when second last, and then immediately bounced back to her previous level. It was hard to figure the first jump so we really have no opinion on her chances of returning to that level, and we don't know if the jock can make close to the light weight. But if both those things do happen, she could get into the mix here, at a huge price.

7 Exchanging Fire Exchange Rate Mick 115

Exchanging Fire makes the other late developers look precocious. She showed absolutely no sign of serious ability until turned over in May to Stephen Mick, who not only boasts a win percentage of 24%, but a rare positive R.O.I., over a large sample. She immediately jumped way forward, and then did it again a couple of races later to crush a stakes field at Monmouth at a big price. She won another despite backing up a little, and then backed up more to go down to defeat as the favorite in The Monmouth Oaks. If she gets back to her top and saves ground on the lead at light weight she could get a piece of this, but she's only run her top once, and there are several others that are faster, that we like better.

8 Silverinyourpocket Silver Deputy Lake 116

Silverinyourpocket ran figures for Helen Pitts that are a little short of competitive here, but now goes to the barn of Scott Lake, who moves horses way up, except when they run in New York. Ordinarily we would say she's a little slow, drew outside, and may have distance limitations—but with the trainer change, it's a guessing game. Which is a major problem with the game—and for the industry—these days.

Bottom Line

The big story here is that Octave is one of the great bet-againsts and might not even make the trifecta. Bear Now, Moon Catcher, and Talkin About Love are the primary contenders, and those with big bankrolls and a sense of adventure can throw Syd N Carly's Rose and Silverinyourpocket into the exotics.

Jerry Brown formed Thoro-Graph in 1982 to service the needs of horsemen and professional handicappers. Since then, Thoro-Graph has been responsible for the purchase of Belmont winner and champion Victory Gallop, two-time Breeders' Cup Mile winner Da Hoss, multiple track record setter and leading sire Distorted Humor—a total of 70 horses who have gone on to win stakes for their clients. Additionally, the last three NTRA national handicapping championship winners used Thoro-Graph data. Thoro-Graph performance figures take into account weight, ground loss, effect of wind on the time of the race, and track speed. The lower the figure, the better the performance. Among Thoro-Graph's innovations are the figure-based profiles, which enable horsemen and serious handicappers to accurately assess the tendencies of trainers in different situations, and sires and dam's runners at different distances, over different surfaces, and at different ages. Twice placed at group level in Australia, Astronomia struck out in three starts in Europe last year, including a 10th to Soviet Song (Ire) in the G2 Windsor Forest S. at Royal Ascot and a fourth in the Listed Alice Keppel H. two months later. Off nearly a year following that effort, the chestnut resurfaced to take a 5 1/2-furlong turf allowance at Saratoga at odds of 7-1 Aug. 15 and was coming back here off four days' rest, having finished eighth in last Saturday's GIII Nobel Damsel H. Outsprinted early as Somethinaboutbetty established a moderate pace, Astronomia rallied on the turn, came wide for the drive and was along late in a blanket finish. TVG Michael Bello's **DOWN (Mr. Greeley)** looked like she might be any kind when she rallied from 17 lengths back to fill the trifecta in last December's GI Hollywood Starlet while still a maiden. Trainer Bobby Frankel now appears to be trying to make a turf runner out of the filly, who broke her maiden in her grass debut at Belmont in July before running up the track in the Aug. 4 GI Test S. on Saratoga's main track. She was most recently "buried inside" in the stretch, according to the chart, in a Spa grass allowance Aug. 17 and will look for a cleaner trip here with Cornelio Velasquez aboard for the first time. **Star Dixie (Dixie Union)** and **Impressionism (Broad Brush)** finally broke through in their respective sixth trips to the post. Both are consistent sorts who should figure in their first tests against winners. brisnet.com pps

TVG Shadwell Stable saw fit to go to \$425k for **DAAREB (Smart Strike)** at the 2005 KEESEP sale and that colt, now a three-year-old, looked very sharp on debut, taking an off-the-turf maiden at Monmouth by 5 3/4 lengths Aug. 22. The Kieran McLaughlin-trained dark bay tries to get back to the sod again and gets the services of Alan Garcia, who takes over for the injured Joe Bravo. brisnet.com pps

