

OLIVER SEEKS SECOND GRADE I WIN

By *Christie DeBernardis*

Conditioner Vicki Oliver captured the first Grade I victory of her 16-year career last season when Personal Diary (City Zip) won the GI Del Mar Oaks. She looks to score her second win at the highest level in Saturday's GI Delaware H. with **Frivolous** (Empire Maker), who is owned and bred by her father and prominent businessman G. Watts Humphrey Jr.

"I think she is doing really well," said Oliver, who runs a 40-horse stable at Keeneland with her husband and fellow trainer Philip Oliver. "I think she will appreciate the distance. I think the further the better for her. It will be whether she takes to the Delaware racetrack and the ship [from Keeneland]."

Despite several failed attempts at the graded level, Oliver always had confidence that Frivolous belonged. The dark bay finally proved Oliver right with a 19-1 upset of last November's GII Falls City H. at Churchill Downs.

"I have always had a lot of confidence in this filly," the trainer remarked. "I think she has had very compromised rides in the past where she hasn't been able to get into her stride, but I think in the Falls City everything finally worked out for her. I have always had high hopes for her."

Frivolous was given a brief freshening following that victory and made her seasonal bow in a Keeneland allowance, where she finished sixth to the reopposing **Fortune Pearl** (Mineshaft), who captured the GII Delaware Oaks last year. The 5-year-old made her first attempt at Grade I company next out in Churchill's GI La Troienne S. May 1, and finished a well-beaten ninth.

"She came back with a temperature the next day," Oliver said of her charge's La Troienne effort. "She just wasn't herself. It got really hot that afternoon and it had been cold all week. I think she just had a problem acclimating to the heat. I'm not sure what happened in that race. I just kind of had to write that one off and go on to the next."

The mare proved to be no worse for wear next out when blowing up the tote at odds of 32-1 in the GII Fleur de Lis H. in Louisville June 13, and has been pleasing her trainer in the mornings leading up to this test. **Cont. p3**

HORN GIVEN GO-AHEAD FOR KING GEORGE

G1 Epsom Derby and G1 Coral-Eclipse S. winner **Golden Horn (GB)** (Cape Cross {Ire}) has been green-lighted by owner Anthony Oppenheimer to run in the July 25 G1 King George VI and Queen Elizabeth S., provided conditions are suitable.

"We've definitely decided to run next week as long as the ground is not very soft or heavy," Oppenheimer said. "Hopefully the weather will stay as it has been--nice and fine."

Golden Horn will look to become just the fourth horse to win the Derby, Eclipse and King George in the same season.

"The list of horses to have done what he is attempting is elite and it would be very nice to create history," Oppenheimer added. "Having sponsored the race for many years through De Beers it would be extra special if he won it. He showed he was versatile at Sandown [in the Eclipse], making all the running. It was a tough way for him to do it but he came through again."

In other King George news, jockey Olivier Peslier will replace the sidelined Ryan Moore aboard Highclere Thoroughbred Racing's **Telescope (Ire)** (Galileo {Ire}), who finished second in this last year but most recently beat just one home in Royal Ascot's G2 Hardwicke S. June 20.

GULFSTREAM'S FIRST LASIX-FREE 2YO RACE SPLIT INTO TWO DIVISIONS

By *T.D. Thornton*

Gulfstream Park's first foray into writing Lasix-free races for juveniles drew enough interest from horsemen Wednesday that a 4 1/2-furlong \$65,000 maiden special weight for fillies--to be run Saturday--was split into two divisions of 11 and 12 runners.

The \$65,000 Lasix-free purse incentive represents a substantial increase over 2-year-old maiden special weight races at Gulfstream, which have recently been run for \$48,000. The conditions also state that "all starters will receive a minimum of \$500."

The Lasix-free races will go as Saturday's sixth and eighth races. The colts and geldings companion to the pair of juvenile maiden special weights will be drawn Thursday for Sunday. **Cont. p3**

The reason why Hill 'n' Dale every November.

George Isaacs, who is engineering the rebirth of Bridlewood Farm for the Malone family, astutely purchased just two horses from Hill 'n' Dale's 2014 Keeneland November Consignment.

One of them was a Tapit filly out of Serena's Cat who established a new World Record, selling for \$3 million. On Belmont Day, her half brother, Honor Code by A.P. Indy, won the Grade 1 Metropolitan Handicap establishing himself as one of the most valuable stallion prospects in the World today.

