

### UNBRIDLED'S SONG COLT TOPS BARRETT'S

Narvick International, acting on behalf of Katsumi Yoshida, was the leading buyer at yesterday's Barretts March Sale of Selected Two-Year-Olds in Training. Their quartet of new acquisitions was led by the sales topper [hip 130](#), a son of Unbridled's Song-King Shooting Star (Storm Cat) offered by Ciaran Dunne's Wavertree Stables. Katsumi Yoshida's rep Dr. Riki Takahashi, standing with Narvick's Emmanuel de Seroux, bid from just outside the back walking ring, with trainer Bob Baffert and agent Murray Smith looking on. Dunne paced a bit anxiously, but, after the hammer fell, exchanged a fist bump

with Smith and Baffert, then walked over to congratulate Takahashi.

"Unbridled's Song was one of my favorite champions," said Takahashi. "This colt reminds me of him. Unbridled's Song is a macho type." Added the trim Japanese native with a smile, "Same as me."

The four new purchases will spend some time at a farm before shipping to Japan in mid-April.

Back at the barn, Dunne said, "We thought he was a nice colt when we bought him. We paid a lot of money for him as a yearling, and he developed like we thought he would. He certainly couldn't have breezed any better than he did [[:10](#)]. Hopefully, he'll do well for Mr. Yoshida; they've had some luck buying from us in the past--they bought Suni [\$120,000 purchase at Barretts March in 2008] from us. Suni, very timely, decided to win for them last night."

Dapple Bloodstock signed the \$225,000 ticket for the handsome grey at Fasig-Tipton in July, but Wavertree wasn't just selling on their behalf.

"Murray Smith is a partner in this horse," Dunne confirmed. "We were bidding on him together when he was a yearling. She took him out here for us. I would not have brought him out here if Murray hadn't taken him out for me, because of the scheduling of the sales and the way it worked out. We were shipping them out here, and it would have been 10 days before I would have laid eyes on him. Murray did a fabulous job--she's a great horsewoman. If she hadn't taken the colt out here, we would have been in Miami or somewhere else." Dunne added, "We've had such a bad year I was just trying to not screw it up--he overcame us." *More Narvick, p2*

### More From Murray...

Over at her barn, Murray Smith offered a bit more background as to how hip 130 ended up in her hands. "[Ciaran Dunne] and I were bidding against each other at the yearling sale," Smith recalled. "I looked over and saw Mike Akers [of Dapple Bloodstock] was bidding. I called Ciaran and said, 'Why are you bidding against me?' He said, 'Hold on,' and told Mike to stop. Smith added, "Ciaran's a nice guy, so I went in for one-third. [He's] had him half the time and I've had him half the time. We support one another, and sometimes we do partnerships. Ciaran's an excellent horseman and did a terrific job of selling him."

last fall. The seal brown youngster cruised through his breeze in [:9 4/5](#), and had been paraded for many interested parties. Demi O'Byrne took a long look at him yesterday morning, and wound up being the winning bidder at \$450,000. "He was attractive, wasn't he?" the Irishman commented. "He breezed quite well." Hip 29, who will join Todd Pletcher's string in Kentucky, is the second foal from the Siphon (Brz) mare Rainbow's End. A partnership was formed to purchase

the colt after he was withdrawn from Keeneland September. "We started breaking him in October and he has not had one backward step since," O'Hara said. "He was down at Monty Schvaneveldt's place with our group." The affable O'Hara became increasingly hopeful when the colt began his serious work. "When we asked him to go a sixteenth, he really showed his athleticism," O'Hara said. "He told us that he already knew how to do it."

The blaze-faced miss stayed in the ring until \$975,000 was reached, but wound up heading back home. Breeder David Lanzman had all along been reluctant to part with the daughter of Argentine Group 1 winner Meguial (Arg) (Roy). "We batted it around back and forth, and finally decided that's what she was worth," Lanzman said of the steep \$1-million re-

"This is my last tie to I Want Revenge, and I didn't want to part with her for anything less. I hadn't been expecting her to break :11 at the breeze show, and was shocked when she went [:10 2/5](#)." The May 1 foal will head back to the farm for now. "Her knees are open, and she has a lot of maturing to do," said NexStar's Sommer Smith. Lanzman said that he had not yet decided who will train his pride and joy.

John Brocklebank and Shane Chipman's BC3 Thoroughbreds plucked this dark bay colt out of the FTKOCT sale last fall for just \$27,000. He blazed a furlong in :09 4/5 at the under-tack preview, and was popular with the bidders yesterday.

