KEENELAND CONCLUDES ON HIGH

Keeneland concluded its marathon 15-day November Breeding Stock Sale in Lexington Monday with record sales of over \$340 million and a world-record price broodmare. Last year, through 14 days of selling,

Keeneland drew \$313,843,800 for 3,147 head sold, compared to \$340,877,200 generated for 3,381 sold this term. Average price of \$100,821--the second highest in sale history--was up 1.1 percent over \$99,728 in 2006 and the median remained unchanged from last year's record of \$35,000. "This sale was strong from beginning to end;

evidenced by the fact that we conducted 15 days of selling and averaged over \$100,000 and equaled the record median," said Keeneland Director of Sales Geoffrey Russell. According to Russell, the double-digit growth was realized from session 11 through the end of the sale, while the RNA rate was 22.2 percent, down 3.5 percent from last year. "These figures indicate that we are selling more horses to a wide range of people, and that is very rewarding."

Multi-Millions...

Contributing to the increases was the sale of 39 horses for \$1 million or more, equaling the record total sold during the 2000 November Sale. Last year, 27 horses topped the \$1-million mark in November. Keeneland established a world-record price of \$10.5 million for a broodmare on opening day when John Ferguson, acting on behalf of Sheikh Mohammed bin Rashid al Maktoum, outbid John Magnier of Coolmore to buy Group 1 stakes winner Playful Act (Ire) (Sadler's Wells). The five-year-old was consigned by Hill 'n' Dale Sales Agency, agent for the dispersal of the Robert Sangster family's Swettenham Stud.

VERGLAS COLT TOPS DAY TWO

Stud, hip [282](#) is out of Ibtihal (Ire) (Hamas) and is from the family of the top-class Ibn Bey (GB) and Roseate Tern (GB). He was snapped up by Bobby O'Ryan for Cloverdale Bloodstock. "I thought that he was a nice horse, an athletic sort with a good step to him,"

O'Ryan commented. "Hopefully, he'll be lucky and the sire is doing well." As on the first day, progeny of Antonius Pius were commanding attention and Tally-Ho Stud stepped in for a colt by Coolmore's first-crop sire consigned by Le Mont Stables as hip [345](#). Out of the listed-placed Minerwa (Ger) (Protektor {Ger}), he was secured for €40,000. "He's a very nice foal by a good racehorse and he certainly stood out today," Tally-Ho's Roger O'Callaghan said. "He'll be back for resale." Brian Grassick Bloodstock Ltd later paid €38,000 for hip [402](#), a half-brother by Night Shift to the listed-placed juvenile Rey Davis (Ire) from the draft of Mount Loftus Stud. Francis Woods secured the top-priced filly of the day when paying €25,000 for hip [399](#), a daughter of Elusive City out of Ruacana Falls (Storm Bird). From the draft of Woodfort Stud, she is out of a close relation to the top-class Morgana and Panama City. "She's quite a nice filly from a good pedigree," he said. "She is a May foal and we will let her tell us when she is ready to go to a sale. Hopefully the sire will do well with his first runners next year." As on the opening day, trading was marred by a clearance rate of 46 percent, but unlike the previous session, the average suffered as a result and was down by nearly 18 percent on 2006. Part Two of the foal sale gets underway at 11 a.m. Full results can be found on www.goffs.com.

Foreign Affair...

While foreign buyers maintained a presence at the top end of the market, American buyers accounted for more than half of the sale's \$1-million dollar purchases, and two-thirds of total sales. "Our traditional international markets remained strong during November, and we saw increases in the number of horses bought and dollars spent by new buyers from emerging markets," Geoffrey Russell continued. "Increased racing in these countries has heightened interest, and the quality of the American Thoroughbred is superior to horses they find at home." At the conclusion of the sale, Keeneland officials were pleased, and somewhat relieved, with the outcome of their two biggest sales of the year. "At the end of our two major sales [September and November], we did not experience the market correction many in the industry anticipated," Russell said. "But we attribute that chiefly to the weakness of the U.S. dollar, which spurred foreign spending."

Sailing into the Sunset...

Sailing Minstrel (The Minstrel), in foal to Borrego, brought the final session's top price of \$32,000 from R.L. Stallard. Out of the *Sea-Bird mare Gulls Cry, [Hip 5380](#) was consigned by Patricia Clark, agent. The 18-year-old mare is the dam of GII Jamaica H. and GIII Kent Breeders' Cup S. hero Navesink and stakes winner Efficient Frontier. For complete results visit www.keeneland.com

It's a fact of life that people hate being told what's good for them, especially when the person doing the telling is a relative outsider. Even so, I hope America's racing industry listened to some of the comments made by Michael Dickinson when he announced last week that he is to give up training to concentrate on his Tapeta Footings business.