ON FIRE (c, 3, Pulpit--Awesome, by Storm Cat), fourth in a key six-furlong maiden over this turf June 21, added Lasix and stretched out to a mile at Saratoga Aug. 1, but could only dead-heat for seventh. Equipped with a set of blinkers for his latest, the homebred was bumped on the final turn and settled for a late-running fourth. Dismissed here at 5-1, the dark bay colt was outrun early, but began to find his best stride on the final bend. Wide into the stretch, he showed a good turn of foot to hit the front at the furlong grounds and held on by a neck as Borobudur (Kingmambo) charged late. The winner is out of a half-sister to champion Inside Information, MGISW Educated Risk and SW Diamond. Lifetime Record: 4-1-0-0, \$37,415.

BACKSEAT RHYTHM (f, 2, **El Corredor**--Kiss a Miss {GSP, \$265,486}, by Kissin Kris) debuted with a respectable fourth behind subsequent GI Spinaway S. winner Irish Smoke at Saratoga Aug. 2, an event which also produced next-out winner Syria's Song. The bay caught an off track at the Spa Aug. 26 and never landed a blow when fifth. Stretching out and trying the turf for the first time, the \$75,000 KEESEP yearling purchase was last after two furlongs, rallied four wide into the lane, struck the front at the eighth pole and went on to a 1 1/4-length victory over Country Star (Empire Maker), the daughter of GISW Rings a Chime. Mushka (Empire Maker), the \$1.6-million topper at last year's FTSAUG sale, made a premature move to lead in upper stretch before weakening a bit to be a promising third. Dreaming Duo Work at Arlington:

Dreaming of Anna (Rahy), last year's champion juvenile filly, and stablemate **Dreaming of Liz** (El Prado {Ire}) worked at Arlington Park yesterday as each prepares for Grade I events at Keeneland. Dreaming of Anna went five furlongs in 1:00.20 under jockey Eusebio Razo Jr. The three-year-old, owned by Frank Calabrese and trained by Wayne Catalano, is coming off a win in the GIII Pucker Up S. over the Arlington turf Sept. 8. She is expected to start next in the Oct. 13 GI Queen Elizabeth II Challenge Cup. Dreaming of Liz, coming off a win in the GIII Arlington-Washington Breeders' Cup Lassie S., went the same distance in 1:01.40. The juvenile is expected to start next in the Oct. 5 GI Darley Alcibiades S. "Both fillies worked well," said Catalano. "They both came out of their last races well. I was going to work them both yesterday, but I decided to wait until this morning since it was a cooler day today. It was just a maintenance work today. I gave them a maintenance five-eighths instead of a maintenance half-mile since they are both going long in their next starts." Both fillies will remain at Arlington until the track's barn area closes for the season Sept. 26.

Fair Grounds '07-'08 Stakes Worth \$7.3 Million:

Fair Grounds has unveiled a \$7.3-million stakes schedule for its 136th season which gets underway Nov. 22. No Contest in Fairplex Sixth:

Stewards at Fairplex Park declared yesterday's sixth race a "no contest" after a majority of the riders began to ease their horses in order to avoid jockey Juan Dominguez, who lay prone on the track after being unseated from his mount, Irish Honor. Dominguez was dislodged as the field made their way out of the 6 1/2-furlong chute and was immediately tended to by EMTs. However, given the short circumference of the track, paramedics attempted to move the rider in haste and, in so doing, dropped Dominguez, who had been placed on a portable stretcher. By the time EMTs had taken Dominguez to an ambulance at the outer rail, the field was turning into the stretch, and most jockeys had stopped riding. All wagers were refunded.