**By the Numbers...**

The trend of increases at Fasig-Tipton Calder and OBS March did not continue at Barretts. Of the 100 horses offered during Monday's session, 68 head changed hands, while 32 were listed as RNA's. The gross dipped slightly to \$6.215 million despite 17 additional horses sold, and the average went from \$123,245 in 2009 to \$91,397 yesterday. Last year saw a median of \$80,000, while yesterday's figure was \$60,000. However, the buy-back rate was 32 percent, compared to 37 percent a year ago, and that was the key figure for Kim Lloyd, the auction company's vice president of sales.

"The clearance rate improved, and that was most important thing," Lloyd commented after the final figures were in. "There was less money spent on yearlings going in, and I think that reflected in the average. But we're doing good business, selling horses."

Lloyd said that they would probably keep the March catalogue at about the same size in the future, but added, "If it needs to grow, it will grow. We changed the dates to help the consignors, because they put on the show, and we'll take a look at how the calendar sets up in the future. We would like to see a little more depth from the buyers, and we'd like to strengthen the average a bit."

## WHAT THEY'RE SAYING ...AT THE SALES

### ON THIS YEAR'S BARRETTS MARCH SALE:

#### Murray Smith, consignor

It was great in some spots. If you can stay in the picture, move horses and stay alive, every once in a while you hope to hit that long ball. My attitude is as long as they let me stay up to the plate and swing the bat, at some point I'll hit a home run.

#### Becky Thomas, consignor

It's been spotty. You really do have to dance every dance. I loved my FuPeg filly (sold for \$50,000 to Lewis Lakin), but she had a little vet issue, and that's the difference between \$50,000 and \$250,000 (the price achieved by Thomas' hip 80, a Roman Ruler filly).

#### Becky Thomas on Monmouth's New Purse Program:

I think it's very exciting for owners and trainers. to have the opportunity to run for those kinds of purses I have always been in favor of having our sport being more of a premier event. No matter what anyone says, money always gets people's attention.

**Easy Breeze for Furthest Land...**

GI Breeders' Cup Dirt Mile hero **Furthest Land** (Smart Strike), who stretches out to 2000 meters for the first time for Saturday's G1 Dubai World Cup, breezed a leisurely half-mile in :50.46 on Meydan's all-weather track Monday. Exercise rider Barry Walsh was in the saddle. "It went very well," Walsh said. "He flew over it; it was excellent. He galloped out happy and came back to the barn happy. It must be the sun on his back. He's all chilled out." Trainer Mike Maker's assistant Lazaro Guerra agreed. "He's a different horse here," Guerra said. "He likes this track--no, he loves it." The Ramseys captured the 2005 World Cup with Roses in May, and would become the first American owners to take the lucrative event twice. Furthest Land needs to bounce back after finishing off the board in the Jan. 9 GII San Pasqual H. and Feb. 7 GII San Antonio H., where he was beaten just 3/4 of a length by fellow World Cup candidate Richard's Kid (Lemon Drop Kid).

**Richard's Kid Sharp at Meydan...**

Zabeel Racing International's **Richard's Kid** (Lemon Drop Kid) had his final tune-up for the World Cup Monday morning, going a half in :47.97 under exercise rider Janell Gruss. "He did it very nicely," said Bob Baffert assistant Jim Barnes, who was stationed on the second floor of the grandstand during the work, talking to Baffert via cell phone and Gruss via walkie-talkie. "He galloped out really well. Janell said she had to pull him up because he didn't want to stop." A neck winner of the GI Pacific Classic last September, the five-year-old ran sixth in the GI Breeders' Cup Classic, but opened 2010 with a victory in the GII San Antonio H. Feb. 7.

**Vision D'Etat Tours Meydan Track...**

MG1SW **Vision d'Etat** (Fr) (Chichicastenango {Fr}) had his first look at the synthetic surface at Meydan yesterday morning, taking a slow canter around the track. Thomas Ries, assistant to trainer Eric Libaud, remarked, "He has travelled well over to Dubai and looked really good [Monday] morning. It was his first time on the track here, and he seemed to like it." The winner of the G1 Prix du Jockey-Club in 2008 and of the G1 Prix Ganay and G1 Prince of Wales's S. last year, the five-year-old is eight-for-12 lifetime.

With Bill Mott assistant Neil Poznansky aboard, the four-year-old was clocked going a half in :49.28 around the dogs on the Meydan turf course. "He was very comfortable," Poznansky said. "It was what we were looking for. He's very good feeling. Once he's doing his thing, he's very comfortable, very generous. He's kind of like in your finger-

tips." Four-for-nine overall, Courageous Cat captured the GII National Museum of Racing Hall of Fame S. at Saratoga last summer, and capped off the campaign with two big efforts in Grade I company. The bay was third, beaten 3/4 of a length by Take the Points (Even the Score), in the GI Jamaica BC H., and second by a half-length to Goldikova (Ire) (Anabaa) in the GI Breeders' Cup Mile.

