Eclipse Awards, recognizing excellence in Thoroughbred racing. Winners in all 17 horse and human categories will be announced at the 40th annual Eclipse Awards dinner ceremony on Monday evening, Jan. 17, at the Fontainebleau Miami Beach. Record participation of 238 out of 251 voters (94.8 percent), representing the NTRA, the NTWAB and *Daily Racing Form*, took

part in this year's voting. Finalists were determined in each category by voters' top three selections, using a 10-5-1 point basis. Eclipse Award winners are determined solely by first place votes. The voting was audited by the Louisville accounting firm Strothman & Company. (Edited press release)

ADENA SPRINGS TOPS AMONG BREEDERS

According to statistics released Thursday by The Jockey Club Information Systems Inc. (TJCIS), Frank Stronach's Adena Springs finished the 2010 season as the leading breeder in North America, with earnings of \$13,369,852. Adena Springs was the leading breeder for the eighth consecutive season and was represented by the winners of 506 races from 3661 starts (13.8 percent). Including a handful of partnerships, Adena bred the winners of 519 races from 3739 starts. The year's second-leading breeder was Breerton C. Jones, who alone or in partnership bred the winners of 293 races from 1858 starts (15.7 percent) for earnings of \$7,504,518. Both Adena Springs and Jones are among the Eclipse Award finalists and are joined by Claiborne Farm and Adele Dilschneider, the breeders of Horse of the Year candidate Blame.

TDN's The Hot List

Don't have time to pore over sire lists? In a new weekly feature, the *TDN* is doing the work for you. We'll tell you which sires are leading the way in their respective divisions, and point out some of the less obvious sires who are quietly making the grade. This week, we focus on newly turned sophomore sire Badge of Silver.

Ends Well, Begins Well for Badge of Silver...

It was a happy New Year's weekend for the folks at Airdrie after their 2010 freshman sire **Badge of Silver** (Silver Deputy) came away with a pair of new black-type winners. On Friday, the well-related Silver Medallion, a colt bred by Airdrie chief Brereton Jones, staged a mild upset when taking the Eddie Logan S. at Santa Anita ([video](#)). A day later, another colt by Badge of Silver, King Congie, rallied down the center of the course to win Calder's \$100,000 Tropical Park Derby ([video](#)). The only problem--if you can call it that--is that Friday was 2010, and Saturday was 2011, and while the Airdrie team would probably have liked to ended 2010 with two juvenile black-type winners on Badge of Silver's resume, they had to "settle" for an strong start to 2011.

As it is, Badge of Silver now sits in 19th on the *TDN* Second-Crop Sire List (by cumulative earnings). From 83 named foals, he currently has 15 winners from 38 runners (39.47 percent), with two black-type winners and three black-type horses.

It is notable that Badge of Silver's weekend exploits came on turf: the Eddie Logan at one mile on the sod and the Tropical Park Derby is nine furlongs.

They are among a number of Badge of Silvers who have excelled on something other than conventional dirt.

According to *TDN's* Progeny PPs, Badge of Silver can also boast Silverleo, third in the 1 1/16-mile \$150,000 Display S. over Woodbine's Polytrack in late November and his leading money earner of 2010; Governor's Badge and Airmid, both winners over Turfway's Polytrack (going six furlongs and one mile, respectively); and the highly regarded Pride of Silver, winner of a 1 1/16-mile Hollywood maiden special weight in mid-December. Badge of Silver also has at least eight winners going sever furlongs or less on the main track--no big surprise given the nature of, and opportunities offered in, two-year-old races in the U.S. In any case, it was always going to be interesting to see what kind of horses Badge of Silver would sire, given his versatility on the track. From early returns, it appears the answer is: all kinds.

A refresher on Badge of Silver's racing career. Purchased by Ken and Sarah Ramsey for \$85,000 as a Keeneland September yearling in 2001, Badge of Silver was smashing in his debut just seven months later, winning by a pole on the (then) dirt course of Keeneland. He didn't make it back to the track until the following January, but was just as impressive, winning by seven lengths in a 6 1/2-furlong allowance at Fair Grounds.

It looked like the Ramseys and trainer Ronny Werner had a top sprinter on their hands...until Badge of Silver took his two-turn bow, the GIII Risen Star S. a month later, by 10 lengths. He was awarded a big 109 BRIS figure for the win (1 1/16 miles in 1:42 4/5), and was rightly made the 6-5 choice in the GII Louisiana Derby in March, one of the better renewals in recent memory. He crossed the wire in sixth that day (behind Peace Rules, Kafwain and Funny Cide), but it was revealed afterward that he'd suffered a season-ending injury during the running.