"I have been concerned for some time about the welfare of horses racing on unsuitable surfaces and really want to repay the horse in my own small way," said the man who has been dubbed "The Mad Genius" by the *Racing Post*.

Dickinson apparently went on to express the view that dirt horses in the U.S. need bute and Lasix to keep them sound, adding that "horses bleed more on dirt."

"This year's Breeders' Cup was a wake-up call for America," Dickinson rightly commented, "and the racing there showed the horrific nature of sloppy tracks. With the switch to synthetic surfaces, these drugs won't be as necessary. But will things change? I doubt it."

Dickinson, of course, can't claim to be an impartial observer, but he certainly has a point. While all-weather surfaces aren't entirely without their own problems, they are safer and kinder to the horses, as California has recognized. The welfare issue seems sure to make a widespread switch to all-weather surfaces inevitable.

Next year's Breeders' Cup is scheduled for Santa Anita's Cushion Track, but what are the chances of other major events, such as the Triple Crown races, being switched to synthetic surfaces? The bloodstock industry surely needs to know how likely this is, and the timescale for any changes. For example, should mare owners with Triple Crown ambitions be aiming to produce a dirt specialist or an all-weather performer when they arrange their matings for 2008? The foals from those matings will not be three-year-olds until 2012, so the goalposts may well have been moved considerably by then.

There is a good chance, of course, that some of the traditional dirt sire lines are going to prove equally effective as sources of top-notch all-weather performers.

I was interested to see that Sunday's GIII Kennedy Road S., contested on Woodbine's Polytrack, was won by Connections, a son of Unbridled. Together with his grandsire Mr. Prospector, Unbridled is one of the comparatively few stallions who has managed to sire winners of each of the Triple Crown events. This suggests a strong penchant for dirt, as does the fact that European turf rarely seemed to bring out the best in Unbridled's descendants.

However, the former Claiborne stallion, whose last crop was born in 2002, has two talented all-weather performers among his dwindling number of representatives, the other being Mustanfar, who has been placed at Grade II and Grade III levels on synthetic tracks. Is it just coincidence that Connections is out of a Danzig mare, while Mustanfar has a dam by Lyphard? Maybe a dash of Northern Dancer blood is all that will be required in many cases to help the dirt bloodlines make the transition.

Another of Unbridled's alliances with a granddaughter of Northern Dancer resulted in Empire Maker, who handled the slop well enough to end Funny Cide's Triple Crown ambitions in the GI Belmont S.

You may recall that the weather prior to the 2003 Belmont S. was so bad that trainers had difficulty working their horses. Bobby Frankel apparently considered sending Empire Maker for the Jersey Derby in a bid to give him a vital workout, but plans were revised when Belmont opened its inner turf course for works.

Empire Maker breezed five furlongs in 1:02.6 on a yielding surface.

"It was his first time on turf and I didn't want him to goof off, so I put [Midas Eyes] in front of him," Frankel explained. "[Jockey] Jerry [Bailey] said he felt unbelievable on the grass. He'd probably be a champion on the grass." *cont. p5*

To all the consignors and buyers who participated in the record-breaking November Breeding Stock Sale, Keeneland offers its sincerest thanks.

Andrew Caulfield cont.

Even allowing for a bit of proprietary hyperbole, Frankel's comments made sense, as Empire Maker is a son of Toussaud. This daughter of El Gran Senor raced exclusively on turf and showed herself capable of producing tremendous acceleration on that surface. With a background like this, there was a good chance that Empire Maker would prove adept at siring good performers on all types of surface. It was therefore probably no coincidence that his offspring's first Grade I success

Empire Maker
www.juddmonte.com

came on Keeneland's Polytrack, when Country Star won Darley's Alcibiades S. The Hollywood Starlet S., a Grade I on the Cushion Track, is reported to be Country Star's next target. Empire Maker has already had a winner on Cushion Track, as his well-connected daughter Unspoken Fur overcame traffic problems to win nicely at Oak Tree.

Perhaps Northern Dancer is also one of the reasons why Tiznow is shaping up as a stallion with a bright future as a sire of all-weather runners. The only horse to have achieved consecutive victories in the Breeders' Cup Classic, Tiznow raced exclusively on dirt. However, this son of Cee's Tizzy is inbred 4x4 to Northern Dancer and he's out of a mare who gained the bulk of her earnings on turf.