MGISW **Take the Points** (Even the Score), who was disqualified from first in the GI Gulfstream Park Turf H. Feb. 6, had an easy gallop over the Meydan all-weather track Monday morning. The grey is scheduled to school in the paddock Tuesday night, and take a trip to the starting gate Thursday morning. According to Ginny DePasquale, assistant to trainer Todd Pletcher, he is taking his new surroundings in stride. "He looks good, Depasquale said. "He's relaxed. The first day walking up [to the track], the sun was just coming up and reflecting on all the chrome and glass, and then he wasn't sure what he was in for. But the minute he walked on the track you could hear him let his breath out, and he figured out where he was." Take the Points won the GI Secretariat S. and GI Jamaica BC H. last year, but finished seventh in the GI Hollywood Derby in November.

Well, well. It's Monday afternoon here, before I go back and feed the King, and a great morning we had. James Cassidy in fact got his bags back, but not as smooth as we would have liked. Thanks to his wife Melanie for trying to keep him under control at the airport, as his temper got hot after a full re-search. Police had him under the light in a dark room trying to make sure it was his luggage and no one else's. After four hours and 15 minutes, he was finally out of there. A long night, he said. He was out bright and early this morning to watch The Usual Q. T. gallop, and talk to reporters. Good on, Jim.

Richard's Kid blew out a very, very nice half and galloped out awesome. GO RICHARD!

California Flag blew out three-eighths, but no time--hard to see from where I was standing.

Tonemai, off at huge 137-1 odds, upset this second leg of Jockey Club Brasileiro's Triple Crown for colts, contested Sunday over a soft Gavea turf. Bred by Haras Santa Maria de Araras and owned by Stud LECCA, the Southern Hemisphere three-year-old rallied in the straight to beat favored Too Friendly--also bred by Araras--by a neck. Sal Grosso (Brz) (Our Emblem), winner of the first stage of the Triple Crown, finished fourth. This was the third victory for Tonemai, who previously finished eighth to Sal Grosso in the first leg, the G1 Grande Premio Estado do Rio de Janeiro.

The race is heating up for the title of **A.P. Indy's** most  
accomplished living stallion son, as last weekend dem-  
onstrated. The two main contenders for the title are Ice

Box's sire **Pulpit**, who entered  
stud in 1998, and Devil May  
Care's sire **Malibu Moon**, who  
retired only two years later.

Anyone could be forgiven  
for thinking that the respec-  
tive merits of these two stal-  
lions would be well and truly  
established by now. However,  
the two spent a sizeable por-  
tion of their careers standing

**Pulpit** *claibornefarm.com*

at very different fees, which clouds the picture consid-  
erably. In the years that Malibu Moon was toiling in  
Maryland at a fee of \$3,000, Pulpit's services were  
priced from \$40,000 to \$75,000. It was only five years  
ago that the gap began to close, with Malibu Moon's  
fee jumping to \$17,500 in  
2005, when Pulpit stood at  
\$60,000. The next year saw  
the young pretender at  
\$30,000, compared to Pul-  
pit's \$80,000, and 2007,  
2008 and 2009 saw the gap  
close to \$40,000, when  
Malibu Moon's fee rose to its  
current level of \$40,000.

**Malibu Moon** *spendthriftfarm*

With Malibu Moon regu-  
larly being asked to cover bigger books than Pulpit,  
there wasn't much difference in their number of rac-  
ing-age offspring to the end of last year. Interestingly,  
their totals of stakes winners was also similar, the one  
significant area of difference being in their number of  
graded/group winners.

**Caulfield cont.**

As might be expected, the higher-priced stallion holds a significant lead in this department, with Ice Box's victory in the Florida Derby three days ago making him the 27th such winner on the flat for Pulpit (sire also of the Grade II hurdle winner Orison). Although Malibu

**Ice Box** Adam Coglianesse

Moon has also been in excellent form with such as Devil May Care and Odysseus, his total of graded winners stands at 14, so in this respect he remains the contender, while Pulpit holds the title. Don't forget, though, that it took \$80,000 to produce Ice Box, Mi Sueno and Ailalea, the leaders of Pulpit's 2007

crop, whereas Devil May Care and Odysseus were produced at less than half the cost. The gap between the two stallions' fees is down to \$20,000 this year, so we could see Malibu Moon making inroads into Pulpit's lead over the next few years.