Racehorse Welfare and Safety Summit Set for March:

A second Welfare and Safety of the Racehorse Summit has been scheduled for Mar. 17-18, 2008, at Keeneland. Coordinated and underwritten by Grayson-Jockey Club Research Foundation and The Jockey Club, the summit is a two-day workshop designed to explore ways to enhance the safety and soundness of the Thoroughbred racehorse. The first summit was held Oct. 16-17, 2006 and resulted in the formation of committees to research and make recommendations on the action plans that evolved from the summit's strategic planning session. Committees were established to study topics such as: On-Track Injury Reporting, Education and Licensing, Shoeing and Hoof Care, Racing Surfaces, Durability, Race Conditions and Racing Office and Health and Medical Records. "In the 11 months since the original summit, each working group has made considerable progress toward promoting the health and soundness of the racehorse, in concert with efforts that also promote the health of the industry, in their particular area of focus," said Edward Bowen, president of Grayson-Jockey Club Research Foundation. "We are indebted to these individuals for their ongoing commitment and we look forward to gathering a cross-section of industry representatives together once again next March to plan our next steps." Committee recommendations and updates may be viewed on the Welfare and Safety of the Racehorse Summit website, which is available from www.grayson-jockeyclub.org or www.jockeyclub.com.

‘THE ROCK’ RETURNING TO IRELAND IN 2008
Coolmore has confirmed that **Rock of Gibraltar (Ire)** (Danehill) will stand the 2008 Northern Hemisphere breeding season in Ireland. Leased to Shizunai Stallion Station on Hokkaido in Japan for the 2007 season, the eight-year-old is currently in quarantine along with 42 other stallions at the Eastern Creek facility near Sydney, Australia awaiting the shuttle season. “We’re looking forward to getting Rock of Gibraltar back,” said Coolmore’s stud manager Christy Grassick. “The horse is firing on all cylinders on the racetrack--he’s had nine stakes winners, including five group winners from his first crop and he has two stakes winners from his second crop of two-year-olds this year. We’ve had a big uptick on breeders who want to use him.” Among Rock of Gibraltar’s winners this year are Eagle Mountain (GB), hero of the G2 Royal Whip S. and second in the G1 Epsom Derby and third in the G1 Irish Derby; and European Group 3 winners Theann (GB), Utrecht (GB) and Yellowstone (Ire).

SGA SALE STARTS TODAY Hot on the heels of Tuesday's ITS one-day sale in Rome, Societa Gestione Aste (SGA) begins its two-day Select Yearling Sale at the Settimo Milanese complex in Milan today. The sale boasts an impressive honor roll, which includes top-level winners Becrux (Ity), Electrocutonist, Falbrav (Ire) and Rakti (GB), and graduates have continued to make their mark on the track this term. Awelmarduk (Ire) enhanced the sale's reputation when lifting the G1 Derby Italiano at Rome in May, while Distant Way and Pressing (Ire) provided the exacta in the latest renewal of the G1 Premio Presidente della Repubblica at the same track earlier that month. The record price of €400,000 was achieved for a filly by Lomitas (GB) in 2005, and an international presence is sure to press last year's high of €240,000, which was paid for a Dubai Destination colt. The 339-strong catalogue features most of Europe's popular sires, including Danehill Dancer (Ire), Dansili (GB), Galileo (Ire) and Montjeu (Ire). There are also offerings by U.S.-based sires Deputy Commander, Gulch and Hold That Tiger. The freshman representation includes American Post (GB), Bachelor Duke, Elusive City, Exceed and Excel (Aus), Indian Haven (GB), Kheleyf, One Cool Cat and Ransom o'War. Selling starts at 2 p.m. The catalogue and updates can be viewed at www.sgasales.com.