The other purchase, Peace Preserver, is a Graded Stakes Winning daughter of War Front who sold in foal to Galileo for \$1.9 million dollars. On April 10th, Peace Preserver's full brother, Jack Milton, won the Grade 1 Maker's 46 Mile Stakes at Keeneland.

Saturday Graded Stakes Assembled

Mr. Z | *Horsephotos*

In addition to a pair of graded events to be held at Delaware Saturday, the fields were drawn Wednesday for four more graded stakes spread between Del Mar, Indiana Grand and Arlington Park. **Finnegans Wake** (Powerscourt {GB}) seeks his second win at the highest level in the GI Eddie Read S., while **Hogy** (Offlee Wild) looks to capture a second renewal of Arlington's GIII Hanshin Cup S. Meanwhile at Indiana, the sophomores get the spotlight with **Mr. Z** (Malibu Moon) hoping to make it two in a row in the GII Indiana Derby and a full field of 11 fillies lining up for the GII Indiana Oaks.

Waterhouse: England Vs. Australia

Australian conditioner Gai Waterhouse pens another interesting edition of her *TDN* column "From the Lady Trainer," in which she compares the training and care of Thoroughbred racehorses in Australia to those in England. She details the differences she observed in feed, hoof shape and course preparation during her time spent at Newmarket and Royal Ascot for Wandjina (Aus) (Snitzel {Aus})'s run in the G1 Diamond Jubilee, where he finished sixth to the Wesley Ward-trained Undrafted (Purim) by just 4 1/2 lengths.

"I was very happy with her performance in the Fleur de Lis," Oliver commented. "I think she is training great.

Frivolous | Reed Palmer

Unfortunately, we have had a lot of very bad weather in Lexington. I think it has rained almost every single day. I'm thankful Keeneland still has the Polytrack on the little track because it's been tough training this past month, but she hasn't missed a beat. She has gotten all her works in, so we just have to hope for the best."

Oliver also trained Frivolous's dam Sixty Rocketts (Belong to Me), who is another of her father's homebreds, but the conditioner does not see many similarities between the two.

"They don't really have a lot in common," Oliver said. "Both are quite strong training fillies. They train strong and aggressive. But, Frivolous is a big, huge mare and the mother is tiny. They have very similar heads, but personality wise they are not alike at all. Frivolous is very, very sweet and Sixty Rockets wasn't quite as sweet."

As for future plans for Frivolous, Oliver is taking the wait-and-see approach for now.

"If she runs a great race there is the [GI] Personal Ensign H. at Saratoga, but that's putting another ship in again which I am not sure I am crazy about," she remarked. "There is a stake at Churchill in September [the Locust Grove S.], which I ran in last year. We will see how she runs here and go from there."

Gulfstream's First Lasix-Free 2yo Races cont. from p1

Lasix--also branded Salix--is furosemide, a nearly universally prescribed legal diuretic in American racing. It gained widespread use in the 1970s for its ability to reduce exercise-induced pulmonary hemorrhage in equine athletes. In the decades since its legalization, Lasix has been debated as a performance-enhancer. Over the past year, various jurisdictions have attempted to phase out or disincentivize its use.

Trainer Ralph Nicks entered three fillies in Saturday's races: Dancie (D'wildcat) and Harlan's Darlin (Harlan's Holiday) (sixth race) and Kandoo (Kantharos) (eighth race). **Cont. p4**

Gulfstream's First Lasix-Free 2yo Races cont.

"They're all first-timers and they don't need it," Nicks said. "If they did need it, they wouldn't be in there."
 Last month, Gulfstream's owner, The Stronach Group (TSG), announced that the Lasix-free races would be included in the condition book, partially as an experiment to see if the concept was worth expanding to other TSG tracks, such as Santa Anita Park, Laurel Park, Pimlico Race Course, Golden Gate Fields and Portland Meadows.

At racing's Pan American Conference in New York last month, TSG founder Frank Stronach said "race-day medication should be eliminated starting in 2016."

Gulfstream is also working with Dr. Stephen Selway, DVM, who is conducting a study involving the voluntary scoping of 2-year-olds racing with and without Lasix.

"The results of the study will hopefully be of significant benefit to the well being of racehorses," Selway said. "The study has been set up as to eliminate most variables and yield non-bias data."

In 2014, Arapahoe Park in Colorado introduced \$1,000 bonuses to any winning horse that ran totally medication-free. A total of 21 Arapahoe horses ran medication-free last summer, and three of them won a total of four races. Arapahoe is continuing the bonuses at its current meet. A track spokesman did not have updated medication-free figures for 2015 when queried Wednesday.