Incidentally, there is an interesting difference between the two stallions. Whereas colts dominate Pulpit's list of graded winners, accounting for two-thirds of the 27, Malibu Moon's daughters are responsible for much of the good work done by the Spendthrift resident. They account for nine of his 14 graded winners, and Odysseus and Rodman are the only colts among the 14, as Declan's Moon, Perfect Moon and Ah Day were all geldings.

Ice Box's late lunge for victory at Gulfstream Park makes him the seventh son of Pulpit to score at Grade I level, and the records of some of his predecessors suggest that the Robert LaPenta colt has the makings of an interesting stallion prospect, providing he continues to progress. Of the six previous Grade I-winning sons of Pulpit, **Tapit** has so far supplied five graded winners, including three at the highest level, and **Sky Mesa** has two Grade I winners among his eight graded scorers. Even the unconsidered **Stroll** has demonstrated his potential, with a pair of Grade III winners. No wonder the first weanlings by **Corinthian** were so popular last November.

Ice Box has already gone one better than Pulpit by winning the Florida Derby, a race in which Pulpit lost his unbeaten record when runner-up to Captain Bodgit in 1997. Pulpit rebounded to win the GII Blue Grass S. in good style, only to fade into fourth in the Kentucky Derby on what proved to be his final appearance.

I never expect a son of A.P. Indy to fail through lack of stamina, but Pulpit's stallion career supports the theory that he probably didn't possess as much stamina as his Belmont S.-winning sire. Although they are generally well suited by two turns, none of Pulpit's Grade I winners has so far won over a distance longer than a mile and an eighth.

There's good reason for thinking that Ice Box could be the first to break through this barrier. Not only is his style of racing that of a horse who is likely to appreciate a mile and a quarter, but he is also out of a mare by **Tabasco Cat**. This tough horse established himself as one of Storm Cat's best stayers when he defeated Go for Gin to add the 1994 Belmont S. to his earlier victory in the Preakness.

Of course, this is by no means the first time that Storm Cat's name has cropped up in connection with Pulpit's. Sky Mesa is the best of Pulpit's three graded winners out of daughters of Storm Cat, and Mi Sueno--like Ice Box--is out of a granddaughter.

Tabasco Cat was only 13 when he succumbed to a heart attack in Japan. He had spent five seasons at Overbrook between 1996 and 2000, with his fee ranging from \$25,000 to \$35,000. He was still awaiting his first graded winner, despite having two crops of racing age, when he was sold to Japan. As so often happens, Tabasco Cat's progeny began to shine soon after his departure. He ended up with 11 graded winners from his five American crops, the best of them being the GI Hollywood Starlet and GI Del Mar Debutante winner Habibti, the GI Acorn S. winner Island Sand, and the Grade I-winning sprinter Snow Ridge.

Several of Tabasco Cat's graded winners were successful over a mile and a quarter or more, and one of the best stayers among them was Ice Box's dam Spice Island. This talented mare landed the GII Long Island H. over a mile and a half.

Ice Box's second dam, Crown of Sheba, should also have stayed quite well. Her sire, Alysheba, won the first two legs of the Triple Crown, and her half-brother Spend a Buck also triumphed in the Kentucky Derby. In other words, Ice Box has plenty of links to winners of Triple Crown races, and he too merits serious consideration, even though his victory--and the fine run by Pleasant Prince--reflects even greater glory on Eskendereya, their easy conqueror in the GII Fountain of Youth S.

**Calder Cleared after Negative Test:**

Two days after a horse stabled at Calder Race Course came up with an unidentified sickness, the Miami-area oval's officials received word from the University of Florida state testing lab Monday when test results on the horse came back negative, reports the *Daily Racing Form*. As a result, the quarantine restricting horses traveling to and from Calder from surrounding area tracks has been lifted. On a more somber note, the unidentified horse in question died yesterday morning. Following the release of the results, a full necropsy is now expected to be performed. "Further tests are being conducted at the University of Florida in an attempt to discover the exact cause of death of a horse stabled in Barn 77 and all horses in that barn will remain under restriction until those results are in and the cause of death has been determined," said Michelle Blanco, director of advertising and public relations at Calder. Relieved by the results were officials from Gulfstream Park, which draws a large number of runners from the Miami-area track to fill its own racecards. As a result of this weekend's quarantine, Gulfstream was forced to cancel two races Sunday because of lack of entries. "This is great news," Gulfstream President Ken Dunn told *DRF* after getting learning the test for equine herpesvirus was negative. "We have built up some pretty good momentum at this meet and a thing like this could have been devastating had the Calder barn area been quarantined for any period of time," added Dunn. It will be business as usual here Wednesday."