DE KOCK, MARWING END RELATIONSHIP

Once an inseparable partnership, trainer Mike De Kock and jockey Weichong Marwing have ended their relationship. The duo combined for some memorable victories, including wins on champion racehorses Horse Chestnut (SAf), Asiatic Boy (Arg) and Iridescence (SAf), amongst numerous others. The writing was on the wall once Marwing abruptly departed the United Kingdom for South Africa in the middle of De Kock's largely unsuccessful UK raid. Johnny Murtagh has since joined the yard for the Dubai Carnival season, even though the later is the stable rider for leading Dubai trainer Dhruba Selvaratanam. Wayne Smith rode for De Kock in his first season in Dubai, but the South African trainer engaged Kevin Shea in 2003 and the pair combined for three Nad Al Sheba wins, including the G1 Dubai Duty Free, with Ipi Tombe (Zim). Marwing replaced Shea after the former returned from a stint in Hong Kong. De Kock also recently split with longtime American patron Team Valor. The new stable jockey for their South African yard is due to be announced shortly. *Courtesy of SAHorseracing.com.*

MM GOLD COAST SALE LIKELY TO BE RESCHEDULED

The 2008 Conrad Jupiters Magic Millions Yearling Sale had been scheduled for Jan. 9-18 on the Gold Coast, but will almost certainly be postponed until February or early March due to the EI crisis. The auction house will announce the new date during the first week of October, and Managing Director David Chester emphasized that the January Sale runs hand-in-hand with its racing carnival, and both events need to be staged simultaneously. "We must have the sale and our feature races on at the same time, but in fairness we have to give all trainers every opportunity to qualify their horses for it," Chester explained. "If this was just a Queensland sale we would probably be right to go ahead on its current date, but a lot of big buyers, trainers and vendors come from New South Wales, and it wouldn't be fair on them." Chester, who will be consulting with industry representatives before announcing a date change, is meeting with Racing NSW officials, Queensland Racing Chairman Bob Bentley and MM Director Rob Ferguson today to agree upon a revised schedule for next year's major racing and sales dates. "I expect Inglis will also be represented and, hopefully, we can work together and settle on dates for next year, so we can let our vendors know and start to move forward again," he added. Several insurance companies, headed by Aust Brokers, confirmed Wednesday that they had been made aware that many yearlings were still to be inspected on farms where lockdowns are still in place, while Arion Pedigrees, who compile the data for the MM catalogue, have not yet started to get the 'big blue book' together.

Darley Plans Up in the Air...

Darley Australia's General Manager Ollie Tait confirmed that several Darley shuttlers may be sent back to the Northern Hemisphere this week. Despite the exciting announcement of the creation of a "purple zone" for the NSW Hunter Valley Thoroughbred breeding area, which will allow stallions currently in quarantine lockdown at Eastern Creek in Sydney to be released into the zone, it looks as though Darley is not prepared to risk the long-term future of several stallions. However, Tait said a decision has not yet been made about which specific stallions will travel to the Hunter Valley, and which will be exported back north. Tait told Thoroughbred racing television station TVN Wednesday night, "We have not come to any final decisions, but it likely we will export some of the horses. It is just a management risk thing."

Darley Plans Up in the Air cont.

Tait confirmed the extremely popular Danehill horse Exceed and Excel (Aus) will definitely be sent to the Hunter Valley, saying, "We are prepared to take the risk with him on missing two seasons." Carnegie (Ire) will also be made available to broodmare owners, as will Reset (Aus). The risk Tait refers to is the prospect that 'purple zone' stallions could still contract the virus, and this would render them unavailable for the rest of the season, which ends Dec. 31. Tait added, "If we get the stallions in the next seven days, the breeding season will not be a total disaster and there will be plenty of opportunities for broodmare owners to have their mares covered." Darley had been affected by EI fairly early, but the farm is now on the improve.

Beadman Heading to Hong Kong...

The EI virus has been given as the reason Australia's premier jockey Darren Beadman has decided to leave his country and ride in Hong Kong for a three-month stint. The move was a surprise, as Beadman's mounts at the upcoming Victorian Spring Carnival include Haradasun (Aus) and Marasco (Aus). He indicated he would come back to ride in both the A\$3.5-million G1 Cox Plate in late October and the A\$5-million G1 Melbourne Cup. The following is a summary of decisions that were made by the Hong Kong Jockey Club's Licensing Committee at its meeting yesterday. "The Committee has approved an application submitted by Hong Kong-based trainer John Moore to retain jockey Darren Beadman for the period 1 October 2007 until 15 December 2007, both dates inclusive.
