'LAVA' LIKELY TO PASS GOODWOOD

Lava Man (Slew City Slew) is likely to bypass Saturday's GI Goodwood S. at Santa Anita in favor of the grassy GII Oak Tree Mile S. Oct. 7. "We huddled up with the owners and we're 90 percent to run in the Oak Tree Mile," trainer Doug O'Neill said. "The [Cushion] track looked great on opening day, but the major factor was that it would give him an extra week." Lava Man was last seen finishing a disappointing sixth as the 6-5

KEENOV ATTRACTS RECORD NUMBER

The Keeneland November Breeding Stock Sale, to be held November 5-19, has cataloged a record 5,415 horses, it was announced yesterday. "We have a strong November catalog, with true international appeal," said Keeneland's Director of Sales Geoffrey Russell. "With such quantity and recognized quality throughout the catalog, Keeneland offers something for everyone. Keeneland November assembles the largest, most influential group of buyers in the world." This year's sale, which includes the dispersal of the Sangster family's Swettenham Stud, exceeds last year by 389 horses. It includes 2,684 broodmares, 2,323 weanlings, 403 horses of racing age, four stallions and one breeding right. Catalogs will be available online beginning Oct. 1 at www.keeneland.com. Print catalogs will be available Oct. 15.

ARC BID UNLIKELY FOR 'TIME'

Khalid Abdullah's **Passage Of Time (GB)** (Dansili {GB}) looks set to bypass next Sunday's G1 Prix de l'Arc de Triomphe and head to Monmouth Park, connections announced yesterday. Despite trainer Henry Cecil leaning towards the Longchamp showpiece following the sophomore's third placing in the Sept. 16 G1 Prix Vermeille, last year's G1 Criterium de Saint-Cloud scorer looks set to go straight to the Oct. 27 GI Breeders' Cup Filly & Mare Turf. "It is more likely she will go to America rather than the Arc," Racing Manager Teddy Grimthorpe told *PA Sport*. "If it came up very soft, the Arc is an option, but I think it is more likely we will bypass it and head to Monmouth Park."

O'BRIEN DEFENDS 'GEORGE' SCRATCHING

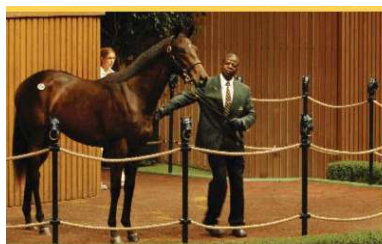

Aidan O'Brien yesterday spoke out over the decision not to declare **George Washington (Ire)** (Danehill) for tomorrow's G1 Queen Elizabeth II S. at Ascot and named the Breeders' Cup and Newmarket's Champions' Day as potential targets. Although it was widely expected that Susan Magnier, Michael Tabor and Derrick Smith's four-year-old would defend his crown in the mile contest, the announcement on Wednesday that he would make way for Excellent Art (GB) and Duke of Marmalade (Ire) was not a total surprise, according to his trainer. "We never said he was a definite runner and the decision not to run him was basically because we are considering other possible targets for him," he told the *Racing Post* yesterday. "The [Oct. 20] G1 Champion S. at Newmarket is one race we will be looking at and there is also the GI Breeders' Cup Mile [at Monmouth Oct. 27]."

JUST WHAT THE DOCTOR ORDERED

Past and present, the Vosburgh has been one of the premier sprint races in the country and has seen some of the sport's biggest names turn in championship performances. In fact, since the Vosburgh's inception in 1940, no fewer than 13 sprint championship seasons have included wins in the Vosburgh. That includes a pair of victories by Dr. Fager, who earned back-to-back wins, and back-to-back sprint championships, in 1967 and 1968.

Despite its deserving claim as a race that helps crown sprint kings (and queens)--and perhaps *the* race before the GI Breeders' Cup Sprint was launched in 1984--it took a little while before a winner of the race earned a sprint title in the same year.