Davis S. winner and GI Florida Derby third Rule (Roman Ruler) on debut at Belmont Oct. 8. The homebred rallied to break his maiden by 3/4 of a length at Aqueduct Nov. 7, then was sixth in a Jan. 7 Gulfstream allowance won by Eskendereya (Giant's Causeway), who returned to take the GII Fountain of Youth S. by 8 1/2 lengths. Bank the Eight entered this spot off a second in a conditions event in Hallandale Feb. 6, and was the even-money favorite to prevail here in his first start around two turns. **NEW MAN AT THE JOCKEY CLUB**

Scott Bowers was yesterday named the new director of communications at The Jockey Club, effective the beginning of May. Formerly with the PR firm Weber Shandwick, Bowers was welcomed by Group Chief Executive of The Jockey Club Simon Bazalgette, who said, "Even with a very strong list of applicants for the role, Scott was the stand-out. He brings broad experience of strategic public relations at the highest level across a range of sports, which will be invaluable to The Jockey Club as we take on the challenge of capturing a broader audience for horse racing."

**COLLESANO (IRE) (c, 3, Pearl of Love {Ire}--Mother's Hope {Ire}, by Idris {Ire})** took a trio of listed wins at two, most recently the Criterium Mediterraneo at Siracusa in December, and was the 3-4 favorite burdened with a nine-pound penalty as a result on this return to action. Settled in the slipstream of his pace-maker Super Dubai (Ire) (Dubawi {Ire}) early, the €20,000 ITYSEP yearling eased to the front before the quarter pole and was in cruise control thereafter, with the winning margin over the rabbit being a cozy length. Lifetime Record: MSW-Ity, 10-6-0-0, €96,322. O-Antonino Bosco; B-Alfredo di Gesaro; T-Raffaele Biondi.

**STARCRAFT FILLY TOPS MM SALE** A yearling filly by freshman sire Starcraft (NZ) (Soviet Star) out of If I So Desire (Homebuilder) brought a final bid of A\$140,000 to top yesterday's second and final session of the Magic Millions QTIS 600 Yearling Sale. Sold as [lot 241](#), the chestnut was consigned by Lyndhurst Stud Farm, agent, and purchased by top Sydney trainer Gerald Ryan. "She's by a young stallion who's really doing the job," Ryan said, adding, "She's a lovely type and has a great pedigree--she has a lot of things going for her. The way the quality horses have sold this year, she certainly looked good value." The youngster is from the family of Japanese Classic winner Genuine (Jpn) (Sunday Silence), Japanese champion Asakisa Kings (Jpn) (White Muzzle {GB}), GISW Strategic Maneuver (Cryptoclearance) and GSW and sire Van Nistelrooy (Storm Cat). Starcraft is already the sire of G1 Blue Diamond S. winner Star Witness (Aus). The average for the sale was up a solid 20 percent. "It's been a great couple of day's selling, and I'm sure buyers would be thrilled with the value they have achieved," Magic Millions Managing Director David Chester said. "With such great incentives and bonuses linked to the sale, the buyers will be looking back at this sale as one of the best value ever."

# MATE. CHECK.

\$25     \$50     \$75     \$100

When you fill out your foal registration application, designate \$25, \$50, \$75, \$100 or an amount of your choice to The Jockey Club's Thoroughbred retirement checkoff program.

Your payment will go directly to two leading organizations that help retire, retrain and adopt Thoroughbred racehorses.

The Jockey Club, through profits earned from its subsidiaries, will provide \$200,000 in funding to these charities to supplement the monies raised through the checkoff program in 2010.

**An Explanation of Black Type and Stakes Terms**

**Black Type**

Advertisers using "black type" in their ads in the *TDN* are referring to stakes races which will appear in all major sales catalogues, and which:

\*Have a minimum purse value of \$50,000 distributed on the day of the race, as well as other conditions.

**Non Black-Type Stakes**

The word "stakes" refers to non-black-type stakes, which do not appear in the catalogue page. They are:

\*Races in which the prize money offered is made up at least in part of money put up by the owners of the horses entered, but which offers a purse of less than \$50,000; or excludes horses from black-type money levels due to eligibility requirements.

**Graded/Group Stakes**

There are 16 countries in the world where the racing is of a quality such that that country is allowed to determine its own Graded or Group stakes races, and they are accepted automatically as such in the catalogue. Know that if it has a Grade on it in the *TDN*, it's a real Grade.

For the complete list of black type and Grade/Group specifications, click [here](#).