This past January, Oaklawn Park paid a 10% bonus above and beyond the winner's purse to any horse that won a race without being administered Lasix on raceday. Over 477 races, five were won by Lasix-free Thoroughbreds. At the end of the meet, Oaklawn's Director of Racing David Longinotti said it was too early to tell if the incentives would be brought back for 2016.

In March, The Kentucky Horse Racing Commission voted eight to four to allow tracks to write race conditions that ban horses from receiving Lasix within 24 hours of post time. No such races have yet to be scheduled in the state.

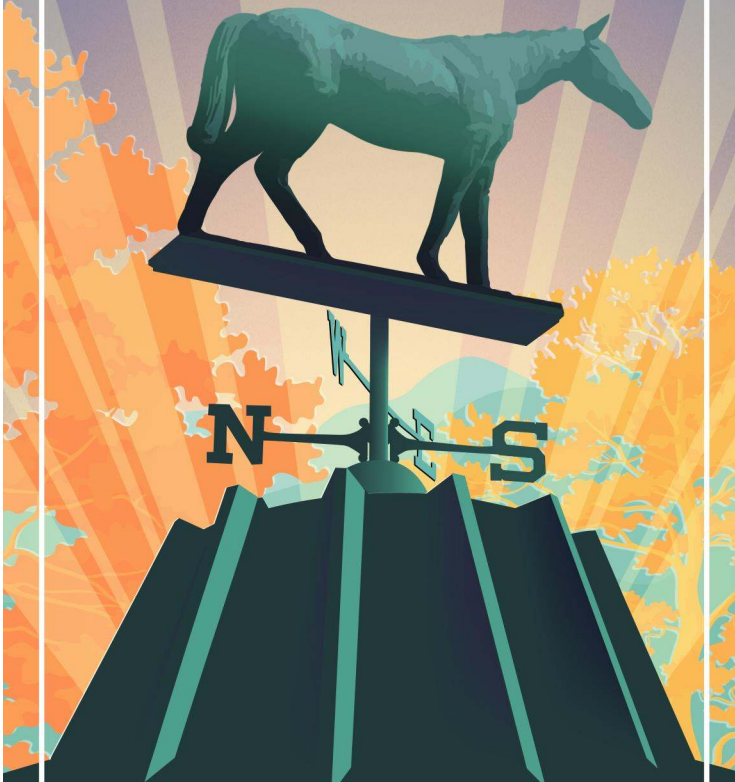

In June, the California Horse Racing Board's Medication and Track Safety Committee debated a proposal to allow Lasix-free races, but no rule was brought before the full board for a vote. "The bottom line was that there does not appear to be an appetite at this time among the stakeholders for this amendment to proceed," commissioner Madeline Auerbach said at a June 25 CHRB meeting. "The folks who are in the game don't want it at this point."

On Aug. 24, the New York State Gaming Commission will host a Lasix-themed seminar at Empire State College in Saratoga that will feature panels comprised of academic researchers, horsemen, veterinarians, track officials and regulators. Possible changes in rules governing Lasix usage in New York will be discussed.

TONKO REQUESTS WHITE HOUSE CEREMONY FOR 'PHAROAH'

Congressman Paul Tonko sent a letter to President Barack Obama Wednesday requesting that the White House hold an official ceremony honoring Triple Crown winner **American Pharoah** (Pioneerof the Nile) and his connections.

The [letter](#) reads in part, "Welcoming athletes who have reached the pinnacle of their sport to the White House is a time-honored tradition. ASCOT WINNER SOLD TO HONG KONG

The Eoghan O'Neill-trained **Suits You (Fr)** (Youmzain {Ire}), winner of the Listed Chesham S. at Royal Ascot June 20, has been sold to continue his career in Hong Kong and will be trained by John Moore. Trained in France, Suits You was taking his record to two-for-two in the Chesham, having also won a Maisons-Laffitte maiden May 28. He was a €12,000 Osarus yearling purchase and campaign by O'Neill's wife, Melissa, in partnership with Adam Solomon.

"I sold him with mixed feelings, really," O'Neill explained. "Royal Ascot winners are hard to come by and he gave us tremendous fun. However, we had to take a business approach and we were made an offer we could not turn down."

O'Neill added, "He has left here unbeaten and it is a record we are proud of. It is also satisfying to see the second and the fourth from the Chesham S. [Ballydoyle and Palawan] win over the weekend, so he clearly beat a quality field that day. I hope that he is a champion for John Moore and his new owners and I wish them all the very best with him."