In 1950, the hard-knocking Tea-Maker became the first *eventual* sprint champion to take the Vosburgh, a race named in honor of turf historian Walter S. Vosburgh. According to the *Daily Racing Form's* 'Champions,' Tea-Maker, somewhat unbelievably, began his career as a five-year-old in 1948 over the *hurdles*, where his ineffectiveness was plain for all to see. But once switched to the flats after a few months (he came off a 50-length trouncing while jumping to break his maiden over Saratoga's main track at 50-1 odds), Tea-Maker proved a useful sort who would go on to take the Vosburgh two years later as a seven-year-old. Two years after that, when Tea-Maker was nine, he finished second to the filly Parading Lady in the Vosburgh, but had done enough that season to earn the 1952 sprint championship.

In 1957, in one of most brilliant performances ever in the Vosburgh, the three-year-old Bold Ruler was wheeled back from an 11-day rest to register a nine-length victory, stopping the clock for the seven furlongs in 1:21 2/5 over Tick Tock. The winning time shaved 1 3/5 seconds off the stakes record (held by Tea-Maker and two others) and was part of a campaign that saw Bold Ruler win the Wood Memorial, the Preakness S. and nine other races. While Bold Ruler wasn't champion sprinter in 1957--Decathlon earned that honor for the second year in a row--Bold Ruler was named three-year-old male champion and Horse of the Year. Bold Ruler was, however, named champion sprinter in 1958, though he didn't compete in that year's Vosburgh.

The filly Affectionately, a daughter of Swaps, capped a five-race winning skein in 1964 with a one-length tally against males in the Vosburgh, but she, too, would have to wait a year before being named champion sprinter.

Looking for value and success?

Over the past 3 years, **Adrian Nicoll** has purchased the winners of no fewer than **12 Group/Grade 1** races in England, Ireland, France, USA, Hong Kong and Australia at an average cost of just **70,000Gns**.

The most recent stars include....

Her effort was superlative nonetheless, as her winning time of 1:22 was the fastest since Bold Ruler's and the second-fastest in the race's history. Incidentally, Affectionately got off to a brilliant start at stud, when her first foal, the Hail to Reason colt Personality, was named Horse of the Year by the Thoroughbred Racing Associations (TRA) off wins in the Preakness S. and Woodward S. But Personality's year-younger full-brother Your Excellency would be the last offspring of Affectionately's to make it to the races. The star-crossed mare proved barren in many years, had a foal die at least once, and produced at least two foals that were named but who never started.

In 1967, 27 years in, it was the great Dr. Fager who became the first horse to win the Vosburgh in the same year he was named sprint champ, the beginning of a span of 14 years that found eight winners of the Vosburgh earn that title.

Owned by Tartan Farm and trained by John Nerud, Dr. Fager was nearly untouchable in 1967, when only the stewards and a fierce pace duel separated him from a perfect season: Dr. Fager was disqualified from a 6 1/2-length victory in the Jersey Derby in May--he was placed fourth for crowding the field, according to the race chart--and failed to see out the 10 furlongs after dueling through a blistering pace in the Woodward S. in late September, finishing third to Damascus.

The Vosburgh was to be his seasonal finale, and race fans didn't leave disappointed. The sophomore tore through seven furlongs in 1:21 3/5 and won by a 4 1/2-length margin that, in addition to sealing champion sprint honors, left his supporters eager to see what he could do at four.

Dr. Fager answered the encore with one of the best campaigns ever put forth by a Thoroughbred. In 1968, Dr. Fager won seven of his eight starts, with his lone loss coming to arch-rival Damascus in the Brooklyn H., again after setting blazing fractions. His wins included the Suburban H., the Whitney H. and the United Nations H. on grass, and he never carried less than 130 pounds that season. Despite being saddled with a staggering 139 pounds in the Vosburgh, the final race of his career, Dr. Fager established a new stakes and track record of 1:20 1/5 after setting fractions of :22 1/5, :43 4/5 and 1:07 4/5. The winner's share of the \$57,000 purse pushed his career earnings past the million-dollar mark, and Dr. Fager was named champion handicap horse, champion grass horse, champion sprinter and Horse of the Year.