When Badge of Silver returned to the races in 2004, it was initially as a sprinter, but after three starts (and a trainer switch to Bobby Frankel), he spent the rest of his career going a mile or longer. During the next two seasons, he won two nine-furlong graded events on dirt and finished second in a pair of GI Cigar Miles (including in his career finale, in 2006, to Discreet Cat). But Frankel also tried the horse on the turf, which made some sense, given the fact that his damsire is Silver Hawk. Badge of Silver won his first start on turf in an impressive effort in the nine-furlong GII San Gabriel S. in January of 2006, then returned from a 10-month layoff and was a very good third in his second grass try and penultimate career start, the GI Breeders' Cup Mile at Churchill. *Cont. p3*

Airdrie was impressed enough to secure his breeding services, and he stood his first year there in 2007.

"His brilliance is really what attracted us to him," Brereton Jones's son, Bret Jones, explained Tuesday. "The fact that he won at first asking going 4 1/2 furlongs at Keeneland in April in his two-year-year-old year, then later proved to be so good around two turns and on turf, that was very appealing. And physically, he was our kind of horse. He was a very well-balanced, big horse."

Badge of Silver
airdriestud.com

Jones added that Badge of Silver's versatility was also a big plus. He noted that, while Badge of Silver never started over a synthetic surface, he posted two bullet six-furlong drills over Keeneland's Polytrack in 2006 in the lead-up to the Breeders' Cup Mile (he went in 1:13 flat and 1:12 2/5 in consecutive works).

"When we bought him, it was just around the advent of synthetic tracks," said Jones. "We went to see him for the first time--other than in the paddock before races--over at Keeneland, which had just installed its Polytrack. Chad Brown, who was an assistant for Bobby Frankel at the time, told us how well he worked over it."

The team at Airdrie also had a deep affinity for Badge of Silver's damsire Silver Hawk, Roberto's fine sire son who stood at Airdrie for his entire career, and who can perhaps be credited with infusing Badge of Silver's progeny with an affinity for grass.

"He was a stallion who really meant a lot to the farm, and who was our biggest stallion for a long time,"

Jones said of Silver Hawk. "When things were really bleak in the industry, he kept the farm above water and kept us going. So, yeah, having a grandson of Silver Hawk means a lot to us."

Silver Medallion *Benoit*

Badge of Silver's fee was set at \$15,000 for his first year, and breeders responded by

sending 153 mares his way. That was followed by a book of 144 mares in 2008. He bred 65 mares in 2009, and 74 mares last spring, when he stood for \$10,000.

"He was extremely well received in his first seasons at stud, but that fourth year is always so tough for sires," Bret said of the drop in fee. "We wanted to give breeders good value, and those breeders are already being rewarded for their faith in him."

Airdrie has set Badge of Silver's 2011 fee at \$7,500.

“FOOTSTEPSINTHESAND has started his stud career promisingly, with the smart Steinbeck, a group winner again this year, and 9 youngsters, including the smart Formosina, either winning or placed in black type races this year. He is a sire who transmits plenty of speed to his stock.”

Airdrie has a history of supporting its stallions--from its current roster, Brereton Jones has bred the likes of champion Proud Spell (Proud Citizen), GISW Cash Included (Include), and recent GI Gazelle H. heroine No Such Word (Canadian Frontier)--and helped Badge of Silver's cause by breeding Silver Medallion from Another Vegetarian (Stalwart), dam of GISW Sweet Talker (by former Airdrie inmate Stormin Fever).

"Silver Medallion is out of one of our best mares, but that's our game plan here," said Bret Jones. "It's what we've always done with our first-year sires. We like to send them some of our best mares and give them the best chance for success."

Airdrie sold Silver Medallion to Mike Ryan for \$150,000 at the 2009 Keeneland September Sale.

"He was a great-looking yearling," said Jones. "He was big, strong colt, and Mike Ryan, who's obviously a great judge of a horse, liked him a lot."

Jones said one horse to keep an on eye out for is the aforementioned maiden winner Pride of Silver, who is trained by Bob Hess Jr. The \$90,000 KEESEP yearling--sold, but not bred, by Airdrie--was second sprinting twice at Hollywood, then won easily in a 1 1/16-mile Cushion Track effort Dec. 17 ([video](#)).

"I know Bob is awfully high on the horse, and I think they're pointing toward the Gill Sham S. [at Santa Anita Jan. 15]," said Jones.

From his few runners, Badge of Silver has worked well with different sires lines: King Congie and Silverleo are out of Mr. Prospector-line mares, Silver Medallion's dam is a granddaughter of Hoist the Flag, and Pride of Silver is out of a Strawberry Road (Aus) mare.