Under the circumstances, it perhaps isn't surprising that Tiznow has now moved past A.P. Indy into second place among this year's all-weather sires, with 33 percent of his earnings coming from his all-weather representatives.

Among the main contributors have been Bear Now, a filly who has shone on Woodbine's Polytrack, who added a win on the conventional dirt in the GII Cotillion H.; Slew's Tiznow, runner-up in the GI Lane's End Breeders' Futurity at Keeneland; Slew's Tizzy, winner of the GII Lexington S. at Keeneland; and Tough Tiz's Sis.

Colonel John Benoit
photos

Tough Tiz's Sis became a Grade II winner in the Hollywood Oaks on the Cushion Track in June and she again showed her liking for the surface when taking the GI Lady's Secret S. at Santa Anita. Tiznow's latest all-weather stakes winner is the two-year-old Colonel John, a decisive scorer in Sunday's Real Quiet S.

With a Turkoman mare as his dam, Colonel John is more likely, in time, to venture onto traditional dirt than onto turf and his trainer Eoin Harty believes he could be a Derby contender.

COURT VISION TO REMSEN WinStar Farm's **Court Vision** (Gulch) was on a plane for New York Monday afternoon after it was confirmed that the GIII Iroquois S. winner would make his next start in the Nov. 24 GII Remsen S. at Aqueduct. Connections were initially on the fence whether to run the colt--produced by a full to Summer Squall and half to A.P. Indy--in the Remsen or Churchill Downs' GII Kentucky Jockey Club S. on the same day, but WinStar's Doug Cauthen confirmed yesterday that New York would be the target for the Bill Mott-trained colt. Winner of two of three starts and earnings of \$137,542, the dark bay will close out his two-year-old campaign in similar fashion to another WinStar standout, Bluegrass Cat, who won the race in 2005.

GLADIATORUS TO GODOLPHIN *Gladiatorus* (Silic {Fr}), runner-up in the G1 Gran Criterium at Milan's San Siro last month, has been purchased by Godolphin for an undisclosed sum. Out of Gmaasha (Ire), a daughter of Sheikh Hamdan bin Rashid Al Maktoum's champion racemare Al Bahathri, he was bred and raced by the partnership of Giampaolo Raponi and Salvatore Limata and was bought back for \$8,000 at last term's Fasig-Tipton October sale. "I don't regret letting *Gladiatorus* become 'Italianized' even though it cost money as well as sacrificing breeders' premiums," commented Raponi. "It's a big deal for us. We only have a small farm in Kentucky and we like to do business there because of the favorable exchange rate," he added. Trained by Riccardo Menichetti, *Gladiatorus* was successful in six of his nine juvenile starts and four of those victories came at stakes level: the July 15 Listed Criterium Partenopeo at Varese, the Aug. 4 Listed Criterium Varesino at Varese, the Sept. 9 Listed Premio Toscana at Florence and the Sept. 30 Listed Premio Rumon at Rome. Scuderia Razza Dell'Olmo, the partnership's racing arm which also bred this year's G1 Derby Italiano third *Rob's Love* (Ity), has won over 180 races this season and is bidding to break through the 200 barrier by season's end. However, low prizemoney levels in Italy has been cited as another factor in the sale of the stable's star. "*Gladiatorus* had to be sold to keep the stable going," admitted Limata. "Prizemoney in Italy is a disaster and it's tough to run for so little money where finishing second in some races means losing money. It's getting tougher and it's an uncertain future."

STARACO HEADS ARQANA FLAT SESSION
 Arqana's Autumn Sale got off to a lively start yesterday when the opening session witnessed the sale of the three-year-old colt **Staraco (Fr)** (Loup Solitaire) for €110,000. Runner-up in the Listed Prix Policeman at Cagnes-sur-Mer, Listed Prix Maurice Caillault at Saint-Cloud and Listed Prix de Saint-Patrick at Deauville this term, the Bernard Goudot-consigned hip **93** is out of Linorova (Tremolino) and is a descendant of the high-class broodmare Luth de Saron (Fr) and was purchased by Paul Nataf. He will race for Enrico Ciampi, part-owner of this year's G1 Prix du Jockey-Club hero Lawman (Fr) and will remain in training with Goudot. On an afternoon with a mainly jumps bias, Highflyer Bloodstock paid €100,000 for hip **117**, Nicolas Clement's three-year-old colt **Pierrot Lunaire** (War Chant), whose dam is the listed winner and group-placed Playact (Ire) (Hernando {Fr}). He also hails from the extended family of champion Afleet Alex. "This horse-in-training market has been very busy as the 80-percent clearance rate shows," Arqana's President Eric Hoyeau commented.