Picking up where her brother left off, the filly Ta Wee, a half-sibling to Dr. Fager, won the 1969 renewal of the Vosburgh for trainer Scotty Schulhofer, and earned the first of two consecutive sprint championships.

Over the next decade, the champions kept on coming. The massive Forego won the 1974 Vosburgh and was named champion sprinter, in addition to garnering the first of his three straight Horse of the Year titles.

My Juliet, another of the fairer sex, beat the boys in 1976 and earned herself an Eclipse Award. Dr. Fager's son Dr. Patches, who two starts earlier had become the second horse to beat Seattle Slew in the Gill Patterson H., won the 1978 Vosburgh, but had to share sprint honors with the first horse to beat 'Slew,' the 1977 GII Swaps S. hero J.O. Tobin.

The 1980s began with Plugged Nickle and Guilty Conscience winning the race in 1980 and 1981, respectively, in championship seasons, while Groovy's victory at 1-5 odds in the 1987 renewal helped to convince voters that his runner-up effort to Very Subtle in the GI Breeders' Cup Sprint shouldn't deprive him of an Eclipse.

The speedy Housebuster collected the first of his two sprint championships in 1990 despite running up the track and exiting that year's Vosburgh with an injury. He made amends the following year, though, romping by 5 1/2 lengths at 2-5 odds for trainer Jimmy Croll, Jr. in another championship season.

It's interesting to note that, in the 1990s, Vosburgh winners collected three Eclipse championships for sprinting despite not going on to win the GI Breeders' Cup Sprint. Housebuster, the first to do it in 1991, was followed a year later by eventual champion Rubiano, who won the Vosburgh by 3/4 lengths before running third to Thirty Slews in the Sprint; and the gelding Not Surprising, who nosed out You and I in the 1995 Vosburgh and then ran fourth in the Sprint.

The year 1999 found Artax winning both the Vosburgh and the Sprint en route to year-end honors. Amazingly, he's the lone horse to win both races.

And while no horse since Artax has won the Vosburgh and gone on to an Eclipse award in the same year, the race has lost none of its importance. In 2001, Squirtle Squirt built off his second-place effort to Left Bank in the Vosburgh to give Bobby Frankel his first Breeders' Cup winner in the Sprint, which also earned Squirtle Squirt champion sprint honors.

Ghostzapper, meanwhile, wasn't even favored when he won the 2003 renewal of the Vosburgh in 1:14 3/5, the first year and only year the race was run at 6 1/2 furlongs (it is now contested at six furlongs). The following year, Ghostzapper would go undefeated in his Horse of the Year campaign.

Two years ago, Taste of Paradise won the Vosburgh before running an unlucky second to Silver Train in the Sprint, while last year's winner, Henny Hughes, was sent off the chalk in the Sprint.

What history will emerge from this year's Vosburgh? Tune in Sunday and find out.

THIS DATE IN HISTORY...

September 28, 1960...Forty years after Man o' War won the Lawrence Realization by 100 lengths in the record time of 2:40 4/5, **Kelso** equaled his time in the same event.

September 28, 1983...Atlantic City Racecourse and The Meadowlands became the first U.S. tracks to engage in simulcasting.

September 28, 1996...Jockey **Dave Gall** became only the fourth rider to win 7,000 races, piloting A. J. Onray to victory at Fairmount Park.

September 28, 1996...Jockey **Frankie Dettori** won all seven races on the card at Ascot, a single-day wins record in England. His win streak was estimated to cost English bookmakers £30 million and to have caused the closing of as many as 40 bookmaking shops.