WORLDWIDE NEWS

From The Lady Trainer
with Gai Waterhouse

NEWMARKET AND ASCOT

Having Wandjina (Aus) (Snitzel {Aus}) racing in the G1 Diamond Jubilee at Royal Ascot gave me the opportunity to visit Newmarket with a horse in training. My base at Newmarket for the trip was the iconic Warren Place, where the late and great Henry Cecil dominated English racing from for many years. While in Newmarket I had time to make comparisons between the English way of training and the way we do things Down Under.

The differences are numerous. In Australia all the feeds are individually made and quantities of corn and oats are much higher. I too use blends of tic bean, chaff, lucerne, salt and molasses, plus additives. Three times a week the horses get a boiled feed of barley, oats, corn and molasses cooked over a 12-hour period into a runny syrup, which is added to their feed. They love it! This helps build muscle and gives the horse extra stamina. In Newmarket, most of the stables I visited had a pre-mixed feed.

The shape of the English horse's hoof is another fundamental difference. Upon arriving in Australia, my English imports have a much longer toe, and this is quickly changed as to give them more heel and less toe, enabling them to have a quicker pick-up. I had my farrier Kane Simpson travel with Wandjina, and he had opportunity for discussion with leading Newmarket farrier Stephen Davies. This discussion highlighted many differences, but both men came away having learnt something new from the meeting.

In Australia, like in America, horses are taught to jump and run. This is not necessarily an advantage in England. In Australia, with the exception of the 1000-meter, 1100-meter and 1200-meter races at Flemington, all our races are run and won around a bend. I like my horses to be balanced and full of momentum when they corner, then they have to negotiate--on average throughout Australia--a 350-meter straight. At Ascot, the majority of the races are completed up the straight and it looked to my eye that the horses that were full of running at the two furlong pole were invariably being run down.

Perhaps the biggest lesson that I will take home from five days at Royal Ascot is that a champion sprinter is required to win the sprint races. Wandjina was a winner at the top level in Australia at 1400 meters (seven furlongs) and

1600 meters (a mile). The colt's run in the Diamond Jubilee was excellent considering he was at the end of a long preparation and that his Aussie form was over just a touch further. The colt thrived in the open spaces at Newmarket and I know this for a fact, as I really had the opportunity to study him during his work. One can do this at Newmarket when, despite there being some 3000 horses in work, you often find yourself alone with your horse in the wide open spaces. This was a welcome change from the hustle and bustle of a morning at Randwick.

Gai with Wandjina's jockey, Damien Oliver, at Royal Ascot

Wandjina, leading into the race, was a sight to behold and I could not have been happier with his preparation. He ran into a hot field and he was far from disgraced behind the Wesley Ward-trained Undrafted (Purim).

Cont. p8

Gai Waterhouse cont.

And how about the wonder that is Wesley Ward? Wesley was the first American trainer to win a race at Royal Ascot and the rollercoaster rolls on. With his truly unique training methods, Wesley is picking up Group 1's throughout England and the rest of Europe. The great trainer, who I am thrilled to call my friend, has now won six races at Royal Ascot, including five victories with 2-year-olds. I know a thing or two about the juveniles and for Wesley to year after year continue

Gai and Wandjina in Newmarket | *Racing Post*

to be able to travel his young horses from Florida to Royal Ascot and win at this prestigious meeting is a great skill. Rob and I have not only visited Wesley at his Florida base, but we have spent many more hours in Wesley's company. Each time I see Wesley it is a very

rewarding experience and I will continue to send many of my young horsemen and women over to Florida to see things from a different perspective under Wesley's guidance.

Royal Ascot is like no other meeting. The pomp and pageantry is unmatched anywhere else in the world. The presence of Her Majesty and the Royal Family and the coming together of the best horses in the world and the racing royalty make this a not-to-be-missed racing experience. I will be back. See you there in 2016.