Asked what sort of trends he's seen, Jones commented, "It's obviously still early days with Badge of Silver, but it's very encouraging to see him already crossing well with Mr. Prospector-line mares. King Congie's dam is a granddaughter of Forty Niner, and that Silver Deputy over Forty Niner is already a cross we've seen work very well, as it produced champion Kodiak Kowboy (Posse). Silver Hawk always crossed very well with the Mr. Prospector line, so it does not come as a great surprise to see his grandson producing fast horses from that cross."

Jones also notes that Badge of Silver's genetic make-up--the horse carries a single line of Northern Dancer and Mr. Prospector through Silver Deputy, and doesn't have either on his dam's side--gives breeders plenty of options.

"Badge of Silver himself has no inbreeding through his first four generations, so there's no shortage of opportunities for him do well with a wide variety of mares," he added. -LM

POLISH NAVY EUTHANIZED Polish Navy (Danzig--Navsup, by *Tatan), a Grade I winner at two and three and sire of 1993 GI Kentucky Derby victor Sea Hero, was euthanized Thursday at Old Friends Thoroughbred Retirement facility in Georgetown, Kentucky. He was suffering from complications from a hip injury. The 27-year-old stallion had been pensioned at Old Friends since 2009. "Polish Navy injured his hip several weeks ago and was taken to Hagyard's, where he received excellent diagnostic care," said Old Friends President Michael Blowen. "Unfortunately, he just never recovered. Dr. Doug Byars visited with this great old horse several times and, in consultation with Old Friends, advised us that Polish Navy's time had come." Winner of seven of his 12 career starts for owner Ogden Mills Phipps and trainer Shug McGaughey, Polish Navy sometimes lived in the shadow of stablemate Personal Ensign, who was four-for-four in 1987 before adding seven additional victories the following year. Jockey Randy Romero, who rode Polish Navy to several of his wins, reflected yesterday. "I absolutely loved riding him," the Hall of Fame jockey said from his home in Louisiana. "It was an honor to be associated with such a wonderful horse." Polish Navy spent much of his stud career at Wayfare Farm in Kentucky. Nathan Fox at Midway's Richland Hills Farm donated Polish Navy to Old Friends, along with Glitterman. A memorial service is planned for the spring at Old Friends.

ILLINOIS SLOTS BILL ADVANCES Legislation that sweetens the deal for the state's existing casinos while expanding gaming into the state's racetracks via the addition of slot machines has advanced to the floor of the Illinois House of Representatives. The measure, which was approved by a vote of 8-3 by the House Executive Committee, would open five new casinos and allow expansion at the 10 riverboat casinos currently in operation in the state. Democratic State Representative Lou Lang, sponsor of the bill, said the legislation as written would create 50,000 new jobs and \$1 billion in revenues for the state. It would also raise \$1.3 billion in up-front fees, though Lang hastened to add that most of that up-front money would be used to pay down the \$5 billion in unpaid bills.

APRIORITY (c, 4, Grand Slam--Midway Squall, by Storm Bird) was winless--but second three times--in his first five tries over turf and synthetics, but showed an affinity for dirt when he finally stepped foot on it. The homebred began his career out west for Gary Mandella before switching to David Fawkes for an unsuccessful lawn try at Calder Oct. 29. In his main track debut Nov. 19, however, the then three-year-old broke his maiden by four lengths with a 94 Beyer Speed Figure and followed that up with a three-length allowance score Dec. 9. He was on the engine through a half in :46.22 and held on gamely in the lane to hold off Groomedforvictory (Victory Gallop) and remain unbeaten on the natural stuff. The winner is a half to Squall City (Carson City), SW, \$173,190; and British Attitude (Broad Brush), MSP, \$183,583; and Acadia Breeze (Royal Academy), SP, \$152,066. HONEYMOON GIRL (f, 4, Sligo Bay (Ire)--Love and Marry, by Known Fact) broke her maiden sprinting on the lawn at Woodbine on Oct. 19, 2009 and hadn't been seen since running eighth in the Glorious Song S. there a month later. The bay was on her toes off the long vacation to stalk early just behind the first flight, but dropped back a bit midway on the backstretch. She re-rallied along the inside as they began to quicken, swung wide to make her move outside of leading Alluring Power (Milwaukee Brew), and strode out nicely to win going away by three lengths. William Entenmann III Dies:

William Entenmann III, whose Artie Schiller (El Prado {Ire}) landed the 2005 GI Breeders' Cup Mile at his home track at Belmont Park, passed away Saturday, Jan. 1, at Southside Hospital in Bay Shore, New York. He was 79 years old. The grandson of the founder of Entenmann's bakery, William Entenmann worked as a teenager for the company driving company trucks, later working in research and development before becoming the company's president. Entenmann retired from the bakery in 1998. Entenmann got into the horse business in the mid 1980s, and it was Artie Schiller who easily became the stable's most accomplished runner some 20 years later. Trained by Jimmy Jerkens, the striking bay colt was one of the leading turf horses of his generation at three, using his trademark powerful turn of foot for wins in the GIII Hill Prince S., GII Hall of Fame H. and GII Jamaica H. He tacked on wins in 2005 in the GII Maker's Mark Mile and GII Bernard Baruch H. prior to his 5-1 victory in the Breeders' Cup. Artie Schiller stands at Pauls Mill in Kentucky. Entenmann was also the breeder of Sarava (Wild Again), who registered a 70-1 upset in the 2002 GI Belmont S. An avid fisherman in addition to his love of horse racing, Entenmann is survived by his wife Christine, two daughters and two grandchildren. His son William trains a small string of Timber Bay horses out of Fair Hill in Maryland.

KINDERSLEY (Bernardini) was second on debut at Delaware Aug. 26 behind subsequent Small Wonder S. winner Table Talking (Orientate) and ahead of next-out graduate Full Moon Frolic (Vindication). Sixth place finisher Pinch Pie (Victory Gallop) also won her next start before running fourth in the Nov. 6 GIII Tempted S. at Aqueduct. Kindersley's dam, GSP Home Court (Storm Cat), a \$650,000 KEESEP '02 yearling and \$1.4M KEENOV '05 broodmare prospect, is out of champion older mare and GI Breeders' Cup Distaff heroine Jewel Princess (Key to the Mint). According to *DRF Formulator*, conditioner Michael Matz boasts an impressive 28-percent win rate with second timers going sprint-to-route over the past five seasons. [brisnet.com PPs](#)

Workers Repair Santa Anita Main Track:

Drainage issues just past the finish line on the newly installed Santa Anita main track forced officials at the track to cut short morning training hours at 8:30 as opposed to the normal 10 a.m. However, by noontime, the surface was repaired and racing began as scheduled at 1 p.m. The area in question was from the middle of the track to the outer rail and between the finish line and the seven-eighths marker, according to *Daily Racing Form*. The affected portions of the track were removed and re-installed. "I made the call," track superintendent Richard Tedesco told *DRF*. "I thought it was an unsafe area. We took off the wet stuff, and brought in the good stuff." Weekend rains which seeped into the surface were the expected cause of the problem.

SERENE SOPHIA (f, 4, Giant's Causeway--Miss Soft Sell, by Siyah Kalem), a half-sister to Don'tsellmeshort (Benchmark), MSW, & GSP, \$402,365; and Brother Derek (Benchmark), MGISW, \$1,611,138, made \$280,000 as a KEESEP yearling before bringing \$325,000 at Barretts about six months later. She followed in the footsteps of Brother Derek by posting a debut score at Del Mar Aug. 12 and was second in a state-bred allowance Sept. 3 before trudging home a midpack sixth trying turf and two turns at the Oak Tree meeting Oct. 11. The addition of blinkers didn't help much in a six-furlong Cushion-Track allowance Dec. 9, as she finished third and was shedding the shades for her first conventional dirt try. Taken back off the pace, she advanced along the rail on the turn, came out to attack three abreast leaving the eighth pole and was able to grind out a neck victory over Shesoprovocative (Orientate) as the 11-10 chalk. INDUSTRY INFO

Thornbury, Brothers, Tour Wateree

Keeneland's Associate Director of Sales Tom Thornbury and former trainer Frank Brothers toured the Wateree River Correctional Institution in Rembert South Carolina Monday, meeting the 16 men caring for 43 retired racehorses at the Thoroughbred Retirement Foundation's facility at the prison. The men in the program are participating in the Groom Elite program, a rigorous horse care and study program which prepares the inmates for a career after their release. "It was great for the men," said Kip Elser, one of the founders of the Wateree program. "The guys are down there, trying to learn something, and it encourages them when people from the outside recognize they are doing their best to develop skills for their release that will hopefully keep them out of prison." The Wateree program is overseen by Lt. Tim Amerson, who drew praise from Thornbury on the work he is doing. "Tim Amerson is a superstar," Thornbury said. "He has the men's absolute respect and he's following this extensive program to the letter. I flipped through the manual, and it's as thick as War and Peace. There is so much information in there and he charges them to know that information, and pass periodic tests. You don't pass the test, they get another guy to fill their spot." The Wateree program is one of eight correctional facility farms operated by the TRF. Thornbury added, "Whether or not they come out with a job in the horse business, I couldn't determine, but at the very least, they come out with some skills and a passion for learning which transmits to any endeavor. It's a heck of a program. Number one, there's the aspect of the rehab of these inmates, which is priceless, but you're also giving horses who would otherwise be disposed of a second opportunity. It frightens me that a program this good could go away for lack of funding. The infrastructure is there, and long-term, the industry needs to support it."