APEX UP CLOSE

The APEX (Annual Progeny Earnings index) method of rating stallions uses many of the same basic principles as the average-earnings index, but rates a stallion's consistency at siring high-level performers, so that one super-earner doesn't unrealistically skew a sire's average-earnings index. There are many ways of looking at the statistic—each sire has 17 different APEX ratings—including progeny performance at different ages, by difference class bands and in different regions. Stallions can also be measured against only those whose crops hit the track in the same year. Each week, beginning this week, the TDN will offer a different APEX snapshot with a brief analysis by APEX's author, Bill Oppenheim. We begin with Leading Sires by A Index, considered the gold standard. —Ed.

A INDEX REVIEW, by Bill Oppenheim

A.P. Indy, whose North American A Runner Index is even higher than the worldwide index cited above, rules as the only sire in the Northern Hemisphere with 200 or more year-starters to have an overall A Runner Index over 5.00, meaning more than 10% of his runners achieve that standard. Posthumously, Danehill becomes the first horse in ten years to crack the top three, knocking Storm Cat down a notch to fourth. Distorted Humor and Smart Strike, ranked sixth and seventh, are the top 'new era' sires - horses whose first foals were born in 1996 or later.

All the King's horses...

King's Best's gorgeous-looking offspring from his first three crops include: a 130-rated Champion miler; a G1 juvenile who went on to win a G1 at three; the colt who ran second in both the French and Irish 2,000 Guineas; a French Derby runner-up who was also on the board in the Arc; the Irish Derby third; a G1 miler in Italy. Plus 11 juvenile winners from his fourth crop, including a G3 winner and several others with big-race entries.

There's a lot to know about our stallions.

 **NORTH AMERICA** 

SPITZER AIDS REITERATE SUPPORT OF NYRA
Senior members of the Gov. Eliot Spitzer's administration yesterday testified in Albany, New York, defending Spitzer's recommendation made several weeks ago that the New York Racing Association (NYRA) should retain the franchise to run Aqueduct, Belmont and Saratoga. "In reviewing the competing bids, weighing all the factors and considering the importance of horse racing to New York's economy, we believe the selection of NYRA best served the policy interests of the State," said Patrick Foye, acting co-chairman of the Empire State Development. A statement released by the governor's office called NYRA "an experienced operator of racing" with "a long-term commitment to and intimate understanding of the New York State racing industry." The statement also pointed out that a deal with NYRA "would eliminate litigation over the tracks themselves - property that may be valued in excess of one billion dollars. Clear and unambiguous title would rest with New York State." NYRA's current franchise expires on Dec. 31, 2007. In his Sept. 4 recommendation, Spitzer formally backed a plan that called for the franchise to be split, with NYRA as his choice to run New York racing. Under the plan, another outfit would be chosen to operate the video lottery terminals that have been approved, but yet to be installed, at Aqueduct. Three other groups, Capital Play, Empire Racing and Excelsior Racing, submitted bids for the racing franchise. It wasn't immediately clear whether the same groups re-submitted bids to operate a casino at Aqueduct. The deadline for those bids is Oct. 15.

Winner of back-to-back allowance tests against open company going a mile at Aqueduct Apr. 6 and at this track May 4, Ice Cool Kitty made it three in a row with a five-length victory in the Wendy Walker S. June 2. Fed to the wolves in the Gil Delaware H. July 15, she was well beaten into eighth, but atoned for that defeat with a 3 1/2-length tally in the nine-furlong Aug. 27 Saratoga Dew S. at Saratoga. Hustled away from the gate by Mike Luzzi, Ice Cool Kitty set a pressured pace, but repulsed all bids and went on to another convincing victory. [Video, sponsored by Taylor Made.](#)