MR SPEAKER (c, 4, Pulpit--Salute {MGSP, \$103,838}, by Unbridled) proved a versatile sort at three, winning the GIII Coolmore Lexington S. over the Keeneland Poly before springing a 23-1 surprise in the GI Belmont Derby two starts later, defeating subsequent GI Secretariat S. and G1 Cox Plate hero Adelaide (Ire) (Galileo {Ire}) in the process. Far from embarrassed when a midpack fifth in the GI Travers S. Aug. 23, the homebred failed to handle deep ground in the GIII Hill Prince S. Oct. 4 and called it a season off a sixth-place effort. He resumed with a fourth to Grand Arch (Arch) in a salty Keeneland allowance test Apr. 15 and was last seen finishing a disappointing seventh in the GIII Fort Marcy S. at this venue May 2. Ridden positively by Javier Castellano, Mr Speaker found himself closer to the slow pace established by chief market rival Chamois (Smart Strike) and sat just off that one's flank to the head of the lane. Chamois did his best, but Mr Speaker claimed him with relative ease at the furlong grounds and fired home neatly to take it by 2 1/2 lengths. "He was a little closer to the pace, but he was there the right way and he finished up strong," winning trainer Shug McGaughey commented. "[Javier Castellano] said at the quarter-pole when he asked him a little bit, he sort of jumped right into it. So hopefully, we'll go ahead now. I'm just glad to get a win under his belt--it's been a year." Mr Speaker's second dam is the immortal Personal Ensign. Lifetime Record: GISW, 14-5-1-1, \$1,063,880. JOSDESANIMAUX (f, 3, Leroidesanimaux {Brz}--Just d'Oro, by Medaglia d'Oro) was equipped with blinkers for the first three tries of her career for trainer Joe Arboritanza and never finished better than seventh while beaten a combined 41 3/4 lengths. The homebred broke her maiden for a \$50,000 in her first run for this barn at Gulfstream Jan. 9, made it two in a row in a starter/optional test Apr. 4, but dropped Jose Lezcano at the start of a May 6 optional tagger over this course. Sent off at 5-1, Josdesanimaux was able to secure a ground-saving spot from centerfield and held that position into the stretch. Switched out passing the midstretch marker, she had dead aim in the final furlong and raced past front-running Greywalls (City Zip) to score by 1 1/4 lengths. Lifetime Record: 7-3-0-0, \$88,380. PLEASANT OUTLOOK (c, 3, Pleasantly Perfect--Shadow Lady, by Tiznow) rolled a pair of fives in high-priced maiden taggers on the turf for Linda Rice last year, but has yet to tasted defeat over this Tapeta track. Up to graduate by a nose June 1, the dark bay cut it close again June 17, scoring by a neck. Content to chase loose-on-the-lead Franklin (Smart Strike) for the opening three-quarters of a mile, Pleasant Outlook was asked for an effort at the five-sixteenths and grabbed the pacesetter in upper stretch. Firmly in front at the eighth pole, he comfortably withstood a late run from longshot Black Circle (Black Mambo) by 3/4 of a length. Off to a sluggish beginning, the bay picked off a couple of rivals down the backstretch and improved to be just behind horses nearing the lane. A touch green while trying to lug in past the eighth pole, he was taken off heels by Huber Villa-Gomez and quickened nicely to best It's All Reality (Proper Texan) by 1 1/2 lengths. + TURN BACK TIME (c, 3, Flatter--Granny Spinster, by Distorted Humor) employed never-say-die tactics and was up in the final jump to register an impressive and improbable debut success. The \$42,000 KEENOV weanling and \$150,000 KEESEP ducked out sharply towards the inside rail at the start, perhaps brushing with the gate, and lingered back one from the tail. Still last but one turning for home, Turn Back Time was switched out to the grandstand side, still had several lengths to find at the eighth pole, but grabbed Lillz Pearl (Bold Executive) in the final two jumps to score by a 3/4 of a length at odds of 6-1. Heart's Song became her sire's second stakes winner in this track's City of Anderson S. last Oct. 1 and was runner-up in the Nov. 1 Miss Indiana S. ahead of a third in the Gil Golden Rod S. at Churchill Nov. 29. The dark bay returned with her mind on running, annexing a seven-furlong allowance in the Louisville mud June 18 and was off at the second choice to pad her bankroll. Settled worse than midfield and well behind the leading quartet, Heart's Song began to pick it up on the turn, but was forced to travel five wide into the lane. Despite that fact, she was able to sustain her momentum and pulled clear in the final sixteenth of a mile for a convincing victory. [Click for the Equibase.com chart.](#)

MOORE 'FINE' AFTER CHECK-UPS

Jockey Ryan Moore, expected to be out for around a month after injuring his neck in a starting gate accident at Newmarket last Friday, checked out "fine" after further medical examinations, according to his mother, Jayne.

"He had further check-ups today but everything's fine," she said. "He's a bit battered and bruised but he's fine. Hopefully he will be back soon, but I don't know how soon; I've no idea. I'm sure, knowing Ryan, he won't be back until he's 100%."

Moore's agent, Tony Hind, added, "Ryan rang me this afternoon. He said he's all OK and he'll be out for a while."