TEMECULA CREEK (c, 3, Gulch--Serenita {Arg} {Ch. 2yo Filly-Arg, G1SW-Arg, MGISP-US}, by Southern Halo) debuted with a win at Saratoga last August, then returned from a nine-month absence to be second to Black Seventeen over the Hollywood Cushion Track May 1 and runner-up again May 28. Third in a turf sprint in Inglewood July 7, the homebred made a pair of starts at the Spa this summer, finishing second with blinkers on Aug. 4 before checking in fourth Sept. 3. Favored here at 7-5, the chestnut bided his time toward the back of this sextet, was angled in for the stretch drive and rallied up the rail to post a 1 1/4-length victory over Jamaican Kev (Tale of the Cat). Napa Cat (Storm Cat), making his first start since winning his career debut 17 months back, was last. Lifetime Record: 7-2-3-1, \$104,990. 'Gottcha' a Fresh Runner For the Cup:

Gottcha Gold (Coronado's Quest), a winner of his last two starts at Monmouth Park, including a neck-upset over Lawyer Ron in the GIII Salvator Mile H. June 23, will train up to the inaugural Breeders' Cup Dirt Mile Oct. 26, according to *Daily Racing Form*. "We decided the best course of action for this horse is what we're doing," trainer Eddie Plesa, Jr. told *DRF*. "He'll come into it a good fresh horse. Our objective is to run in the Breeders' Cup. We'll have plenty of time later on to run in other races out of town." Gottcha Gold was last seen annexing the GIII Iselin BC H. Aug. 18. The bay has posted four five-furlong moves at Monmouth since, including a 1:01.80 breeze Sept. 21.

RECLAMATION (Red Ransom) debuts in the colors of owner-breeder Sir Edmund Loder and represents the Sir Mark Prescott stable. Out of a half-sister to GII American Derby winner Overbury (Ire), this March-foaled filly is a half to G1 Irish Oaks heroine Vintage Tipple (Ire) and will want to go further in time. She faces a tough test against more experienced foes, including Sheikh Mohammed bin Rashid Al Maktoum's **Glittering Prize (UAE)** (Cadeaux Genereux {GB}), a full-sister to G2 Rockfel S. victress Cairns (UAE), who bids to improve on a maiden fourth at Chester at the beginning of the month.

ALLICANSAYIS WOW (StreetCry {Ire}), who bettered her \$75,000 Keeneland November foal tag by selling for €390,000 at last term's Goffs' Orby Sale, followed up with a fifth in the G1 Moyglare Stud S. at The Curragh earlier this month before finishing ninth in the Parknasilla Hotel Goffs Fillies Million back at the same track two weeks ago. She finds an easier photo opportunity here and faces nine opponents, including the interesting newcomer **Beziers (Ire)** (**Fasliyev**), a half-sister to G1 July Cup winner Owington (GB), who is certainly bred for this sort of job.

COMPANY DEWHURST-BOUND Sheikh Hamdan bin Rashid's **Fast Company (Ire)** (Danehill Dancer {Ire}) is on course for a tilt at the G1 Dewhurst S., trainer Brian Meehan confirmed yesterday. Purchased from Earle Mack following his impressive 3 1/2-length success in the Aug. 21 G3 Acomb S. at York, the bay will tackle Newmarket's seven-furlong championship contest Oct. 20. "We had been considering going for the G1 Prix Jean-Luc Lagardere [at Longchamp Oct. 7], but he will go straight for the Dewhurst," his conditioner commented. "He's certainly one of our best two-year-old colts." Meehan also had word of **★ "TDN Rising Star" ★ Diamond Tycoon** (Johannesburg), not sighted since finishing down the field in the G1 2000 Guineas at Newmarket May 5. "He was a bit sore after the race and we decided to give him an extended break," he said. "He's done very well, and although the plan was to go for the Champion S., we decided to give him a bit longer and the plan is to try to get him ready for the G1 Dubai Duty Free at Nad Al Sheba in March."

ROCHELLE ADDED TO MIDDLE PARK

Rock of Rochelle (Rock of Gibraltar {Ire}), winner of the six-furlong Listed Blenheim S. at The Curragh Sept. 16, will be supplemented for Friday's G1 Shadwell Stud Middle Park S. at Newmarket. Owned by Her Diamond Necklace Farms, the grey will be added at a cost of £12,000. "Rock of Rochelle is a genuine colt going in the right direction and deserves to run in a race like the Middle Park," trainer Andrew Kinsella told *PA Sport*. "The horse would get seven furlongs now, no problems and it was a bit of dilemma as to whether we wanted to wait for the G3 Killavullan S. [at Leopardstown Oct. 29], but the ground was the big deciding factor for us. He handles soft, but he ideally he'd want good ground or good to firm. Newmarket gives us the best chance of genuine good, fast ground. He is a colt who is going forward and this is the next obvious step. By running in the Middle Park, we'll find out what we have for next year."

AUSTRALASIA

'EMPEROR' TO REMAIN DOWN UNDER Former champion **Holy Roman Emperor (Ire)** (Danehill--L'on Vite, by Secretariat) will not return to Ireland as announced previously by Coolmore Australia. Instead, the galloper has received over 100 bookings and is going to net the farm a windfall now that he will remain in Australia for the rest of the crippled NSW breeding season. The brilliant European two-time Group 1 winner is going to serve out his debut season to a vast and impressive array of Australian broodmares. Joining him will be the stud's highest profile stallion Encosta de Lago (Aus) (Fairy King), who had also been locked away in quarantine for the first month of the Southern Hemisphere breeding season. "Such was the demand for the horse that we simply had to bring him to the farm," explained Coolmore Australia's General Manager Michael Kirwan. "As one of the best-credentialed sons of Danehill anywhere in the world--and certainly the best-credentialed first-crop stallion at stud in Australia this season--Holy Roman Emperor has proven immensely popular among broodmare-owners. It's been a difficult time for everyone, and at the end of the day, we didn't want to let down his big band of supporters." European racing's loss is Australian breeding's gain. Holy Roman Emperor will complete the remainder of the season at Coolmore Australia at a fee of A\$44,000. Like all Coolmore stallions for 2007, including the recently added Stravinsky, Holy Roman Emperor is BOBS nominated--NSW breeding bonus scheme. "He will also help alleviate the pressure on some of the other stallions, all of which are doing their best to make up for lost time," added Kirwan.

MM BREEZE UP SALE GETS GO AHEAD On the day when the Queensland state government announced a massive multimillion ongoing package to help the Thoroughbred industry, Magic Millions sales boss David Chester offered a ray of hope to all by boldly announcing a Breeze-Up sale would take place in November. "Australia's number one breeze up sale--the Magic Millions Horses in Training Sale at the Gold Coast--will be held in late November," confirmed Chester. Everyone in Queensland is hopeful that this sale will go ahead if for no other reason than to show Queensland is recovering. Because at the moment it doesn't appear any good news is likely to reach the Thoroughbred participants in Queensland. Chester's sale was originally postponed from its October date because of the equine influenza outbreak. The sale will commence with two breeze up days on Nov. 25 and 26 followed by the sale on Nov. 27 and 28. "All horses in the sale must be and will be vaccinated," Chester explained. Some 457 young horses--including a handful of 3-year-olds--are catalogued for the sale. Chester said a sale of race-horses will follow at the conclusion of selling from the Horses in Training catalogue on Nov. 28. This section of the sale will include a reduction from the Heinrich Racing Stables. Queensland Premier Anna Bligh has declared the horse flu crisis a "natural disaster," and has placed the state's Disaster Management Group in charge of handling the outbreak and announced an emergency relief package for people directly employed in the racing industry. This is in addition to funding the federal government is giving. With racing in Brisbane cancelled until February, the Queensland government's relief package "includes a small business interest subsidy scheme for those who can't meet financial commitments because of the crisis." State cabinet will determine criteria for the scheme when it meets on Monday, but Bligh estimated it would provide around \$8-million in aid. The Australian Bankers Association will also offer short-term relief "for those who can't meet mortgage and loan repayments." Bligh noted the funds were not capped, as the package was designed "to assist people as the crisis unfolded."
